VOL. 76 NO. 21 CANYON, TEXAS THURSDAY, AUGUST 24, 1972 ONE SECTION 12 PAGES 10 CENTS

Hugging her stuffed dog close, this little football fan enjoys the ice cream during Tuesday night's initial Eagle Booster Club meeting at the high school field. She was just one of about 600 people—including players—who attended. Elton Cox, Booster Club president, said 77 persons joined the club during the evening.

Democrats Name Longest To Carry Sheriff Standard

The county Democratic Executive Committee placed Cliff Longest's name on the ballot for the November election Monday night virtually assuring the 45-year-old sheriff a four-year term.

Longest was named last week as interim sheriff by the Randall County commissioners court to replace L.S. "Slim" Johnston, who died Aug. 15.

Even though executive committee chairman Marion Bruce told reporters the committee's decision was unanimously in favor of Longest's candidacy, at least one committee member felt the Demo vote had been railroaded.

Longest is unopposed on the November ballot. The Republicans placed no name on the ticket to run against Johnston.

Four Randall County deputies were interviewed by the 21 members of the executive committee before they adjourned for executive session and excluded the press.

Bruce told the committee members the county commission "appointed who they think is the better of those offered the job," but he said he asked the other three deputies to appear Monday night to give the committee a choice.

The three, Crosby Hammons, Ray Tinsley, and Recil Johnson, all said they would be interested in becoming sheriff of Randall County.

Each candidate told the executive committee of his qualifications, education, experience and feelings about various Supreme Court rulings.

Nearly all the candidates said they would make minor changes in the running of the sheriff's department.

Longest, during his interview with the committee, said he will put an additional man in the South Amarillo annex and will add another deputy to the night shift. He also said he will name a chief deputy as his replacement in the event of sickness or out-of-town travel.

Longest said he agrees with the so-called Miranda Decision of the Supreme Court which makes it mandatory that suspects be told their rights when arrested.

"It's a good thing," he said. "We've been doing it for years, anyway. It makes our work a little harder, but when we make a case then we've got one."

Longest said he supports the elimination of capital punishment if prison sentences are altered to include a life term which is, in fact, a life term with no hope for parole.

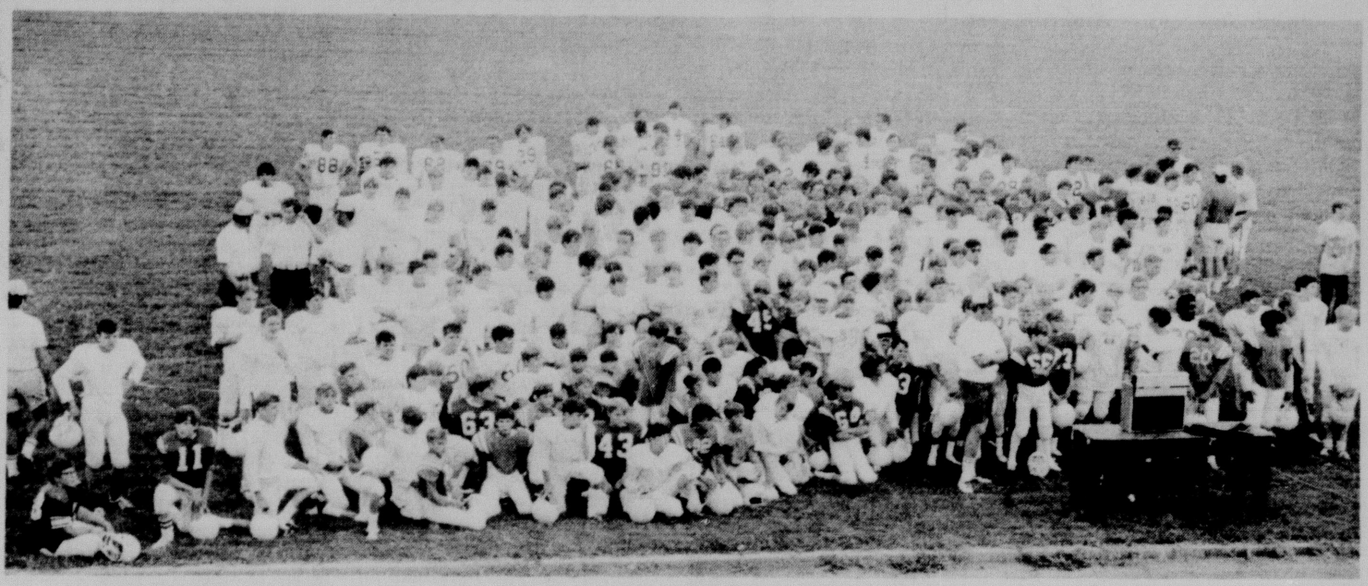
All the deputies told the committee they will strive to work well with each other and were interested in remaining with the sheriff's office no matter who the Democratic selection was.

County Judge Woody Pond told the committee he's sure Longest was selected as interim sheriff by commissioners because "they felt he was the best qualified."

A South Amarillo committeeman raised the specter of controversy.

"In talking to people in Amarillo, I'm under the impression there's a fight to get the man for the area and not the best quali-

(See DEMOS, Page 5



More than 350 boys are out this fall to play football in grades 7 through 12. The teams were presented Tuesday night at the first meeting of the Buffalo Booster Club.

Another Interstate Meet Set; Sooners Praise By-passes

County commissioners, city commissioners and members of the board of the Chamber of Commerce will attend another session Friday night in Hereford to continue discussions on possible redesignation of U.S. 60 as an interstate highway.

Representatives of the three entities were to have met Wednesday night in Canyon to coordinate plans for expressing Canyon's and the county's feelings about the proposal.

The men met in Hereford three weeks ago when plans for the redesignation were revealed by members of the Roswell, N.M., Chamber of Commerce. Several New Mexico towns had been working on the redesignation of U.S. 60 and other highways connecting Amarillo with Las Cruces for more than seven years.

U.S. 60 runs through the northern portion of Canyon between Hunsley Hills and the city proper.

In other developments this week, local Chamber Manager Roland Black said he has received three letters from Oklahoma cities in reply to his request several weeks ago for an impact statement concerning interstate by-passes of those cities.

Black sent out letters to eight cities on various Oklahoma interstate routes to determine the liabilities and assets involved in being by-passed by an interstate highway. Canyon is scheduled to be by-passed in the near future by Interstate 27, which will go around the city to the east.

Letters were returned to Black by the chambers of commerce of Sapulpa, El Reno and Muskogee.

The letters were fairly similar in respect to the effect of the interstate by-passes.

The Sapulpa chamber manager said his city is by-passed by the Turner Turnpike.

"I'm sure," he wrote, "that we would have had to build some kind of loop route around the downtown area" had it not been for the turnpike by-pass.

The Muskogee manager said the by-passing of that city by Interstate 40 "has not had a positive effect on Muskogee, but neither has it had a detrimental effect."

He said, though, the by-passing of the city by a turnpike between Tulsa and Interstate 40 "has helped us almost immeasurably.

"Traffic on the turnpike is rising rapidly," he said. "It has been a fine catalytic agency to the economic conditions in Muskogee."

The chamber manager at El Reno voiced similar opinions.

"There have been no businesses in the city, to my knowledge, that have closed as a result of Interstate 40," he wrote. "If anything, many of them are doing more business than they did before I-40.

"We definitely feel that the interstate highway, which is located just south of our city, has been a decided asset rather than a liability to us."

Gas Users Seek Help In Regulating Pioneer

Randall County commissioners tabled Monday a request from the Plains Irrigation Gas Users Association that the county petition the Federal Power Commission to control gas rate increases sought by Pioneer Natural Gas Co.

The request was made by letter to the commissioners, who said they needed more information before they could make any decision on the request.

A petition sent along with the letter to be signed by the county judge, states that Pioneer is not regulated by any agency and because of this "the company is free to raise the price of gas at any time and the farmers have no recourse and simply must pay the increased price or be cut off from natural gas."

The petition charged that Pioneer is "an unregulated monopoly" whose price increases are having "a devastating effect upon the agricultural economy of the area at a time when agriculture in general and particularly in this local area is already so depressed that many farmers have lost their farms and have been forced to earn a livelihood in some other way."

(Donald Olson, a member of the board of the gas users association, told The Canyon News this week that Pioneer has raised gas prices only recently. He said the association has made attempts before to convince the Federal Power Commission to regulate the company, but that such efforts have met with little result.)

In other business, commissioners heard several requests for funds.

Marshall Rockwell of the Palo Duro Soil Conservation District asked that the district be given $100 per month by the county to carry out educational and public information programs on conservation.

Rockwell said the district was formed in 1954 and given a one-time state appropriation of $14,000 for operations.

"That money will be depleted in a short time," he said, noting that he feels the district "has spent its money well."

Rockwell said the district works with local farmers and ranchers, with homeowners and school children to promote soil conservation.

District officer Ed Wieck told commissioners the district has become more involved in recent years in programs to teach school children good conservation practices and the importance of conservation.

"Our biggest need in the future will be public relations and getting people interested in what needs to be done," he said.

Commissioner John Fulgenzi asked the district representatives what they could do without funds.

"If you have no funds you're handicapped," Rockwell replied. "We've got to have funds. Without funds we can't do it."

The commissioners assured the district officials they will consider the funding request during the course of putting together the next fiscal year's budget.

Mrs. Grace Warwick represented the Randall County Historical Society in appearing before the commission to request $300 in funds for the next fiscal year.

Mrs. Warwick said the money would be used to restore the T-Anchor ranch house which is now on West Texas State University property just east of U.S. 87 north of Canyon.

She also called for a historical marker on the highway to note the site of what she termed the oldest ranch house standing in the Panhandle.

COVERING FUMBLES

by Dean Mitch Jones

An insult (or joke) wounds us to the degree of truth that it contains.

Rains Elude Randall County

Sorghum Crop In Trouble

This year's dryland grain sorghum crop is facing severe trouble.

What started out as a bumper crop year could end up a disaster.

The problem is rain — or lack of it.

County Agent John Brazzil said this week that the 20,000 to 30,000 acres of dryland grain sorghum and additional acreage of forage feed needed adequate amounts of moisture earlier this month to bear to full potential.

"Our forage feeds and sorghum are all beginning to be severely restricted," Brazzil said, "by a long period of no rain."

The county agent said farmers preparing to plant wheat are also restricted by the lack of rain.

"Up to now, the crop looked beautiful," he said. "It grew well and reached a critical point around the first of August when it needed moisture."

Brazzil said the sorghum began maturing in the first part of this month and maximum water supplies are necessary during this portion of the plant's cycle.

The last rain recorded in the county with any appreciable moisture was about July 20, more than a month ago.

"We've reached the stage where a shortage of water really reduces the crop," he said.

Brazzil's spirits were not lifted Tuesday morning following a night of spectacular thunderstorms and lightning displays which produced little more than pyrotechnics.

For counties surrounding Randall, the moisture reported from Monday night's storm was beneficial. But, in the county itself, the rains were spotty and mainly light.

In Happy, for example, farmers recorded as much as .75 of an inch.

In the southeastern portion of Randall County, about .40 of an inch was measured.

Rains were sporadic around Umbarger with as much as a half inch reported to the north of Umbarger.

The sheriff's office in Canyon reported only a trace.

Even if the dryland sorghum outlook is bleak, Brazzil said the irrigated crop is "heading and blooming and looks like a real good crop."

The dryland sorghum acreage makes up about one-third of the total sorghum acreage in the county.

The weather outlook for the county area holds some hope of showers through Saturday evening.

The National Weather Service calls for partly cloudy skies with little change in temperatures. Scattered afternoon and evening thundershowers are expected.

Highs are expected to be in the 90s and lows in the 70s.

Fire Rages At Dump Grounds

The city dump grounds northwest of here continued to burn this week, sending white smoke into skies for the first time in about two years.

The fire, which has consumed much of the garbage dumped in the grounds by county residents, began about noon Saturday and by late that day the fire was visible for miles.

Passersby and even city residents not used to seeing the blaze which was so familiar several years ago sought out the fire only to find it was at the dump grounds.

Units from the Canyon Fire Department sped to the dump shortly after the fire was reported Saturday and functioned primarily as control for the wind-fed blaze.

It was the first fire at the dump grounds in two years. About four years ago, the state government outlawed a trash disposal system involving burning and the city installed a sanitary landfill system.

For City Manager George Loudder, the dump fire was a problem, as he answered calls from irate residents bothered by the smoke.

Loudder, who said the fire apparently started when someone brought smoldering garbage to the dump, pointed out that the fire was not in the city-run sanitary landfill which is used for Canyon residential and commercial solid waste.

"It was in the area where county residents dump," he said. "This type waste is not conducive to a land fill. Our landfill has never burned."

Loudder said there is no way of telling how long the fire will burn.

"As soon as it goes down we'll make every effort to put out the fire," he said. "But, right now, we can't afford to jeopardize our men and equipment as long as it's like it is."

Loudder said the state law

(See FIRE, Page 5)

If It's Not One Thing, It's Always Another

If Randall County farmers aren't suffering because of rain, they're bothered by greenbugs. And, if greenbugs aren't bothering them, then there's always something else.

The latest threat to agriculture in the county is just another in the seemingly never-ending variety of varmints and vagaries which plague crops.

And, that threat is bindweed.

Ed Wieck, chairman of the Palo Duro Soil Conservation District terms the threat "serious."

"It's definitely enough of a threat to be alarming," he said. "Some areas south and east of Amarillo — particularly in the northeast part of the county — are in pretty bad shape."

For the county as a whole, Wieck said the threat is serious.

"They call it (bindweed) 'cancer of the soil' " he said, "and it sure is."

County agent John Brazzil agrees.

Brazzil said as many as 15 sections of land in the county are completely covered with the strangling, crawling weed.

And, he said, there's probably not a section of land in the county which doesn't have bindweed in some measure.

While driving through city streets in Canyon, Brazzil can point out vacant lots with patches of the weed and curbs

(See BINDWEED, Page 5)

New Mascot Named For Buffs This Fall

The West Texas State University Buffaloes will have a new mascot this year.

Buffalo Bill, atop a white steed, will rally support for the Buffs at all their home games and at special events throughout the Panhandle.

Buff Coach Jimmy Campbell said the Buffalo Bill idea was spawned after Dave Browder of Goodnight offered to lend a white Arabian horse to the school for use as a mascot.

The horse and rider idea is a new twist for a team which in the past has had live buffaloes for team mascots.

Campbell said the horse, which is named Cass and which is registered, was received Sunday. It is currently kept at the university farm horse barn.

Cass and his rider, Ben Garrett, a WTSU rodeo enthusiast, were introduced Wednesday afternoon during press day on the campus.

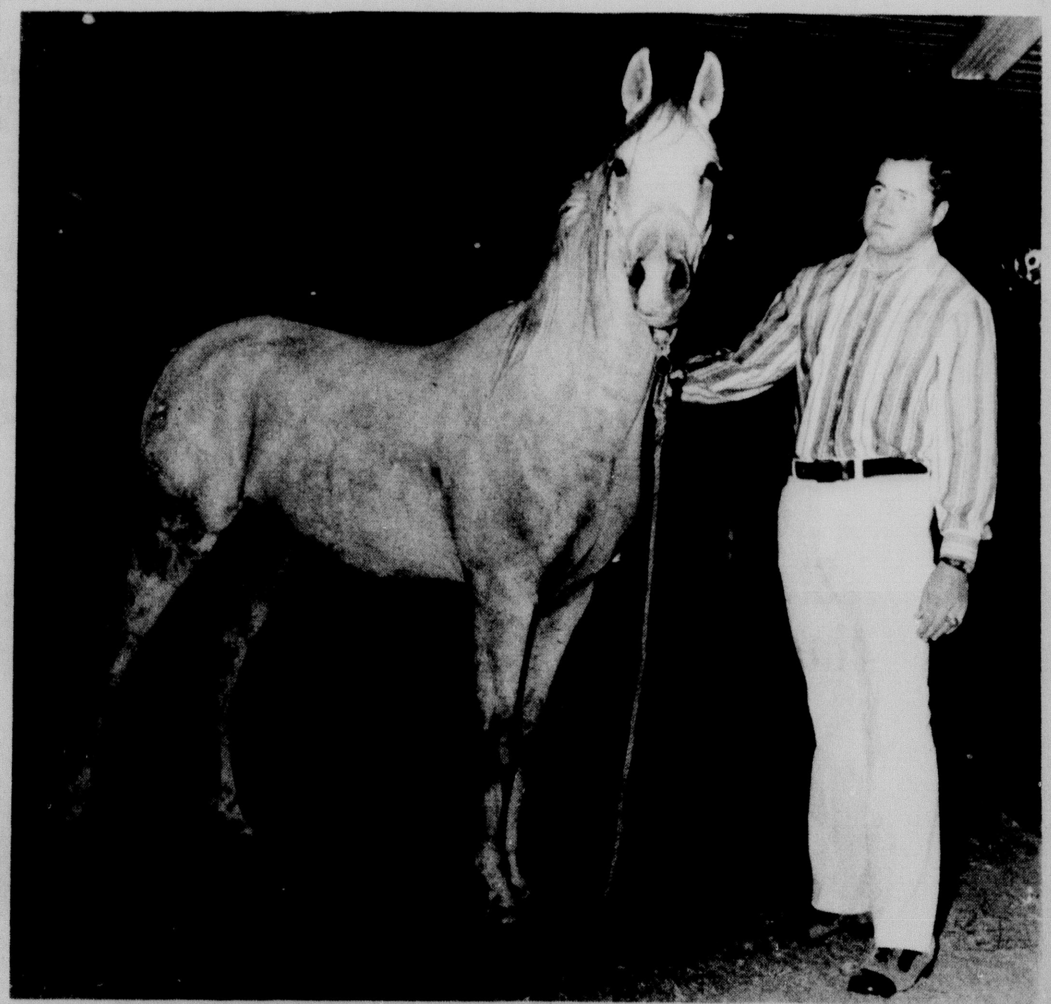
Garrett will pose as Buffalo Bill this fall.

Working with Boone McClure of the Panhandle-Plains Historical Museum, Campbell came up with an authentic Buffalo Bill outfit for Garrett.

The Buffalo Bill suit and all riding gear were donated to the university by John Trimble of Cowtown Western Wear in Amarillo.

Campbell said Buffalo Bill will be decked out in white and will sport a mustache and beard reminiscent of the old-time Western figure.

(See MASCOT, Page 5)



WTSU Coach Jimmy Campbell takes Cass, the university's new mascot, for a walk this week. Cass was loaned the school by a Goodnight resident and will be ridden by a Buffalo Bill during football games.

by Troy Martin

FROM THE CANYON RIM

I am disappointed in Preston Smith.

Back in 1968 when he was running for governor the first time Preston sold himself to the people of Texas as a conservative. He wouldn't even appear on the same speaker's platform with Hubert Humphrey.

He surrounded himself with a staff who felt about the same way he did.

You can imagine my surprise when I opened the paper Tuesday and learned that Preston Smith had turned out at the airport to greet George McGovern and Sargent Shriver.

Smith made the statement that McGovern is gaining support in Texas.

Bob Bullock, Smith appointed secretary of state, has also been making pro-McGovern noises. Have these boys changed this much in political philosophy?

I don't think so.

They hate John Connally and John Connally is lining up Democrats for Nixon. This makes Nixon bad and McGovern good in the eyes of these two men for whom in the past I have had high regard.

I could indulge Preston his political hatreds when only small things were involved such as state and district appointments.

Where the future of this country is concerned I will do battle with Preston Smith or anyone else even to the point of straining personal friendship.

I think McGovern would spell disaster for the United States.

***

There seems to be some serious question as to whether Senator McGovern has violated the Logan act in sending representatives to negotiate with an enemy power.

A year ago last spring this column attacked a proposal by Ben Barnes to take 1,000 Texans to negotiate with the North Vietnamese and the Viet Cong. Barnes finally discarded the idea when it became apparent that it wasn't good politics.

In a way I'm a little sorry that Ben didn't take the 1,000 Texans to Paris, Stockholm and Moscow. That was about 18 months ago and I'll bet all of them wouldn't be back yet.

***

In a speech to the Republican national convention, Barry Goldwater referred tenderly to the late John F. Kennedy.

The warrior from Arizona looked forward with glee to running against Kennedy in 1964 because he was extremely fond of the young President.

When Kennedy was killed at Dallas Goldwater lost his zest for running. He knew he would be pitted against Lyndon Johnson whom he despised.

***

Goldwater has a keen sense of humor. He was about to tee off at Amarillo Country Club a few years back for 18 holes of golf when someone mentioned that the club was closed to Jews.

"Oh well," the senator commented, "I'll just play 9 holes instead of 18 because I'm just half Jewish."

***

Sammy Davis, Jr., was master of ceremonies at a young Republican gathering in Miami Tuesday night. Sammy once got off a great quip about golf.

About to play a round he was asked about his handicap.

"I am a one-eyed Negro of the Jewish faith," Sammy retorted, "Isn't that enough handicap for anyone?"

***

Sargent Shriver went on the Democratic ticket when McGovern failed to get Teddy Kennedy.

I guess McGovern thought half a Kennedy would have to do. The Kennedy clan has expressed concern about Ted going on a national ticket for fear that he might be victim of assassination.

Apparently they consider Shriver expendable.

Hospital District Board Approves Budget

With no one present for the public hearing, the South Randall County Hospital District board approved a $115,751 operating budget Monday night.

The budget will be mainly financed by the district's first tax levy with a rate of 25 cents per $100 on an assessed valuation of 51 per cent.

The largest share of the money will be $78,045 for payment of interest and principal on tax bonds sold earlier this summer to partially finance a new hospital.

Before the board meeting, Ray Grimes, administrator of the district and Neblett Clinic, said the site of the new hospital will probably be on a 10 acre site east of West Texas State University.

"This site has the most advantages of all those we have looked at," said Grimes, who added that cooperation between the new WTSU nursing program and the hospital would probably be possible in the future.

Grimes also said Neblett Clinic has no problem now finding registered nurses, unlike many small state hospitals, partially because of WTSU. While the national average of RN working hours for a small hospital is about 25 per cent and the state average is about 15, Neblett averages about 50 per cent.

"We are real fortunate to have such a high number of RN's for a hospital our size, and it's a statistic that impresses the accreditation people," Grimes said.

City Ups Charges

Canyon city commission Tuesday night upped the charges for water and sewer taps.

Charges for a 3/4-inch water tap from $135 to $160; 1½-inch water tap from $280 to $320; 2-inch water tap from $395 to $460; and 4-inch sewer tap from $60 to $85.

City manager George Loudder said the new rates are based on break even prices.

"We are not trying to make any money off these," he explained.

In other business the commission employed the firm of Brown & Glover, Inc., as city auditor for the coming fiscal year.

Loudder told the commission that no opposition has been encountered to a move for annexation of three acres just across Spur 48 north of the West Texas State University campus.

Several businesses are situated in the area proposed for annexation.

Next meeting of the city commission is scheduled for the evening of the first Tuesday in September as the first Monday falls on Labor Day.

Policy Changes Noted For AWOLs In County

Taking a swipe at the Army this week, Randall County Dist. Atty. George Dowlen announced policy changes in his office involving AWOL soldiers.

Dowlen revised his policy concerning the prosecution of AWOL soldiers who commit felony offenses in Randall County.

"Apparently over the state, including Randall County, it is a problem that young men in the service feel they can go AWOL, commit a felony offense, be assured they get probation and be discharged from the Army," he said.

Formerly, Dowlen's policy has been to recommend to district judges that probated sentences be meted out to offending AWOL soldiers.

The policy change was apparently given impetus last week by the arrest of three AWOL soldiers in Canyon and Amarillo, who are charged with felony offenses.

"It is also becoming apparent under these circumstances, that in most cases the Army will do exactly what the AWOLs want and discharge them from the Army," he said. "Therefore, we're taking the stand that we will not recommend probation on any felony crimes committed by AWOLs."

Dowlen said Randall County has not had a serious problem with AWOL crime.

"We've not had any cases where anyone has been seriously hurt financially or physically, but if that attitude we've run into before continues to prevail sooner or later somebody will be," he said. "We feel we must do what we can to create an unhealthy climate for AWOLs coming into Randall County and committing felonies with the ulterior motive of getting a discharge from the Army."

Jurisdiction Decision Due

Decision on jurisdiction by the US Justice Department in the Randall-Potter Metro Intelligence Unit case involving alleged metro record discrepancies may not come for another month, Amarillo Police Chief Paul Hulsey said Tuesday.

Alleged discrepancies in metro records resulted in the indefinite suspension of its coordinator, Joe Bowes.

Hulsey said the case will be turned over either to the Justice Department or the Potter County district attorney's office for further action as soon as a decision on jurisdiction has been reached.

Bowes was dismissed July 17 after an extensive probe by the Amarillo chief.

"This type of case is not an emergency," Hulsey explained this week. "Federal agents will be interviewing witnesses scattered over a wide area and it may take two months."

Hulsey said there has been no foot dragging in the investigation and that it would be handled "just like it was anyone else and not a cop involved."

"We're not going to put emphasis on it or cover it up," Chief Hulsey asserted.

He said that if the Justice Department declines jurisdiction the case will be taken to District Attorney Tom Curtis to handle as he sees fit.

Burton Wins City Tourney

Winner of the championship flight in the Canyon City Men's Golf Tournament last weekend was Randall Burton with a 142 in two rounds of 18 holes at Canyon Country Club and Hunsley Hills golf courses.

Burton, a member of the West Texas State University golf team, is the son of Mr. and Mrs. Robert Burton, 711 Taylor Lane.

Second in the championship flight was Frank Castleberry, WTSU Activities Center director, with a 147. Third was Jim Thurmond with a 149, after he won a play-off against Bruce Winn.

In the first flight, R.P. Muir was first with a 147, J.D. Chessir placed second with a 150, and Andy DeWees came in third with a 152.

The second flight winner was Charles McClure with a 154; Bill Bell came in second with a 160; Cordell Huddleston placed third with a 161; and Ural Ramsey was fourth with a 162.

Third flight winners included Bobby White, first with a 167; Dr. Burwell Southern, second with a 174; and Fenton King, third with a 177 after a play-off with Richard Pruett.

Buffs Begin Sessions Today For 1972 Tilts

West Texas State University's football team hit the field for the first time today and two-a-day practices are the order of business.

The Buffaloes of Coach Gene Mayfield reported in at 5 p.m. Tuesday for an evening meal and physical examinations followed that evening. The varsity players then went through press day activities Wednesday afternoon and ran the traditional opening day mile to test their summer conditioning.

Coach Mayfield and his staff will send the players through non-contact drills for the opening three days of practice through Saturday. The first three days will be used for conditioning and early teaching.

The Buffs will then put on pads for drills starting Monday. The two-a-day sessions will continue through next week, although the sessions will be scheduled around registration Thursday and Friday.

West Texas opens its season Sept. 16 in Des Moines, Iowa, against pass-minded Drake, so much of the defensive work during the practice periods will be directed at defending against the pass. Six of the 10 Buffalo opponents in 1972 (Drake, Southern Mississippi, New Mexico State, Wichita State, San Diego State and North Texas State) are strong passing teams.

The daily workout schedule for the Buffaloes opens with a varsity practice between 8 a.m. and 9:30 a.m. A freshman practice starts at 9:30 and continues untill 11 a.m. The varsity is back on the field at 2:30 p.m. for an hour and one-half practice period. Then the freshmen will be worked from 4 p.m. until 5:30 p.m. A specialty period is slated for one hour at 7:30 p.m.

Daryl Carr was one of the early arrivals on campus. The junior safety man from Orange arrived on campus Monday evening.

"From looking at the other early arrivals, the physical conditioning of the team appears good," said Carr, who started 11 games last fall. "I've been running a great deal myself, but I caught a chest cold this past weekend and that mile may eat me up."

The Buffalo coaches brought in all of their freshmen to start the two-a-day sessions because of the new NCAA rule which allows freshmen to play on the varsity. Coach Mayfield and his staff are not presently planning to use any of the freshmen on the varsity, but they want to check out the first year men in the early drills.

7th Season Is Ending

The seventh season for the musical-drama "TEXAS" will end with Saturday night's performance.

Raymond Raillard, general manager of the show, said this is a record year for the drama, which has played nightly except Sundays in Palo Duro Canyon State Park.

He said more than 74,000 persons have seen the show this year through Monday night.

"1970 was our biggest season and we're ahead of it now on comparable number of shows," he said.

Raillard termed this year's show "the best ever."

He complimented his young crew for "a terrific job."

Memorial Fund Established By Committee

The Democratic Executive Committee Monday night established a memorial fund in the memory of the late sheriff, L.S. "Slim" Johnston.

Proceeds from the fund will be used to purchase an oil painting of the late sheriff for display in the Randall County Courthouse.

Additional proceeds will go to Boys' Ranch.

U.G. Berry of Amarillo volunteered to head the memorial fund drive.

Mrs. Virginia Cotten of Canyon said donations may be sent to the two Canyon banks and to Amarillo banks which will be named later.

The Canyon News

Canyon School Nurse Tells Emergency Steps

By LINDA LOCKETT

The second-grade boys are having a rough-and-tumble game in the school yard, and one suddenly falls on the cement, receives a bad head gash and blacks out.

Mrs. Eleanor Deckard, Canyon school nurse, said her first action would be to send one person to call the boy's parents and another to call for an ambulance, if the situation was serious enough.

Therefore, Mrs. Deckard emphasized, she needs to have the work and home location and phone numbers of school children's parents. Alternate numbers, perhaps of a grandparent, close relative or friend, may also be needed.

Mrs. Deckard said she also needs to know the parents' preference for a doctor, in case of emergency. This information should be on health sheets, which are filled out by new students and often become out-of-date.

"I also need to know at the first of the school year about any special health problems a child may have," said Mrs. Deckard.

While she has had children with broken bones or teeth, Mrs. Deckard said she has not had a really urgent emergency yet.

She was quick to add that a child in any type of discomfort will rightfully feel his problem is serious.

A school nurse is not allowed to give any medication, unless under very special conditions, Mrs. Deckard said. She is allowed to apply antiseptics.

"In our schools, we encourage the teachers to care for minor first aid, and I try to keep the teachers supplied and well-informed," Mrs. Deckard said.

When Mrs. Deckard started to work, one of her first jobs was to check students' immunization records.

As of this fall, all Texas public school children should have records of certain immunizations, as required by a recently-passed bill.

Elementary students must have had a series of three DPT or DT (diphtheria-tetanus) shots, one of which must have been given after the fourth birthday. Also, a series of three polio inoculations, one after the fourth birthday, is required.

Measles (rubeola) and rubella (German measles) vaccinations are required.

High school students must have had boosters for DPT and polio within the past ten years.

"Parents should not worry about the expense of vaccinations, because they are given free at the Amarillo Bi-County Health Department," said Mrs. Deckard.

The Amarillo immunization clinics are open at 1-5 p.m. on Tuesday and Thursday. For working parents, a clinic is open during the first Monday evening of each month.

Not a nurse who sits in an office and waits for sore throats, Mrs. Deckard has many duties to keep her busy. She makes routine visual checks for students in kindergarten through ninth grades and hearing checks for students in first, third, fifth, seventh and tenth grades.

Observing children in the classroom or health room, Mrs. Deckard sees students referred by teachers.

Helping supply teachers with reference materials, Mrs. Deckard may also teach herself at the request of a teacher.

She helps secure materials for curriculum, as requested by the administration or curriculum director, and she attends seminars to keep up with new developments in health practice and school curriculum.

Each October, Mrs. Deckard helps the Tuberculosis Association and health departments conduct TB tests for students in grades 1, 7 and 12. "Contrary to what many people may think, TB is not wiped out in Texas," said Mrs. Deckard.

Mrs. Deckard sometimes speaks to parent groups and visits homes for necessary follow-up work or on request of a principal.

The nurse is also assigned duties by principals, such as the blood samples taken last May when possible pollution from the Amarillo smelter was checked.

On the above 11 duties, Mrs. Deckard keeps records, which she calls her 12th duty.

"I like to think of the school nurse as another important link in the chain of persons involved in the care and development of the 'whole child' concept that we strive for in the Canyon schools," Mrs. Deckard concluded.

Canyon Movies Are Selected On Popular Appeal

A drive-in movie business in Borger recently banned the showing of "They Shoot Horses, Don't They," because of the star, Jan Fonda's recent trip to North Vietnam.

Called a traitor by some people, Miss Fonda recently won an Academy Award for her performance in "Klute."

Assistant manager of the Canyon Varsity Theater, Mike Tilger said the Varsity showed "They Shoot Horses, Don't They" and "Klute" before Miss Fonda went to North Vietnam.

Tilger said the Varsity manager, Charles Donnell, usually selects movies by ratings and reviews listed in a trade magazine, "Boxoffice," and by requests.

"Donnell tries to cooperate with the college, as sometimes a department may request a special film," said Tilger.

"He especially tries to select movies that everyone can enjoy," said Tilger, who added that he did not know what vacationing Donnell thinks about the Fonda movies.

Driven by Gerald Norton of Ft. Sam Houston near San Antonio, this car rolled over, possibly twice, before it came to rest east of the road about five miles south of Canyon on Highway 87 Monday afternoon. Norton, his wife and son were going to visit relatives in Borger. As of Tuesday afternoon, Norton was listed in serious condition at Northwest Texas Hospital, where his wife and child were treated and released.

Car Wrecks On Hwy. 87

A one car roll-over Monday afternoon about five miles south of Canyon on Highway 87 interrupted a vacation for a couple and their son from Ft. Sam Houston near San Antonio.

As of Tuesday afternoon, Gerald Norton was in serious condition in the intensive care unit at Northwest Texas Hospital, where his wife and child were treated and released.

Witnesses said Norton was north-bound when he drove off the road on the west side, jerked his car back too far, went off the east side and then rolled over possibly twice.

The Norton's were said to have been going to visit relatives in Borger before Norton was to have been shipped to Vietnam.

News Brief

Four members of the cast of "TEXAS" recently received scholarships to attend college.

They were Mike Raillard of Canyon, Vicki McCormick, Billy Black of El Paso and Trisha Faubian of Amarillo.

THE STATE OF TEXAS

TO: Mona Marcella Cretsinger Murphy, defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 25th day of September A.D. 1972, to Plaintiff's Petition filed in said court, on the 10th day of August A.D. 1972, in this cause, numbered, 12,114-A on the docket of said court and styled IN THE MATTER OF THE MARRIAGE OF HARVEY DENNIS KEYS MURPHY and MONA MARCELLA CRETSINGER MURPHY.

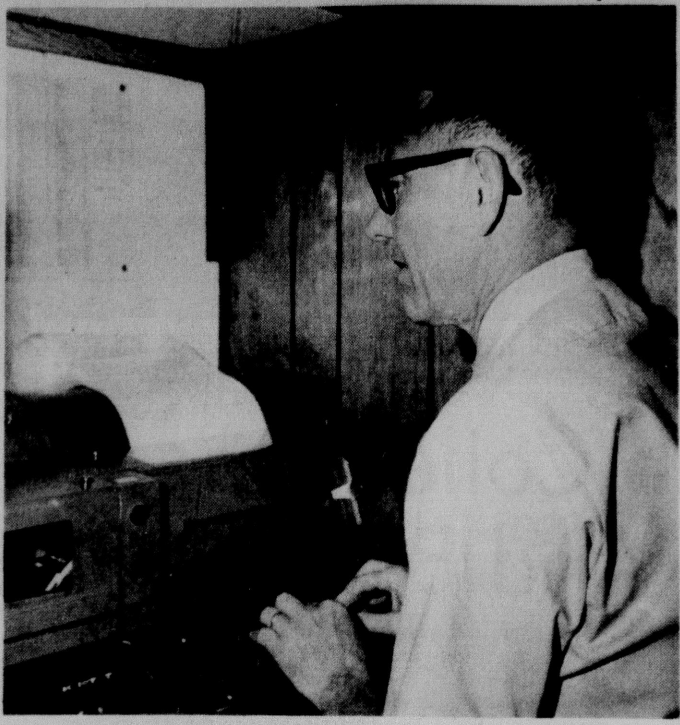
A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 10th day of August A.D. 1972.

Attest: LaQUITTA POLVADORE
Clerk, 47th District Court
Randall County, Texas.
By Kay J. Morton, Deputy.
4tc20



Sheriff's Deputy Crosby Hammons types a message to the Department of Public Safety in Austin. In less than two minutes, he will receive an answer to his question about a particular driver's license.

Big Brother's Cousin Has Courthouse Space

Big Brother may not be watching you, but his cousin has a space in the Randall County Courthouse.

The sheriff's office has a machine with access to a computer which knows everything there is to know about your driving record, your car and your criminal record.

A teletype machine which sits unassumingly in the dispatcher's office at the sheriff's office can reach into the memory of at least two computerized systems which contain information about everything from your license number to your eye color.

Actually, the machine is not as ominous as it sounds and is, in fact, a tremendous aid to law enforcement, according to operator Crosby Hammons.

It's a great aid because in a matter of seconds, in most cases, the sheriff's office can get vital information on a suspect while the suspect is still on the highways.

"There was this fellow we wanted for forgery and we had no idea of ever getting him" Hammons said. "He was just driving around the country, changing his name and cashing checks. Reno picked him up for something, checked with the NCIC and turned him over to us."

The NCIC is the National Crime Information Center in Washington, D.C. It is operated for the use of law enforcement agencies.

In the case of the forger, for example, the Randall County sheriff's office, after receiving a warrant for the arrest of the man, teletyped a report on the warrant and description of the suspect to the NCIC where it was stored.

When Reno tapped the NCIC for information on their suspect, the computer memory was jogged and matched their suspect with the local suspect.

"If we have somebody wanted, we list all the information we have with them" Hammons said.

Likewise, if the Department of Public Safety stops a man on U.S. 87 and wants, for some reason, to check out his record, the sheriff's office can teletype the NCIC and receive an answer for the awaiting patrolman within seconds.

Hammons said information about people is not the only kind of input the NCIC can handle and locate.

"We list all stolen property—trailers or anything like that which has a serial number," he said.

Everything from shotguns to television sets can be listed on the NCIC computer.

The local sheriff's office hooked up with the NCIC system about six months ago.

But, for years, the office has had access to an information center here in Texas.

The Department of Public Safety operates a similar service for Texas residents only. At the DPS office, information on drivers' licenses, car license plates, driver records and criminal records can be obtained.

Meals On Wheels Seeks Volunteers

Meals on Wheels will hold their second planning and organizational meeting on Sunday afternoon, August 27, at the First United Methodist Church at 2 p.m.

At that time committees are expected to report information gathered to implement the program. Local churches, civic clubs, and other groups have been contacted about participation.

The Meals on Wheels project will be incorporated into a nonprofit health agency. It will prepare and deliver well-balanced nourishing meals daily, five days a week, to those senior citizens who are unable to prepare one of their own.

Officers and committees will be elected at the Sunday meeting. A committee for selection of recipients will work with local doctors, ministers and others to screen applicants for the pilot operations.

The group is looking for volunteers and money to help make the program successful. They emphasize the Christian thrust of the program as being a total ministry to the elderly, thus helping break the solitary confinement of many of our senior citizens, and helping make their world a better place. Interested persons are urged to attend.

Baby Girl Born To Roanhauses

A new baby daughter, Carrie Michelle, was born to Mr. and Mrs. Eric Roanhaus, 1211½ Fourth Ave., at Neblett Memorial Hospital on August 14. The infant weighed 7 lbs. 7 ozs. and measured 20 inches at birth.

The maternal grandparents are Mr. and Mrs. Ralph Roanhaus of Port Hueneme, Calif.

The father is employed as a teacher of American history and assistant football and basketball coach at Canyon High School.

Gas...

(Continued from Page One)

Judge Woody Pond said he believes WTSU will help finance some restoration of the ranch house and that the state highway department had advised that in the not-too-distant future an overpass will span U.S. 87 at the Hunsley Hills Road intersection and part of the land surrounding the ranch house could be designated a park area.

Mrs. Warwick also requested that a picture or plaque concerning the historical marker on the Palo Duro Canyon highway be erected in the courthouse.

The marker states that Coronado and his followers held the first Thanksgiving in this country several years before the Pilgrims.

Commissioners agreed to pay for such a plaque.

Mrs. Warwick also suggested that an old burial ground which contains four graves near the old T-Anchor ranch house be fenced off and marked.

Pond pledged his assistance in obtaining the fence and marker.

In other business, Commissioner Jim Fletcher suggested the county place identifying marks on the sheriff's cars for ease of recognition.

Pond said he will contact Sheriff Longest to determine feasibility.

Commissioners approved the advertising for bids for two new pickup trucks for use by the road maintenance department. Two old trucks with mileage totalling more than 300,000 miles will be traded.

Fire...

(Continued from Page One)

which prohibits burning in dump grounds also contains a clause providing for accidental burnings.

Canyon firemen stayed on the scene several hours Saturday insuring the fire would not spread to surrounding grass, which is dry from little summer moisture.

Fireman Rice said thousands of gallons of water and the needless gambling of men and equipment would be required to extinguish the blaze at its early-week stage.

He noted that there is little the fire department could do to put out the fire except pour water on it.

Loudder said as soon as the fire has died down sufficiently, firemen will be called in to extinguish the remaining hot spots.

Bindweed...

(Continued from Page One)

covered with the plant."

"It's a deep-rooted plant which spreads by seeks and underground roots," he said.

Brazzil said bindweed is usually found in small patches and if eradicated at that time probably won't become much of a problem. Neglect, however, can reap a good crop of bindweed for farmers.

"It starts in small clumps and becomes established and the root systems sometimes are six to eight feet deep," he said. "it produces seed which stays viable more than 20 years."

Control measures, it is apparent, are difficult.

Brazzil said small patches of bindweed can be eradicated by use of chemical agents. Some chemicals, while they will get rid of the above-ground plant, will not kill the root systems.

"Researchers believe you can only fully eradicate bindweed in small areas," he said.

Unfortunately, the strong chemicals used to eradicate an area of bindweed will also be strong enough to kill anything else which might grow in the area, and, in fact, will probably contaminate the soil for several years.

"This is a pretty drastic measure," Brazzil said. "First, it's real expensive."

The weed can be fought effectively in small areas and this is where eradication action should come, he said.

If eradication becomes too much of a problem and the plant is scattered, Brazzil suggests that farmers "learn to live with it."

"There are several measures which can help control it," he said. "One is intensive plowing in the summertime to restrict the seeds. We can also use a hormone type weed chemical to kill the tops down. By using these we can prevent reseeding and can do some restriction of the growth."

Brazzil said particular problems in the county are road right-of-ways and railroad right-of-ways which harbor bindweed unbothered since the seed is easily moved from these areas into farmers fields.

And, even if farmers can kill the plant, the seeds are still around for years.

To alert farmers to the bindweed problem in the county, the Palo Duro Soil Conservation District is devoting its entire monthly newsletter to bindweed prevention, treatment and identification, according to Wieck.

Demos...

(Continued from Page One)

fied," he said.

He said he had talked with several persons who were interested in having the new sheriff come from their part of the county.

"I don't think it should be a factor whether he lives in Canyon or Amarillo," he said.

Canyon's A.W. Lair was outspoken in his criticism of the commissioner's court.

"Actually, we're in a trap," he said. "We don't have much choice because one man is already appointed and we'd do serious injury to the department to name another."

Lair criticized the commissioners for not coordinating their choice for sheriff with members of the executive committee.

"When we have Cliff as interim sheriff and we come up with someone else it could be a very damaging thing to the sheriff's department in this county," he said.

Just after Lair's remarks, Bruce suggested the committee meet in executive session to exclude the press from the meeting.

Lair opposed the executive session, but was voted down.

Mascot...

(Continued from Page One)

Cass will sport maroon riding gear.

Buffalo Bill and his horse will be scheduled for guest appearances in parades around the Panhandle, Campbell said. In fact, they've already been invited to head the Tri-State Fair Parade next month in Amarillo.

Browder is a WTSU ex-student who played football back in the late 40s.

Sherman Acres News

Vacationers Flock Home

By MARY JO GRIFFIN

THIS BEING THE first week of school, we've heard some real nice comments from several students. Also our community is well represented in each grade in public school plus several college students. Work hard and this can be the best year ever.

HAPPY BIRTHDAY MONDAY the 28th to Vivian Southard. Hope you have a pleasant year ahead.

GUESTS IN THE home of Mr. and Mrs. Herbert Hall and family Saturday were Mr. and Mrs. M.K. Howard of Houston. Randy Hall returned home Wednesday after a three weeks visit with friends in Phoenix, Arizona.

MR. AND MRS. Jack Nance and family spent last weekend in Ruidoso, New Mexico.

ANOTHER COUPLE IN our neighborhood have recently become grandparents. Congratulations to the Golden Curries on the birth of their granddaughter named Chrystal Leigh and born to Mr. and Mrs. Bruce Currie of Canyon, August 9.

CELEBRATING THEIR WEDDING Anniversary yesterday were Mr. and Mrs. C.K. Smiley. Monday will be the anniversary of Mr. and Mrs. Herman Wicker. Congratulations to both couples and may you have many more years of happiness.

SUNDAY DINNER GUESTS in the C.L. Morgan family home were two of C.L's sisters and his mother. Mr. and Mrs. Wallace Biter from Shamrock were among the guests.

CONGRATULATIONS TO THE Canyon News with two second place wins recently during the West Texas Press Association Competition at Brownwood, the two categories being general excellence and column writing. The association boundaries stretch from Perryton to Presidio.

OUR USUAL COOLING southern breezes sure brought a lot of smoke our way last weekend from the Canyon city dump. Thought for sure we'd all stifle before the wind came from the north. Back to our pleasant days again now.

Mary Jo

Canyon's garbage collectors are (l to r) Neil James, Charlie Bishop, J.C. Woods, Denton Harriman, Larry Brummett, John Edminster and Tom Green.

City Trash Collectors Just Grin And Bear It

They call themselves "sanitary engineers" and laugh.

As they file into the city barn, one of them, his face streaked with dirt, eyes the reporter and cracks: "you're the cleanest guy I've ever seen around here."

It's a dirty job and a thankless one for Canyon's solid waste disposal experts (they even refer to themselves as garbage collectors), as they haul annually more than 5,000 tons of solid waste from residences and businesses in the city.

These eight men in a year fill at least 8,000 square yards of space in the city dump with tin cans, boxes, sacks and everything imaginable.

In our consumer-oriented society, they find that people throw away anything—even items which still work.

Most workable goods are found by the trashmen while collecting garbage at West Texas State University.

"You can find radios and clothes of every kind down at the university when school lets out at Christmas and in the summer," one said.

The men have found working stereos, tape decks, clocks, televisions, typewriters and numerous other items.

Even though some of their "finds" compensate for some of the drudgery of trash collecting, the men still have some complaints.

They complain, for example, about residents who dump grass and tree limbs and leaves beside their garbage cans without putting them in containers.

They gripe, too, about alleys which are littered with papers and debris and covered with weeds.

The trashmen are grateful, though, for residents who use the large plastic trash bags now on the market.

"All we have to do is throw them on the truck and go," said one collector.

The city's trashmen are J.C. Woods, Larry Brummett, John Edminster, Tom Green, Neil James, Charlie Bishop, Denton Harriman, Rick King and Bob L-ven.

WTSU Coach Enlightens Reporter During 'Football Widows' Clinic

By LINDA LOCKETT

Feeling very superior about my knowledge of the sport of football, I walked up the stairs of the West Texas State University Activities Center to the first Ladies Football Clinic (for football widows) Sunday.

After all, what could WTSU head football coach, Gene Mayfield, and crew teach me. I had a not too spectacular career as a defensive end for a girl's club team in high school.

Sure, we just played flag football, but it was still hard work. And after the first practice when I intercepted the football and did not run for my goal, I got thoroughly chewed out and began to pay attention to the finer points of the game.

To my surprise, I found Mayfield not only giving out elementary instructions about football, but also telling us football widows (about 120 with a sprinking of male spies) some of the pickier facts, with which we could trip up our know-it-all husbands or boyfriends.

For instance, the football field is 53 1/3 yards wide and divided into thirds by the hash (different from stew) marks, except in pro ball, in which the hashes have recently been moved inward.

Also, I bet very few hubbies realize that football coaches strive to have only two seconds elapse between the time the center snaps the ball to the punter and the time he kicks it. The center is only supposed to get 9/10th of a second to get it to the punter.

Mayfield began his instructions by saying that football was really not too technical, but husbands and boyfriends often try to make it more difficult than it really is.

But as he kept talking and saying, "Now I don't want to get too technical," I began to get a sinking feeling.

For instance, after the "plain old vanilla formation," with quarterbacks, fullback and halfback, we went into slot backs, tail backs, wing backs, flanker backs, and split ends (not like the "frizzies").

While some women began to understand I, T, Wing T, Wishbone, Pro Set and Split Backfield formations for the first time, I was wishing Mayfield had stayed on the part about why offensive tackles are called tackles when they aren't supposed to tackle.

Another thing women may be able to trip up their husbands on, said Mayfield, is when the clock starts. It does not officially begin at the start of a game until a member of the receiving team touches the football.

Speaking of the start of the game, I felt deceived when Mayfield said the little gathering for the flip before the games on television is usually a fake. Actually, the flip takes place 30-40 minutes before the game, and the visiting team calls it first, Mayfield said.

Instead of watching the quarterback on offense ("nothing to do with odor"), Mayfield said to pick out a guard or tackle to watch. By their action, one is supposed to be able to usually tell what kind of play it will be.

Another thing many men do not know about football is what the men in striped shirts are called—in "acceptable language." There is only one referee, and he lines up behind the offensive team always.

The head linesman stands at the sideline where the chain is, and he watches for infractions at the line of scrimmage. So does the field judge who stands across the field from the head linesman.

The umpire stands behind the defensive team and mainly looks for holding infractions.

For some games there will be a back judge who stands farther back than the umpire.

Mayfield passed out ditto handouts with information and helps for understanding football—or for pretending to understand.

For example, just because your husband says it's pass interference, do not necessarily agree with him, because it is usually difficult to call.

If your team is not moving the ball by running, you may impress your husband by matter-of-factly stating, "With the defense stacked, they are going to have to throw the ball more."

If the ball is intercepted, one may nonchalantly state, "A trap play up the middle would have gone a mile."

Another Mayfield help—if your team's defense is not able to contain the other team's passing, remark with disgust, "Don't they know it's legal to rush the passer."

Of all that I learned and the more things that I never did understand, the most important revelation of the clinic was that Mayfield agrees with me about what happens after the opening kickoff—"mayhem takes place." That's what I'd always thought, but it seemed like heresy to regard the All-American sport of football as chaos.

Anyway, the next night I turn on the television and only boxing, roller derby and football are on, I'm going to bravely say, "Oh good, let's watch football." And then I'll watch for monsters, red dogs, blitzes, offsides and screen passes. And then I'll exclaim, "Look at those pulling guards out in front of that runner."

And that's called a fake play, a la Gene Mayfield.

New Son Born To Thomasons

Dr. and Mrs. Ron Thomason 504 Holman Lane, became parents of a new baby boy, Mark Allen, born August 19 at Neblett Memorial Hospital. The infant weighed 8 lbs. 9 ozs. and measured 21 inches at birth.

Maternal grandparents of the child are Mr. and Mrs. Bill McCarver of Hereford.

The boy's paternal grandparents are Mr. and Mrs. D. C. Thomason of Wellington and Mrs. Lou Knowles of Canyon.

The father is associate professor in plant science at West Texas State University. The Thomasons also have an older son, David, 3.

Deltens Hold 62nd Reunion

The Delten family marked their 62nd annual reunion with a noon picnic reunion in Thompson Park Sunday, Aug. 13. The children and grandchildren are descendents of the late Henry and Anna Delten, who were Potter County pioneers, coming to Texas from Illinois in 1907.

Children present were John, Robert, Leo and Arthur, their children and grandchildren, and also grandchildren of the deceased children, numbering 140 in all. John Delten was the oldest member present, and Amy Jo Beth, 3-month-old daughter of Joe and Judy Delten, grandchild of the Robert Deltens, was the youngest. Art and Betty Crandall and five children of Missoula, Mon., and Dick and Mary Delten and five children of Ponca City, Okla., children of the Robert Deltens came the greatest distance.

Also during the past week the Robert Delten family of Amarillo, their six children and families were reunited for the first time in five years at the Delten home. In addition to the Art Crandalls and Dick Deltens, Bob and Mary Delten and six children of St. Louis, Mo., Tom and Annabell Delten and six children of Claude, Ray and Eileen Delten and two children, and Joe and Judy Delten and six children, all of Amarillo, were present.

All of the children and all but four of the 33 grandchildren enjoyed a barbeque turkey dinner and other events during the week. They also celebrated Dick and Mary Delten's 15th anniversary and Robert Crandall's 14th birthday.

Mrs. Woodfin Services Held

Funeral services for Mrs. Pearl C. Woodfin, 92, of 910 6th Ave. in Canyon were held Tuesday here at LaGrone Funeral Chapel. The Rev. Bill Foil, pastor of the First Baptist Church, officiated.

Graveside services were held later Tuesday in Snyder. Burial was in Snyder Cemetary.

Pallbearers were J.M. Daugherty, Jack Downing, Charles Harter, Joe Black, Roscoe Davis, Duane Guy, Joe Gibson and Dewey Foster.

Mrs. Woodfin died Sunday morning at LaCasa Nursing Home in Canyon. She had been a local resident 16 years, moving here from Snyder. She had lived in Snyder since 1907, and had been active in the Baptist Church there. Mrs. Woodfin had been a member of the women's study club and taught a Sunday school class for almost 20 years.

After moving to Canyon, she became involved in work at the First Baptist Church here. She was a member of the Mother-In-Law Club and the Social Pioneers.

Mrs. Woodfin was married to James Arthur Woodfin on Aug. 29, 1900 in Copperas Cove. He died in 1954.

She was born May 2, 1880 in Copperas Cove.

Survivors include daughters, Mrs. W.W. Coil of Gridley, Calif., and Mrs. Hud Prichard of 910 6th Ave.; a son, Joseph of El Paso, and six grandchildren and 13 great-grandchildren.

Tidbits here and there

By CAROL CRAIN

AAUW'S STATE PRESIDENT, Mrs. William Pool, will be honored at a reception Monday evening at the Frank Blackburn home, 413 Taylor Lane.

Mrs. Pool will visit with members of the Canyon Branch of the American Association of University Women and those interested in joining the group from 8 to 9:30 p.m.

Membership is limited to those women who hold degrees from accepted colleges and universities. You may check with Mrs. Fred Stoker, membership chairman, or Mrs. John Green, Canyon president, if you have questions.

This will be a delightful evening, I'm sure. AAUW offers stimulating and educational programs annually during the club year and provides its members with a number of different study groups—recent books, drama, arts and crafts, are among them.

*

THOSE OF YOU WHO would like to purchase some notes with a sketch of the Pioneer Amphitheatre, sponsored by the AAUW, may call Mrs. Jesse Moses. The supply is limited, however, so reserve some for gift giving soon. ($1.25 per box)

***

NEED A CLUB PROGRAM? Dr. Paula Latimer of Dallas, president of the Women's Equality Action League of Texas, will be in the area sometime in October.

She will probably be scheduled to address the Women's Division of the Canyon Chamber of Commerce at a time convenient to her schedule and other programs may be sandwiched around that time period.

Call Margo Fields, Public Affairs Chairman of the Women's Chamber for the scheduling.....Dr. Latimer is her little sis, by the way.

***

SORORITY RUSH IS NEXT WEEK at WTSU. Soon all the social sororities will have their new pledges—you'll first notice them wearing a ribbon in the sorority colors and later a small pledge pin.

Greek life is a most memorable part of college for those who participate. Coeds tackle problems together, participate in elections, intramurals, plan philanthropy projects, donate time and money to them, and have study programs—as well as socials.

It's where life-long friendships are formed with persons having similar interests and goals. It's a busy time in college, but one that's well worth the effort, I think.

***

THE CITY WILL CERTAINLY MISS a most charming Dean of Women in Mrs. Jean Moore Roberts as she leaves the university to move to Corpus Christi.

Mrs. Roberts was more than just efficient in her duties at WTSU. She is a fine public speaker and added a plus in the public relations department for the school. I know all the friends she developed here will miss her and wish her well.

MISS SAUNDRA MEEK will move into the Dean of Women spot from her position as assistant dean. Miss Meek has a long list of credentials which includes appointment to the membership and placement committee of the Texas Association of Women Deans and Counselors.

She has worked with the Association of Women Students on the campus as assistant dean and knows how to work with the students. Coeds may look forward to working with another personable and energetic Dean in Saundra Meeks.

***

STAN HANSEN, former Buffalo football star, has moved into the number two spot at the middle linebacker position for the pro San Diego Chargers—according to sportscaster, Woody Van Dyke.

***

IT'S FREE PUPPY TIME! Absolutely no red tape in the adoption of a darling small variety (and I do mean variety) puppy. Just drop over to 1004 8th Ave. and pick up a cute one....please!

***

COMMUNITY CONCERT BOARD will have some announcements soon, I understand—so prepare yourself for a new season of fine entertainment.

IF YOU MISSED "TIDBITS" & "REFLECTIONS" last week it was because I have been moving and did not have a phone for four days. Plus, all my material has been in boxes—some are still unpacked, I might add.

And, if you didn't miss "Tidbits" & "Reflections"—shame on you.

***

University Wives, Etc., gathered this week in the home of president, Mrs. Kenneth M. Laycock, 704 Taylor Lane, to plan their first meeting, a coffee Sept. 9, 10-12 a.m. in the WTSU Cafeteria with Mrs. James Cornette, hostess. Left to right are Mmes. Ray Malzahn, William Ritchie, standing, T.D. Freidell, David LaBrie, Robert Sawvell, Bill R. Lee, Charles E. Wright, Kenneth M. Laycock, Robert A. Wright, and Douglas Bingham.

News Brief

Mrs. Ada Echols, 2423 7th Ave., attended the recent wedding of her granddaughter, the former Martha Echols, and Mike Watson in Lovington. She was accompanied by Mr. and Mrs. John Richard Echols and son John, Jr., of Amarillo, and Mr. and Mrs. Thomas Echols and sons Thomas, Jr. and James of Taylor, Texas.

Surprise Party Given - At 6 A.M.!

By TROYCE MULHERIN

GREETINGS:

IN OUR EAGER anticipation of school starting, some of us have been abruptly reminded of a few hitches connected with getting the little darlings off to school. One of which is the "time to get to bed" announcement—invariable greeted with moans and groans by the school set. The other hitch, and the worse of these two, is the "time to get up" announcement—inevitably met with moans and groans by moms and sons. The cheerful faces of little girls and first graders are rather difficult to match so early in the morning. Here's hoping the adjustment period will be brief and merciful.

HOLLYWOOD BAPTIST CHURCH will observe its tenth anniversary this coming Sunday, August 27th. All members, exmembers, neighbors and friends of the church are invited to gather for a bring your own" dinner on the grounds, wpth a sing-a-long to follow. Of course, everyone is invited to attend the services, too. Sunday School starts at 9:45 a.m. and church services commence at 11:00 a.m. Immediately thereafter everyone will eat whatever it is they have brought to eat on the church grounds, weather permitting. The church will furnish the drinks, the plates and the eating utensils. (No dishes to wash, mom!) As an early fall is forecast, opportunities for outdoor fun like this are dwindling fast, so why not take advantage of a pleasant Sunday afternoon of fellowship. Seriously, now, make plans to join in on this tenth anniversary celebration.

A HAPPY BIRTHDAY to David Tate, son of Mr. and Mrs. Eugene Tate, who aged some as of the 24th.

MRS. BILL (ERNESTINE) Harp has finally got to "be company" rather than entertain it. She has returned from Dallas and a week's visit with her sister, Mrs. V.A. (Helen) Shelton. Ernestine's sister-in-law, Gwen Harp, drove down with her. Gwen visited with her daughter and had the pleasure of watching her son, Jeff, receive his masters degree at T.C.U. The main purpose of the trip was to retrieve Ernestine's youngest, Dena, who had been visiting in the Shelton home; but, Ernestine and Helen managed to sneak in some big-girl type fun, such as golfing and shopping and shopping and shopping. Lucky Bill.

MELVENA AND ELSON Brown moved their place of residence during the summer months. They and Larry and Donny are really enjoying their new home at Siesta Park. The Browns acquired a new "baby", too, namely, Pax, a four month old German Sheppard, weighing in, upon this writing, at thirty-two pounds. Taking a last-minute vacation before school, the Browns pulled their camper to Arlington, parked it, and headed out for some fun. They rode every ride and saw every show at Six Flags before taking in Seven Seas and the Wax Museum. What the Browns really enjoyed most was taking the Lion Country Safari. This tour is taken with the car windows rolled up and the doors locked, as lions, rinos, elephants and other African-type beasties roam as free as the breeze. Melvena said they felt as though they were actually driving through Africa, as the native habitat of these animals is convincingly duplicated.

MR. AND MRS. Larry Pike bought the Browns home on Farmers Lane, and are the new neighbors of the Brown's old neighbors. The Pikes have two sons, Jeff, who is in the fourth grade at Gene Howe; and, Daryl, who is in the seventh grade at Canyon Junior High. Mr. Pike is a juvenile officer with the Amarillo Police Department, and Gwen is employed by Family Service, working with welfare families. A hearty welcome is extended to the Pike family from the rest of us in Gene Howe territory — glad to have you aboard.

HAPPY BIRTHDAY TO to you, Sherry Ford. Sherry is the daughter of Mr. and Mrs. Doug Ford and celebrated on the 20th.

ONLY THE YOUNG at heart would react with smiles and giggles when invited to "come out and play" at six o'clock in the morning. This early bird happening was actually a surprise birthday party for Valerie Freeman, daughter of Mr. and Mrs. Raymond Freeman. Host and hostesses for this come-as-you-are birthday celebration were Mr. and Mrs. Herb McGregor and daughter Sherri. Denise and Dian Bonifield, Kim Wallace, Brenda Tucker and Clair Davis gleefully accepted the invite party in their 'jamas. Vondean and Sherri undertook the rather risky business of knocking on doors and picking up the young ladies at that hour in the morning, while Herb prepared a birthday breakfast. Fun fun fun had by all.

A HAPPY BIRTHDAY to Nobie Cates. Nobie managed to spend some time with his mommie and daddy the last few weeks, but will observe his birthday with Uncle Sam while at his actual duty station.

MR. AND MRS. Roy Cates and youngest sons, Greg and Kenneth, have returned from a camping trip to Bandelier National Monument, somewhere in the vicinity of Santa Fe. Bill and Pat Seth, and youngsters, Bill Dee, Chris and Tim, joined the Cates for a week of relaxing and camping fun. The families were particularly intrigued with the Pueblo Indian ruins and spent a good deal of their time touring same. Climbing in and out of the caves, built and designed by Indians averaging five feet in heighth, presented a challenge to Sherrie, who is somewhat taller, but determination pays off and she visited their caves, anyway. The men folk and Bill Dee and guest, Hank Cannon, were given the privilege of touring the ceremonial caves by themselves. These caves can only be reached by way of ladders stretching 150 feet up the side of a cliff, so the women folk and the younger boys decided that wading in the stream would be more fun. The group also toured the Science Museum located in Los Alamos. On the way home, the Cates spent some time visiting the art galleries and shops in Santa Fe. Kenneth's artistic nature came to light in his obvious fascination with, and attraction to, the paintings and pottery.

A HAPPY ANNIVERSARY to Betty and Dan True on the 21st. Betty is sporting a cast and a crutch since her release from the hospital. These accouterments have not hindered her mobility nor her enthusiasm for eagle sitting, which she plans to take under study as soon as she graduates from her crutch.

WORD FROM MRS. George (Darlyne) Bell, Membership Chairman for the Gene Howe PTA is that the membership drive is well underway—good show on registration day. She and her committee, composed of Margaret Ingram, Tootie Bybee and Beth Balke, have made plans for banana split parties for the rooms with the highest percentage of PTA members. A party will be given to the room with the mostest in the kindergarten through third grades and to the room with the mostest in the fourth through sixth grades. For the last two years, the Gene Howe PTA has been honored with Certificates of Achievement, so let's keep up the good work—join—come—enjoy!

SEPTEMBER4 WILL be a Labor Day holiday for the school set, so go ahead and make plans for one last fling.

THANKS FOR THE use of the hall and for September 4—it's lonesome around here already.

Troyce 352-6053

Fire Damages County Home

A vacant one-story house seven miles north of Canyon was damaged by fire Sunday evening.

Canyon Fire Capt. Joe Rice said the home, owned by B.B. Latham of Amarillo, was damaged when wiring caught fire in the house attic.

Seven units from the local fire department extinguished the blaze in short order.

Rice estimated damage at about $400.

Ryders Have New Baby Son

Mr. and Mrs. Peter H. Ryder of 1209 W. 48th St. in Amarillo, have become parents of their first son, Thomas Philip Ryder, born Aug. 4 at Neblett Memorial Hospital. The baby weighed 7 lbs. 13 ozs. and measured 19½ inches at birth.

The maternal grandparents are Mr. and Mrs. William A. Miller of Amarillo, and the paternal grandparents are Mr. and Mrs. Thomas H. Ryder, also of Amarillo.

Thomas Philip's father is a student at West Texas State University.

DAVID POOL

WTSU Senior To Command ROTC Unit

A West Texas State University senior has been named to head the ROTC corps of cadets next year, it was announced this week.

Lt. Col. John Childs, professor of military science, said David S. Pool of San Antonio will be cadet colonel for the fall and spring terms.

Pool, a biology major, was the top student from WTSU at ROTC summer camp this year. He is a member of the university tennis team.

"I think David will do an outstanding job," Childs said. "He's a good leader and a fine young man."

Kids, Inc., Meet Tonight At WTSU

Canyon boys interested in playing Kids, Inc., football this fall can hear all about the program at a meeting at 7:30 p.m. today in the West Texas State University fieldhouse.

Kids, Inc., coordinator Sturdy Wanamaker said parents are also urged to attend the meeting.

Registration fee for the season is $5.

Wanamaker said a new flag football league will be added to the regular contact football program this year for 8, 9 and 10 year olds.

Workers Re-Lay Rails

In a few months trains traveling between Canyon and Finney, about eight miles north of Plainview, will no longer make the "clickety-clack" sound, according to Herman Hills, public relations officer for Santa Fe Railroads in Amarillo.

The typical sound will no longer be heard because workmen are going to start re-laying rail over the 49 mile stretch to make a continuous rail.

The new rails, re-conditioned from old rails into a "ribbon" type at a rail-welding plant, are each 1440 feet.

The joints of these longer rails will then be welded into one continuous rail.

Hill said the long rails are made from old used rails, which are still in good shape and are no longer needed—often from side tracks.

Probably arriving in Canyon next weekend will be the gang crew for the job, a group of about 90 Gallup, N.M., Indians.

"We've found them to be very efficient. They'll lay about a mile a day and stay in Canyon in outfit cars for a couple of weeks probably," said Hill.

In addition to 86 trackmen, there will be 1 foreman, 5 assistant foremen, 20 miscellaneous machine operators, 3 burro crane (picks up rails) operators and 1 time-keeper, Hill said.

In preparation for the gang crew, a section crew of about 10 men, have been replacing rail frames during the last few weeks.

In a few months, that old "clickety-clack" noise will probably not be heard between Canyon and Finney, as Santa Fe modernizes.

News Brief

Two college students from San Francisco visited with an old friend last weekend in Canyon. Nora Gan and Lynette Chin, students at San Francisco City College, visited with Gregory Tung of 503 11th Ave. While here, they toured Palo Duro Canyon, Amarillo, West Texas State University and spent some time in New Mexico. Tung is a native of San Francisco.

Umbarger News

4-H Club Organizes

By SUSAN DOLLE

THIRTY INTERESTED PERSONS appeared at the first planning meeting for a 4-H club in Umbarger last Wednesday night. County agent John Brazzil and Home Demonstration Agent Becky Hall outlined a possible program for the young people and adults who attended. Mr. Brazzil told the group that 4-H club members work on projects at home with the aid of adult leaders; meetings would be held monthly where the members would learn how to conduct their business and have recreation as a club.

MR. AND MRS. Darroll Adams, who have been instrumental in forming the organization, say that anyone who is interested and is between the ages can join 4-H. Interested parties are invited to the next meeting in September where officers will be elected from the membership and club work will begin.

TEENAGERS OF ST. Mary's Church will be hostesses to new friends from Nazareth Sunday when the two youth groups come together to watch the motorcycle races at Panhandle Downs and enjoy games and refreshments at the youth center afterwards. Young ladies in charge of the occasion include Patricia Batenhorst, Elaine Ramaekers, and Linda Thompson.

MISSES SUSAN LINDEMANN and Patricia Grabber represented St. Mary's Church at a liturgy workshop in Amarillo last Sunday at St. Francis Convent. The two heard Father James Comiskey and Deacon Ron Krisman explain ways to plan and produce better worship services.

CONFRATERNITY OF CHRISTIAN Doctrine teachers of St. Mary's Church have attended workshops the past two weeks planned by Mrs. Vincent Ramaekers in preparation for this school year. Elementary teachers met on three consecutive evenings last week to prepare classrooms and materials and high school teachers are holding two planning sessions this week. CCD classes will be held during the year on Sunday mornings between church services.

GLEN STOCKER, ANDY Wilhelm, Howard Koch and J.T. Dolle were among the candidates who were initiated in the second and third degree of the Knights of Columbus in Plainview last Sunday from the Umbarger council. Participating in the ritual were Siegfried Bolte, Ed Wieck, Ben Koch, Bernard Hartman, and Leonard Batenhorst, all of Umbarger. Twenty-eight members from over the Panhandle area were included.

FOR THE MOTHERS with lost pre-schoolers at home, here is a recipe for Salt Ceramic, a clay-like substance that can keep them creatively happy a few mornings:

1 cup table salt
½ cup corn starch
¾ cup cold water
food coloring

Mix over double boiler—stir constantly until mixture reaches a consistency of bread dough. Place on a piece of wax paper or foil to cool. When cool enough to handle, knead for several minutes. Store in wax paper or plastic bag.

Ag Work-Study Program To Be Aired Monday

All parents and employers of Cooperative Part-Time Training students in Agriculture are urged to attend a meeting Monday night at 8:00 p.m. in the High School Vocational Agriculture Building. The purpose of this meeting is to acquaint the parents and employers with the purpose and objectives of the part-time training program and to discuss new requirements for the program.

Any employer that may be interested in hiring one of these junior or senior students on a part-time basis for an agriculturally related job is invited to either contact the instructor, Ronald Davis, at the high school agriculture department or call 655-3921 or come to the meeting Monday night. Refreshments will be served.

Dr. Ronald Thomason will be teaching one of the first two graduate courses offered by the School of Agriculture at West Texas State University this fall. The course, advanced plant breeding, will be offered on Thursdays at 7 p.m. (WTSU Photo)

Two New Grad Courses In Offing In Ag School

The first two graduate level courses in the West Texas State University School of Agriculture will be offered this fall in advanced animal and plant breeding.

Advanced Animal Breeding 537 will be offered at 7 p.m. Tuesdays under Donald R. Beerwinkle, acting head of the animal science department who has been working toward a doctorate in animal breeding at Ohio State University.

Advanced Plant Breeding 510 will be offered at 7 p.m. Thursdays under Dr. Ronald C. Thomason, associate professor of agriculture.

Registration for graduate students at WTSU will be Sept. 1. Evening-only students will register Sept. 2.

The animal breeding course will include study into the areas of heritability and heterosis, genetic environmental interactions and genetic bases for performance testing programs.

The plant breeding course will undertake genetic principles and apply them to plants.

A study of the breeding of small grains, cotton and grain sorghum will be conducted as well as the methods used to produce hybrids. Also to be studied will be the methods that are used to produce new varieties and hybrids, such as triticale, the cross between wheat and rye.

This summer Thomason put some of the practical aspects of his course to use by working with Dr. Kenneth Porter at the Texas Agricultural Experiment Station at Bushland.

Both advanced courses are part of WTSU's cooperative degree program with Texas Tech University in animal science and with Texas A&M in plant science. Graduate students may take up to 12 hours at WTSU and with approval may initiate cooperative research while enrolled at WTSU.

Dr. Charles Smallwood, dean of the School of Agriculture, says the offering of these courses is the first step toward an agricultural master's degree, allowing a student to continue in his profession while pursuing his graduate studies.

Sewing Fair In Hereford

Tailoring tricks. Recycled ward-robes. Designer hints. Pant suits that fit.

The parade of home sewing tips marches to Hereford Sept. 12.

"Sew Fair, a panorama of exhibits and presentations, will be sponsored by the Texas Agricultural Extension Service in cooperation with home sewing industries," Mrs. Becky Hall, County Home Demonstration Agent, announced.

Located at Hereford Bull Barn, Sew Fair will feature representatives from six major home sewing industries.

"These representatives will demonstrate a host of sewing topics, from installing a zipper to the latest pressing techniques," Mrs. Hall said. "They will present continuous 30-minute talks from 9:30 a.m. to 12:30 p.m. and repeat them from 2 to 5 p.m., open to all and free of charge."

Representatives will also be available to answer individual consumers' questions.

Mrs. Hall added that Extension clothing specialists and Deaf Smith County home demonstration agents will assist at the fair to register interested consumers and assist participants.

Program topics featured will be the designer's twist by Susan Borinski of Belding Corticelli; your wardrobe recycled by Claretta Bostic of American Thread; and pants: fit and fashion by Janet Nolan of Butterick Fashion Marketing Co.

Also featured is sewing modern fabrics by Bonnie Friday of Coats and Clark; the importance of pressing as you sew by Layneigha Chapman of General Electric; and fashion tailoring with polyester pellon by Eileen Foley of Pellon.

The fair will be open to the public and no admission will be charged.

Crossland Is Doing Time In Jail Practicing Dentistry

Kenneth Crossland is in prison and he hasn't even committed a crime.

Crossland, son of Mr. and Mrs. A.L. Crossland of 1400 Creekmere, is a dentist and he's doing some time with the Texas Department of Corrections to gain some experience.

A 1972 graduate of the University of Texas Dental School in Houston, Crossland is serving as dentist for three prison farms. Mainly he works with young first-offenders.

Last January, Crossland, then a senior in dental school, was selected from the school to serve as an externist for one week at the Huntsville prison.

"I felt like I learned a lot and enjoyed it the first time," he said. "I enjoyed the people I worked on and the freedom I didn't have at school."

Crossland enjoyed it so much that he volunteered to return to the prison system following his graduation for an indefinite period of time.

Primarily Crossland works with young offenders at Ferguson Farm, 20 miles north of Huntsville. But, he also works with older inmates at another farm one day a week.

The youths Crossland works with are between the ages of 17 and 21 or 22.

"They're the biggest problem to work with because the young ones have not found out how to get along with the system," he said. "They still think they're the toughest things out of Dallas."

Crossland said when he reported for work he found 2,000 inmates, most of whom had never brushed their teeth in their lives and cared little about dental hygiene.

"Many of them are not interested in their teeth, but are interested only in using the appointment time to get out of work," he said. "They'd actually rather have a tooth extracted rather than go work in the fields.

With the older prisoners, the young dentist finds fewer problems. They have learned they cannot buck the system and that if they stay out of trouble, their chances for parole are much better, he said.

Crossland is one of only a few full-time dentists employed by the state to care for inmate's teeth. He said several dentists work half days at the prison farms.

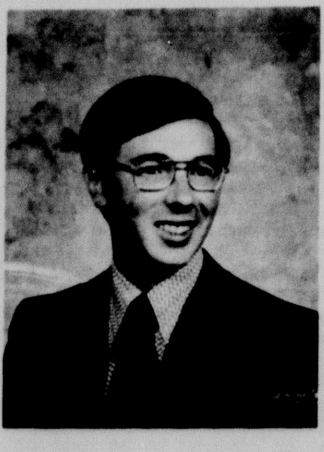
"Right now, I've got a back log of 250 patients," he said, "and they all require full mouth work."

For Crossland, it's a challenge.

"I have a great deal of freedom to become involved with some of the dental specialties," he said.

Crossland lives in the guard dormitory at the main Huntsville prison and eats with the guards.

As an outsider and a relatively young man, Crossland has encountered relatively few problems with prisoners' attitudes toward him.



KENNETH CROSSLAND

"Some are interested in their teeth and their health," he said, "and some view me as a way to get out of doing their work."

Almost none, though, view him as a threat or an enemy.

"I've never been nervous," Crossland said. "You'd think you would be.

"The prisoners are in a very rigid discipline system. They get up at 5:30 and have definite hours they work and a definite routine.

"They have no material possessions to fight for. They're put in a mechanical situation and they've got no motivation."

On the contrary, the prisoners are motivated not to cause trouble, since they are eligible for parole much sooner if they stay out of trouble.

On the whole, Crossland sees the state's prison system as "doing a good job," despite bad publicity accruing to all prison systems as a result of events such as the Attica riots recently.

"It's my opinion that Texas has an excellent penal system," he said. "When people criticize it, they don't realize the complexity of running the system. That's not to say there aren't some things wrong with it. But, I think under the circumstances, the administrators are doing a fine job."

Crossland plans to leave his prison job sometime in mid-winter and will return to Canyon to establish a private practice here.

Tennis Coach In Tournament

West Texas State University Tennis Coach David Kent has been invited to participate this weekend in a championship tournament in Austin.

Kent will team with Fort Worth pro Don Fuller in the men's doubles tournament.

Eight teams are entered in the matches which will be played Friday through Sunday.

Free Plates For Veterans

Veterans disabled as much as 70 percent are entitled to free license plates, according to Roland Black, local veterans service officer.

Those qualified should contact Black at the Canyon Chamber of Commerce office. Only one set of plates is available free per disabled veteran.

Once obtained the plates are renewable automatically.

Reception Opens Year Agenda

A personal greeting from Mrs. Jeannette Poole, Texas Division president of the American Association of University Women, is in store for new and continuing members of the Canyon chapter who attend the opening event on their calendar next Monday evening.

The event will be a reception in honor of the state AAUW president in the home of Mrs. Frank Blackburn, 413 Taylor Lane, from 8-9:30 p.m. Prospective members of the organization will be special guests for the evening.

The reception will be preceded by a salad supper for Mrs. Poole in the home of Mrs. John Green, 3300 Conner Dr., attended by officers and committee chairmen.

The visit of Mrs. Poole, a mathematics teacher by profession and one who has devoted her energies to special studies in education for the AAUW, coincides with launching the year's program here in Canyon on "The Many Faces of Education."

Beginning her second year as Texas Division president, Jeannette Poole has been active in AAUW, church, civic and professional work for many years.

Most recently Mrs. Poole has served as a member of the national topic committee for "Crisis in Public Education," and helped prepare much of the material used for study by local chapters. She was an observer of the Legislative Seminar and Fall Steering Committee Meeting of the Education Commission of the States in December 1971.

Mrs. Poole comes from San Marcos, where she has twice been elected to head her local chapter as well as serve in other capacities. The wife of Dr. William Poole, professor of history at Southwest Texas State University at San Marcos, she has assisted him in writing several books and has also published many short articles of her own.

In 1971, Mrs. Poole was Editor for Texas Project Re-Entry, 1971, responsible for surveying programs for continuing education in Texas colleges and universities and publishing and distributing the results of the survey to the branches of AAUW.

MRS. POOLE

Canyon branch of AAUW this week announced a program of eight general meetings planned for the coming year on the central topic of "The Many Faces of Education." Mrs. Audrey Rider, program chairman, gave the dates, programs, and places of the AAUW meetings as follows:

Oct. 7, 8:45 a.m., breakfast meeting, book review by Mrs. Holladay in the Green Room of the WTSU Cafeteria;

Nov. 4, 2 p.m., desert meeting, "Education of the Indian" by Mrs. Cale, in the home of Mrs. Kenneth Laycock, 704 Taylor Lane;

Dec. 2, 12:30 p.m., film, "Up Tight, Black White," at the Canyon Community Center with Dr. Ruth Lowes, hostess.

Feb. 3, 10 a.m., coffee, "Foreign Students and Education," by Mrs. Margaret Harper, in the home of Mrs. Lucy LaBrie, 2505 12th Ave;

March 3, 2 p.m., dessert, "Teacher Center Project," by Dr. Kidd, in the home of Mrs. Linnie Harter, 1404 Creekmere Dr.;

April 5, 7:30 p.m., desert meeting, "Education and Culture" by Tom Matthews, Director of the Amarillo College Art Center, in the home of Mrs. Donna Umberson, 409 Thompson Ln.;

May 5, 12:30, salad luncheon, "Evaluation of Year's Work and Plans for 1973-75," in the home of Mrs. Margaret Harper, 2523 Fifth Ave.

Bride-Elect Is Honored

Miss Jan Henson was hostess at a luncheon Sunday, August 20, honoring Miss Lou Ann Beghtel, brideelect of Kenneth Allan Angel.

The party of young ladies drove to Tulia following morning church services. They enjoyed a delicious Mexican lunch and much reminiscing at the El Camino.

The honoree was presented with a corsage and a recipe lectern with index cards. Each one present presented a favorite recipe for the file.

Attending the luncheon, besides the hostess and honoree, were Mlles. Janne Malone, Becky Blewett, Julie Whisler, Pat Friedell, Janet Oppe, Karen Pegg, Brenda Counseller, and Jane Taylor.

Proposed CONSTITUTIONAL AMENDMENT

NUMBER [illegible] ON THE BALLOT (HJR [illegible])

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6 of Article IX of the Constitution of the State of Texas be, and the same is hereby, amended so as to read as follows:

"Section 6. On the effective date of this Amendment, the Lamar County Hospital District is abolished. The Commissioners Court of Lamar County may provide for the transfer or for the disposition of the assets of the Lamar County Hospital District."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held the first Tuesday after the first Monday in November, 1972, at which election all ballots shall have printed thereon the provision for voting for or against the proposition:

"The Constitutional Amendment abolishing the Lamar County Hospital District."

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 7 ON THE BALLOT (SJR 16)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Texas Constitution be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. Equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin. This amendment is self-operative."

Sec. 2. The foregoing amendment to the constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide that equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 9 ON THE BALLOT (SJR 20)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps, nor to Directors of Soil and Water Conservation Districts. A member of the Legislature shall not be eligible to serve as a Director of a Soil and Water Conservation District. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a nonelective State officer or employee may hold other nonelective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this State, or the United States."

Sec. 2. That Section 40, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 40. No person shall hold or exercise, at the same time, more than one Civil Office of emolument, except that of Director of a Soil and Water Conservation District, Justice of Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, and retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit a Director of a Soil and Water Conservation District, an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States, or retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States, or from voting at any Election, General, Special or Primary, in this State when otherwise qualified."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide that directors of soil and water conservation districts are not disqualified from holding or being compensated for more than one office."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 10 ON THE BALLOT (HJR 63)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Section 1, Constitution of the State of Texas, be amended to read as follows:

"Section 1. The Legislature, at any regular session, or at any special session when the matter is included within the purposes for which the session is convened, may propose amendments revising the Constitution, to be voted upon by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State. The date of the elections shall be specified by the Legislature. The proposal for submission must be approved by a vote of two-thirds of all the members elected to each House, entered by yeas and nays on the journals.

"A brief explanatory statement of the nature of a proposed amendment, together with the date of the election and the wording of the proposition as it is to appear on the ballot, shall be published twice in each newspaper in the State which meets requirements set by the Legislature for the publication of official notices of officers and departments of the state government. The explanatory statement shall be prepared by the Secretary of State and shall be approved by the Attorney General. The Secretary of State shall send a full and complete copy of the proposed amendment or amendments to each county clerk who shall post the same in a public place in the courthouse at least 30 days prior to the election on said amendment. The first notice shall be published not more than 60 days nor less than 50 days before the date of the election, and the second notice shall be published on the same day in the succeeding week. The Legislature shall fix the standards for the rate of charge for the publication, which may not be higher than the newspaper's published national rate for advertising per column inch.

"The election shall be held in accordance with procedures prescribed by the Legislature, and the returning officer in each county shall make returns to the Secretary of State of the number of legal votes cast at the election for and against each amendment. If it appears from the returns that a majority of the votes cast have been cast in favor of an amendment, it shall become a part of this Constitution, and proclamation thereof shall be made by the Governor."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment revising provisions on the time and method of proposing amendments to the state constitution and the time and method of publishing notice of proposed amendments."

PUBLIC NOTICE

CONSTITUTIONAL AMENDMENT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Section 1-b, of the Texas Constitution, be amended to read as follows:

"Section 1-b. (a) Three Thousand Dollars ($3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes.

"(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars ($3,000) of the assessed value of residence homesteads of persons sixty-five (65) years of age or older from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars ($3,000) as provided in the petition, of the assessed value of residence homesteads of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars ($3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER [illegible] ON THE BALLOT (HJR 11)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 61, of the Texas Constitution, be amended to read as follows:

"Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis. In all counties in this State, the Commissioners Courts shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts, to compensate all justices of the peace, constables, deputy constables and precinct law enforcement officers on a salary basis beginning January 1, 1973; and in counties having a population of less than twenty thousand (20,000), according to the then last preceding Federal Census, the Commissioners Courts shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949.

"All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to require the commissioners court in all counties of the state to compensate all justices of the peace on a salary basis."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 11 ON THE BALLOT (HJR 95)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV, Section 17 of the Texas Constitution, be amended to read as follows:

"Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. During the time the Lieutenant Governor administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

Sec. 2. That Article III of the Texas Constitution, be amended to add a new Section 24a to read as follows:

"Section 24a. The Lieutenant Governor, while he acts as President of the Senate, and the Speaker of the House of Representatives shall each receive from the public treasury an annual salary of $22,500."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 7, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide a salary of $22,500 for the Lieutenant Governor and the Speaker of the House of Representatives."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER [illegible] ON THE BALLOT (HJR [illegible])

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars ($8,400). Senators shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars ($8,400). All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twelve Dollars ($12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This amendment shall be self-enacting and appropriations heretofore made in the general appropriations bill for the biennium ending August 31, 1973, for the salaries of the Members of the Senate and House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents ($2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide annual salaries of $8,400 for members of the Senate and House of Representatives."

PUBLIC NOTICE

CONSTITUTIONAL AMENDMENT

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void.

"(b) The Legislature may, by general law, exempt property owned by a disabled veteran or by the surviving spouse and surviving minor children of a disabled veteran. A disabled veteran is a veteran of the armed services of the United States who is classified as disabled by the Veterans' Administration or by a successor to that agency; or the military service in which he served. A veteran who is certified as having a disability of less than 10 percent is not entitled to an exemption. A veteran having a disability rating of not less than 10 percent nor more than 30 percent may be granted an exemption from taxation for property valued at up to $1,500. A veteran having a disability rating of more than 30 percent but not more than 50 percent may be granted an exemption from taxation for property valued at up to $2,000. A veteran having a disability rating of more than 50 percent but not more than 70 percent may be granted an exemption from taxation for property valued at up to $2,500. A veteran who has a disability rating of more than 70 percent, or a veteran who has a disability rating of not less than 10 percent and has attained the age of 65, or a disabled veteran whose disability consists of the loss or loss of use of one or more limbs, total blindness in one or both eyes, or paraplegia, may be granted an exemption from taxation for property valued at up to $3,000. The spouse and children of any member of the United States Armed Forces who loses his life while on active duty will be granted an exemption from taxation for property valued at up to $2,500. A deceased disabled veteran's surviving spouse and children may be granted an exemption which in the aggregate is equal to the exemption to which the decedent was entitled at the time he died."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment allowing certain tax exemptions to disabled veterans, their surviving spouses and surviving minor children, and the surviving spouses and surviving minor children of members of the armed forces who lose their life while on active duty."

PUBLIC NOTICE

CONSTITUTIONAL AMENDMENT

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV, Section 4, Constitution of the State of Texas, be amended to read as follows:

"Section 4. The Governor elected at the general election in 1974, and thereafter, shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this State at least five years immediately preceding his election."

Sec. 2. That Article IV, Section 22, Constitution of the State of Texas, be amended to read as follows:

"Section 22. The Attorney General elected at the general election in 1974, and thereafter, shall hold office for four years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Article IV, Section 23, Constitution of the State of Texas, be amended to read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified. The four-year term applies to these officers who are elected at the general election in 1974 or thereafter. Each shall receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this section or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory State officers."

PUBLIC NOTICE

CONSTITUTIONAL AMENDMENT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 65 to read as follows:

"Section 65. Wherever the Constitution authorizes an agency, instrumentality, or subdivision of the State to issue bonds and specifies the maximum rate of interest which may be paid on such bonds issued pursuant to such constitutional authority, such bonds may bear interest at rates not to exceed a weighted average annual interest rate of 6%. All Constitutional provisions specifically setting rates in conflict with this provision are hereby repealed." This amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to vote of the qualified electors of this State at the general election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "To set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling."

PUBLIC NOTICE

CONSTITUTIONAL AMENDMENT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Constitution of the State of Texas, be amended by adding a Section 2 to read as follows:

"Section 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission.

"(b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973.

"(c) The members of the 63rd Legislature shall be convened as a constitutional convention at noon on the second Tuesday in January, 1974. The lieutenant governor shall preside until a chairman of the convention is elected. The convention shall elect other officers it deems necessary, adopt temporary and permanent rules, and publish a journal of its proceedings. A person elected to fill a vacancy in the 63rd Legislature before dissolution of the convention becomes a member of the convention on taking office as a member of the legislature.

"(d) Members of the convention shall receive compensation, mileage, per diem as determined by a five member committee, to be composed of the Governor, Lieutenant Governor, Speaker of the House, Chief Justice of the Supreme Court, and Chief Justice of the Court of Criminal Appeals. This shall not be held in conflict with Article XVI, Section 33 of the Texas Constitution. The convention may provide for the expenses of its members and for the employment of a staff for the convention, and for these purposes may by resolution appropriate money from the general revenue fund of the state treasury. Warrants shall be drawn pursuant to vouchers signed by the chairman or by a person authorized by him in writing to sign them.

"(e) The convention, by resolution adopted on the vote of at least two-thirds of its members, may submit for a vote of the qualified electors of this state a new constitution which may contain alternative articles or sections, or may submit revisions of the existing constitution which may contain alternative articles or sections. Each resolution shall specify the date of the election, the form of the ballots, and the method of publicizing the proposals to be voted on. To be adopted, each proposal must receive the favorable vote of the majority of those voting on the proposal. The conduct of the election, the canvassing of the votes, and the reporting of the returns shall be as provided for elections under Section 1 of this article.

"(f) The convention may be dissolved by resolution adopted on the vote of at least two-thirds of its members; but it is automatically dissolved at 11:59 p.m. on May 31, 1974, unless its duration is extended for a period not to exceed 60 days by resolution adopted on the vote of at least two-thirds of its members.

"(g) The Bill of Rights of the present Texas Constitution shall be retained in full."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing for a constitutional revision commission which precedes the convening of the members of the 63rd Legislature as a constitutional convention in January, 1974, for the purpose of submitting to the voters a new constitution or revisions of the existing state constitution."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII, Constitution of the State of Texas, be amended by adding a Section 6b, to read as follows:

"Section 6b. Notwithstanding the provisions of Section 6, Article VII, Constitution of the State of Texas, any county, acting through the commissioners court, may reduce the county permanent school fund of that county and may distribute the amount of the reduction to the independent and common school districts of the county on a per scholastic basis to be used solely for the purpose of reducing bonded indebtedness of those districts or for making permanent improvements. The commissioners court shall, however, retain a sufficient amount of the corpus of the county permanent school fund to pay ad valorem taxes on school lands or royalty interests owned at the time of the distribution. Nothing in this Section affects financial aid to any school district by the state."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to allow a county to reduce its county permanent school fund and distribute the money to independent and common school districts on a per scholastic basis."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 33, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The accounting officers in this State shall neither draw nor pay a warrant or check on funds of the State of Texas, whether in the treasury or otherwise, to any person for salary or compensation who holds at the same time more than one civil office of emolument, in violation of Section 40."

Sec. 2. That Article XVI, Section 40, Constitution of the State of Texas, be amended to read as follows:

"Section 40. No person shall hold or exercise at the same time, more than one civil office of emolument, except that of Justice of the Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, and retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and the officers and directors of soil and water conservation districts, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States, or retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and officers of the State soil and water conservation districts, from holding at the same time any other office or position of honor, trust or profit, under this State or the United States, or from voting at any election, general, special or primary in this State when otherwise qualified. State employees or other individuals who receive all or part of their compensation either directly or indirectly from funds of the State of Texas and who are not State officers, shall not be barred from serving as members of the governing bodies of school districts, cities, towns, or other local governmental districts; provided, however, that such State employees or other individuals shall receive no salary for serving as members of such governing bodies. It is further provided that a nonelective State officer may hold other nonelective offices under the State or the United States, if the other office is of benefit to the State of Texas or is required by the State or Federal law, and there is no conflict with the original office for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this State, or the United States, except as a notary public if qualified by law."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment permitting State employees, who are not State officers, to serve as members of the governing bodies of school districts, cities, towns, or other local governmental districts, without forfeiting their State salary, and specifying exceptions to the constitutional prohibition against payment of State funds for compensation to any person who holds more than one civil office of emolument."

Happy News

Happy Days Winners Named For Rodeo, Contests

FIFTEEN HUNDRED WERE served bar-b-que at Happy Saturday. Among these were 150 "Old Timers" and several riding clubs who were served free of charge. We had "Clown Down" and "Clown Happy", with us too, and appreciated their coming down.

OLD TIMER'S PLAQUES were plaques of walnut wood with a horse and rider embedded in them. W.E. Guest won the plaque for being the oldest. Mr. Guest is 92 years young.

MRS. J. W. Wesley won the plaque for having come to this area on the earliest date, March, 1890.

GUESSLER BONDS WON the plaque for having traveled the farthest to come to the Happy Days Celebration. Guessler is from Arkansas.

HAPPY ARTISTS STUDIO won first in Parade floats. Their theme was "America." A turn-table of paintings portrayed each stanza of "America." Mike Fellers hid under the turn-table and turned it as the parade progressed down Main Street. Mary Womack, an artist and member of the club, rode the float and painted Tisha Selvidge. Of course, the colors used were red, white and blue. Sylvia Burch of Six Gun City was chairman of the float.

METHODIST YOUTH FELLOWSHIP won second in the parade floats. Theirs was Mother, Daddy and seven "kids" in "The Good Ol' Days?" and that is the way the sign read. The young people were dressed old fashioned and living as the times depicted. Kim and Christi McCaslin, Diane Johnson, Carri and Darren Johnson, Ernie Wilson, Knoxie LeBeau, and Kathy Hamblen, and Eric Wallace.

HAPPY JAYCEE-ETTES WON third with their float, a gazebo or summer house, surrounded by a white picket fence and flower garden. Mary Ann Sims, "Miss Happy" and Melissa Null, "Little Miss Happy" were seated in white iron chairs in the gazebo. Runners-up to Little Miss Happy, Sharla Miller and Lisa Johnson also rode the float. I should tell you what happened on the way to the parade. We were concerned about the top staying on the gazebo, but we shouldn't have been. The top stayed on, but the whole thing blew off the float on the way to the parade right between George Rahlfs and R.T. Moudy's homes. President Sara Tirey, Judy Shipman, Dot Foster and Joy Freeman recruited Eugene and Ray Jackson and came to the rescue and "rebuilt" the float in nothing flat and we finally made it to the point of origin. All the riding clubs lined up and ready had to get off the pavement and let me through. All the girls were seated on the float and that is why Sara Tirey and Judy Shipman walked along and held the gazebo, folks, so that it wouldn't blow off again with the girls on there. Betty Stockett was chairman.

ROBERT LEE WAS the "hippie" of the parade and he made a startling discovery. You can ask him what it was. He was a bit unpopular that morning. He wore Mary Lou Hancock's wig and rode Clyde's motorcycle. Jody and Mary Lou helped make him up. He even had a bedroll. Authentic as I've ever seen. Battered jeans and a shirt that said, "Property of Galveston City Jail." Robert Lee said very little to the crowd. He knew his voice would give him away. But he said he had a lot of fun that morning.

THE MOST UNIQUE Award was presented the Longhorn Antique Car Club.

MANDI SHIPMAN WON the bicycle competition. The sign on her bike read, "Grandma's Little Angel" and the picture was an opposite. (A devilish character for those of you who missed it). Kay Stubblefield won second and Vicki Todd won third in bicycles.

SWISHER COUNTY 4-H won first in the riding club trophies; Canyon Sheriff Posse, second and Kress, third.

NANCY PURCELL, WIFE of Congressman Purcell was a special guest of the parade and during the day. I had the honor of introducing her to many people during the day. Congressman Bob Price was a special guest of the rodeo on Saturday evening. He was introduced during the Grand Entry and his son, Carl, roped in the tie down calf roping. A daughter, Janis, had planned to enter the barrel race, but was unable to because of a broken arm and Congressman Price was good enough to call us and let us know about it.

THE HAPPY RODEO and Steer roping presented over $8500 in prize money in the four days of activities. Will Heron of Lamar, Colorado, won the bareback bronc riding, Frank Hunter of Amarillo won second, Larry Christensen won third, and Pat Kirby and Ronald Wiseman split fourth. J.M. Bradley, of Dumas and nephew, Price Bradley, won the saddle bronc riding and Darrell Jones of Electra won second. Only two moneys were paid because of the small number of entries. Bob Wilfong (who is Birch Wilfong's son and many of you cattlemen know Birch because he has pastured cattle in this country) of Palo Pinto won the bull riding; Tom Stout of Amarillo won second; Scott Raferty of Phoenix, Arizona, won third; and Tom Mackechnie of Grady, New Mexico, won fourth.

BOB JOHNSON OF El Durado, Texas won the tie down calf roping; Bob Lewis of San Jon, New Mexico, and Craig Barton of Earth tied for second and third places and Eddie Stanfield of Clovis, New Mexico, won fourth.

DWIGHT HATHAWAY OF Canyon won the bull doggin' with a time of 18 seconds flat. These steers were scored seven feet. Made a difference in bull doggin' times and that long-g-g-g jump. Albert Flinn of Santa Rosa, New Mexico, won second in the bull doggin'.

CHRIS HELKER OF Forrest, New Mexico, won first in the barrel race with a time of 23.1; Kathy Geier of Larned, Kansas won second; and Marie Voss of Snyder and Linda Sultemeier of Melrose, New Mexico, tied for third.

BOOB KELTON AND A.R. Northcott won first in the team roping with 7.6; Duane Ridley and Benny Fulgham of Clovis, New Mexico, won second; Cowboy Johnson, Dimmitt, and Tommy Blasingame of Hereford, and Duane Ridley and A.J. Killough of Clovis tied for third and fourth places; Bill Teague and J.L. Keeney won fifth; and Bill Teague and Bob Johnson won sixth.

WE HAD A wild horse race Saturday night. Leon Schulte and Clyde Schulte of Nazareth each had a team and provided us with excitement. Neither won, but the decision of the judges was in favor of Leon Schulte's team.

TUFFY THOMPSON WON the steer roping on Sunday afternoon. He also won the first go. Tuffy roped, tripped, and tied four steers in 96 seconds. Doug Miller of Pecos won second; Martin Cribbs of Channing won third and S.E. Mayo of Panhandle won fourth. Tuffy won the first go; Marvin Cantrell won second; and Doug Miller, third; John Barfield won the second go; Shi Hurst won the second; and Ab Deakin won the third; Billy Frank Good won the third go; Lee Sifford of Adrian (Yea! Lee) won second; and Doug Miller won third; Buddy Spicer won the fourth go; Adren Cunningham, second; and Martin Cribbs won third.

JIM MARSHALL OF Amarillo and Tom Henry won the team roping which followed.

PING CRAWFORD ANNOUNCED for the rodeo performances and the Steer roping on Sunday. (And he got to sit on the cushion again. We need some more of those theatre cushions). Ping is very entertaining and easy to work with. I have worked with announcers that I let guess what was going to happen in a show and let them get through it the best way they could. Ping, you didn't know that, did you? And, I found out that Ping has another talent. He can auctioneer! Tommy Taylor was one of our clowns.

DEBRA MAGNESS WAS chosen Happy Rodeo Association's new queen on Thursday evening before the rodeo performance. Debra is the daughter of Mary Ann and Don Magness. Debra was chosen from seven entries. These included first runner-up Collette McCarley, second runner-up, Sherri Starkey, Connie Hand, Valerie Tipps, Susie Reynolds and Nancy Reynolds. The decision of the judges was announced after the grand entry and introduction of all seven candidates. We let the slip of paper blow away three times before Ping got it announced and Rocky Gidden rescued it for us each time. Rocky looked a little more disgusted each time! The complete surprise that registered on Debra's face was worth waiting for. Becky Via, retiring queen, crowned Debra and pinned the banner on her. Debra received a gift certificate for $50.

FLOYDADA SANDHILLS RIDING Club won the Pony Express races each night during the rodeo performance. They were exciting!

THE LITTLE BRITCHES Rodeo on Saturday afternoon was free to all spectators but cost the participants twenty-five cents an event. You received a belt buckle if you won an event. There were two separate boot scrambles but only the first who came up with his own boot won a buckle. That was Max Middleton. Second in the boot scramble was Bill Cunningham. Billy belongs to Susanne and Adren Cunningham who live south of Amarillo on the Claude highway (but now too far east on that road).

TOM HENRY ANNOUNCED the Little Britches Rodeo and J.T. Henry "clowned" for it. James Stockett led the grand entry. J. Horace McCarley was the flag bearer for the grand entry. J. Horace, that is quite an honor to get to carry the colors.

MAX MIDDLETON ALSO won the stick horse race. Duane Simons won second and Angela Hollis won third.

ROY D. THOMPSON won the "Goat with a Ribbon" event. They ran and grabbed the ribbon off the goat's tail and ran to the judge. Some of those little ones weren't sure they wanted to get close enough to that goat to grab the ribbon. Max Middleton won second and Renee Vermeire won third.

ROY D. THOMPSON, and he belongs to Judy and Tuffy Thompson and grandson of Acie Del and Copus Boyd, also won the flag race. Jacinda Stockett won second and Vince Bonner, Ed and Karen Wright's son, won third. Jacinda and Gena Stockett belong to Betty and James Stockett and believe me, they'll give plenty of competition every year.

JODY JOHNSON, SON of Mary and Bill Johnson, won the potato race, Max Middleton won second, and Melissa Null, third.

J. HORACE MCCARLEY won the goat tying in the 7 through 12 year old category. Luther Vandergriff won second and Neal Odom won third.

VICKY RUNYON WON the potato race; J. Horace McCarley won second and Fara Moore, granddaughter of the Roland Moores won third.

FARA MOORE WON the flag race; Ronnie McDonald, son of Linda and Bob McDonald won second and J. Horace McCarley won third. By the way, J. Horace belongs to Opal and A.J.

MIKE WEAVERS WON the calf riding; Kathy Tucker of Tulia won second and Bobby Keeter, Tulia, and Emily Simpson, also Tulia, tied for third.

BOBBY STROMEYER WON one division of the needle in the haystack at the park.

LEE DONNELL IS the champion of the singles in horse shoe pitching.

HAPPY ARTISTS HELD four categories at the art show—oils, water colors, miced media, and acrylics. Geraldine Hipp of Tulia won the best of show as well as first place with water color. Trig Smith won second in water color and second in best of show. Sharon Nichols of Tulia and formerly of Happy (Mark and Ollie's) won first place in mixed media, Gay Fellers won second and Bob Hargrave won third.

CURLEY SELVIDGE WON first in oil paintings and Carolyn Kimbrell of out Arney way won third.

DOTTIE FOSTER WON the trash masher that the Jaycees gave away. Later Saturday Jaycee-Ettes were cleaning up at the Jaycee Hall and the kids were carrying out trash. All of them began asking everyone for an extension cord. Finally someone asked why. The kids were going to plug up that trash masher in the pickup and see if it worked.

JERRY SHIPMAN OF Hereford won one quilt and Mrs. Joy Cox of Canyon won the other quilt that the Jaycee-Ettes gave away. Mrs. Jack Foster was the donor of these two beautiful quilts.

VOLUNTEER FIREMEN BICYCLES went to Danny White and Johnny Bowman.

COLONEL DICK RATJEN auctioned off the painting donated to the Happy Artist Club by Mary Womack, Gay Fellers, and Eddie Wilson. Nancy Purcell purchased the "Western Sunset", an oil painted by Mary Womack.

GAY FELLERS WAS the only member of the Happy Artist Club to have a booth in the Flea Market this year. They had many beautiful things with prices up to $1700 for one of the items.

CURLEY SELVIDGE, PRESIDENT of the Happy Art Club, said the art show was a big success!

I ESPECIALLY ENJOYED the piano playing in the park by the blind man, Rick Blanchard. The young man who accompanied him on the banjo was a Gazaway.

ROWDY QUINN BRYAN celebrated his birthday at Thompson Park. Jeff and Nell Sims, Wade and Linda Elliott, Tammy Bonner, Genie Jackson, Angelique Henry, Joanna Hurst, Sabre, LaVonna and Carolyn Boston, Mandi Shipman, Arnold, Sherren, Teddy and Sherry and Edna Bassett, Todd, Dennis and Kent and Joy Bryan, and LaQuitta and Helen Beardon rode the rides and toured the zoo at Wonderland Park and then ate ice cream, cake and cokes. Angelique, Joanna, Genie and Tammy spent the night with Helen.

HUGH COOPER ALBERT Flinn, and Hugh's two nephews ate dinner with Helen and Carl Bryan on Friday. Hugh Cooper then visited during the afternoon with Dick Ratjen and with Copus boys.

MRS. HUGH COOPER of Santa Rosa attended the rodeo in Happy on Saturday night.

RAY JACKSON AND Frank Lynn of Wichita Falls spent the weekend with the Eugene Jackson family. Ray is Eugene's brother. Betty Jackson and sons, Rod and Roger, of Phillipsburg, Kansas, also spent the weekend. Other guests were Mr. and Mrs. Jess Grantham of Dalhart and Duane Grantham of Corpus Christi.

JUDY SHIPMAN ASSISTED by Deanne Morrison took Den II of the Cub Scouts to Wonderland Park for a social on Wednesday of last week. Scott and Vance Morrison, James Nation, Dan Pusipner, Wade Bell, Chuck Walker, Bobby Strohmeyer, Tommy Patilla, Raphe Shipman, enjoyed the evening.

VALERIE TIPPS, SHERRI Starkey, Eddie Jo Pearson, Betty and Floyd Tipps and LaVelle and Jess Starkey attended a 4-H Playday in Vega on August 12th. Valerie Tipps won second place in the flag race, second place in the barrel race, second place in the potato race and third place in the pole bending. Sherri Starkey won first place in the flag race, first place in the barrel race and first place in the pole bending. Eddie Joe Pearson won seven first places which included the above events and a keyhole race.

MAUREEN AND D. L. Addison were entertaining Jim and Rinda and Wesley Allison and Linda and Jim Scrib of Plainview and Carry Williams of Grand Prairie and Mrs. Sibyl Prewitt.

MARCUS AND BILLY Ed Conway were in the Flea Market and I was able to visit with them a minute.

I HAD NOT seen Mary Jo (Huckabee) Wornsand in years. She didn't think I'd know her.

BUSTER RECORD OF Dumas was injured at the Tri-State High Rodeo in Perryton on Friday night by a brahma bull. Buster spent Friday night in the Perryton Hospital, but went home Saturday, bruised and sore, but unbroken. His dad, Tommy, gave us a good report on Buster Sunday afternoon.

OMA LEE LOWRY is in Neblett Hospital because of a kidney stone.

C.V. BROWN, Ceta Canyon Camp, is in Northwest Texas Hospital after surgery on Monday. Hope you are much better, C.V.

HAPPY BOOSTER CLUB held its first meeting on Monday night. Larry Tackitt called the meeting to order in the absence of John Butler. New officers elected for the coming year are president, Bob Hargrave; vice president, Bill Looney; and secretary-treasurer, Jo Hand. Meetings are scheduled every Tuesday night at 8 p.m. during football season and films will be shown. Ervin Wilson is membership chairman. Dr. Miller of Canyon will be the attending physician for the team and will be present at most games. The first will be a scrimmage with Vega here this Friday at 8 p.m.

HAPPY JAYCEE-ETTES met Tuesday evening and I led the creed. (I can still say it). Skip Simons reported on the ice cream sale; Betty Stockett reported on the float; Joy Freeman reported on the concession and Judy Shipman, the senior citizen luncheon. There will be a "Sit-In-Hen" at Hereford on September 8. Jaycee-Ettes voted to buy new serving pieces for the kitchen and to donate to the cancer fund in memory of Sheriff L.S. "Slim" Johnston.

PLANS ARE STILL rolling for the Lay Witness Mission on September 1, 2, and 3 at the Baptist Church.

See ya,
Mary Neal

Palisades Palaver

Kids React To First Day

By VICKI HOOKER

LAST WEEK'S HEADLINES read "Bridge Nears Completion." Well, this week folks, it IS completed! And we who use that bridge every day cannot show enough gratitude to those who gave time, money, and mucho elbow grease to the cause. Everyone concerned is certainly proud of the job our men did, and it seems very inappropriate, but the best we can do is say "Thanks." (It really looks great, fellas!)

FOR ALL PRACTICAL purposes, summer vacation is over, but memories of trips, new friends made, and visits from long, lost relatives will linger in the minds of many for months to come. And I'm very pleased to report that with the thousands of miles put on American highways by Palisades residents, and with the dangers faced by those creek swimmers and those dauntless motorcyclists, everyone survived the summer pretty well!

ONE OF THOSE memorable trips was recently made by Buster and Marcella Carlile and family, who traveled 2500 miles in one week. First stop was a visit with Marcella's aunt and uncle in St. Louis. While there they visited the 630 foot high Arch, which is a memorial to Thomas Jefferson and the Louisiana Purchase, and visited the zoo.

THE HIGHLIGHT OF the trip was the Micromidget races at Logansport, Indiana. Buster raced someone else's car and placed in two heats. But his luck ran out in the main and he did not place. Better luck next time, Buster!

ON THEIR WAY home they made another trip to St. Louis to see Six Flags Over Mid-America, which, according to Marcella, is similar to Six Flags over Texas. But this was only after they recovered Marcella's purse in the restroom of a service station in Champagne, Ill. The purse contained credit cards, travelers checks and most important, Jerry and Cindy's wedding pictures! And, it wasn't even missed until the family was 15 miles out of town! But when they returned to pick it up, everything was in place — nothing missing! (The first and last time Marcella ever leaves her purse anywhere!)

SO GLAD YOU all are home and had a safe trip and congratulations to you on your son Jerry making the Air Force track team! Jerry, who is in boot camp in San Antonio, recently outran 19 other boys in his combat boots and got on the team!

BOB AND VALERIE McClendon recently returned from a week-long trip in the Rockies, where they saw "oodles" of beautiful country and caught "gobs of trout!" On the trip they took along the four children, Bob's dad, a car, a pickup, and a motorcycle. (Guess they were traveling light!)

THE CHILDREN HAD a ball staying in the cabin on Twin Lakes, and they especially liked reeling in those fish one right after the other! Valerie didn't say if they won or lost, but they did make it to the dog races in Pueblo and horse races in Raton. However, she did say that the McClendon's may be the proud owners of two greyhounds! It seems as though one of the dog owners has some dogs which have served their purpose as far as racing them goes, and that he needs a place to "put them out to pasture!" And, where could he find a more perfect home that at the McClendon's?

HAPPY TO HAVE you all back home again, and I know everyone is looking forward to the club meeting at the McClendon's on the 7th.

IT'S ONE THING to have unexpected afternoon company, but it's quite another to have unexpected overnight guests! And, that's just what Bob and Jo Delle Walker had last Sunday night. One of Jo Delle's closest and oldest friends, Meda Usury, her two sons and their girlfriends from Jackson, Miss., just "popped in" on their way to California. Everything went really smooth aside from the fact that Monday was the first day of school and Jo had three children to get ready! But everyone enjoyed the visit and the surprise!

(PLEASE DON'T READ this: Roberta Carthel is back at work after five days in the hospital and is doing well, but she didn't want me to tell you.)

CONGRATULATIONS TO CHARLIE Hooker who recently won a Midland sideband 2-way radio on a $2.00 raffle ticket. The radio is valued at nearly $400!

WE ARE VERY fortunate to have as our bus driver this year a very conscientious young man by the name of Denny Buck. He is 25 and a student at WTSU; originally from Childress. This is his first time to drive a bus, but he has driven trucks. When asked about his first day on the Palisades run, he commented, "It was different!" (I'll ask him again next week and see what he says!)

DENNY'S SISTER DRIVES a bus on the Palo Duro Highway route and his brother drives on the route south of Canyon.

THE ROAD SITUATION really needs improving, especially the hills, according to Denny. And that, friends, doesn't leave much area that doesn't need improvement! Hopefully we will get some good ole rain soon so the roads can be graded. Not much can be done till then!

HERE ARE SOME comments from Palisades youngsters concerning their first day back in school:

"YUK!" WAS RHONDA Webb's comment. She's an eighth-grader and is dissatisfied with everything except choir and crafts!

CHRISTY FLEMING, A fifth-grader, on the other hand, stated her first day was really quite fun. She was really excited about a recent trip to Colorado (Monument Lake) with Onnie and Estelle Atkerson on which she caught two fish! (Onnie caught only one.)

AT FIRST, FIFTH-grader Michael McGahey thought it was okay. But when he found out why I was asking him, he said, "Really it was kinda lousy."

SEVENTH-GRADER DENNIS Mitchell wasn't very excited about starting junior high. As far as the bus driver was concerned, Dennis said it didn't make any difference to him about bus drivers, just as long as they got him there! All in all, he said his first day was "O.K."

HIS BROTHER TONY, who's in the ninth grade, was very disgruntled with the whole mess. "It was terrible," he said. "I'd just soon stayed home."

KENNY SEITZ, WHO is new to the Canyon Schools, just said, "It was all right."

SHARI BOOTHE IN the seventh grade was really impressed by her new surroundings. She said it was "more exciting," and that "You really have to hurry to get everywhere." But probably the best thing about going to junior high in Shari's books is that she no longer has to switch buses!

DOUG MOORE, A second grader, gave the impression that he was totally uninterested in it all. When asked what he thought about his first day back, he merely said, "I didn't think nothin'!" And, when asked what he did that first day, "Aw nothin'. We just sat around and listened to her." I suppose that means the teacher!

KEEP THOSE CHINS up, kids. If the first day wasn't so good maybe all the rest will be much better. See you next week!

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

VOL. 76 NO. 21 CANYON, TEXAS THURSDAY, AUGUST 24, 1972 ONE SECTION 12 PAGES 10 CENTS

Democrats Name Longest To Carry Sheriff Standard

The county Democratic Executive Committee placed Cliff Longest's name on the ballot for the November election Monday night virtually assuring the 45-year-old sheriff a four-year term.

Longest was named last week as interim sheriff by the Randall County commissioners court to replace L.S. "Slim" Johnston, who died Aug. 15.

Even though executive committee chairman Marion Bruce told reporters the committee's decision was unanimously in favor of Longest's candidacy, at least one committee member felt the Demo vote had been railroaded.

Longest is unopposed on the November ballot. The Republicans placed no name on the ticket to run against Johnston.

Four Randall County deputies were interviewed by the 21 members of the executive committee before they adjourned for executive session and excluded the press.

Bruce told the committee members the county commission "appointed who they think is the better of those offered the job," but he said he asked the other three deputies to appear Monday night to give the committee a choice.

The three, Crosby Hammons, Ray Tinsley, and Recil Johnson, all said they would be interested in becoming sheriff of Randall County.

Each candidate told the executive committee of his qualifications, education, experience and feelings about various Supreme Court rulings.

Nearly all the candidates said they would make minor changes in the running of the sheriff's department.

Longest, during his interview with the committee, said he will put an additional man in the South Amarillo annex and will add another deputy to the night shift. He also said he will name a chief deputy as his replacement in the event of sickness or out-of-town travel.

Longest said he agrees with the so-called Miranda Decision of the Supreme Court which makes it mandatory that suspects be told their rights when arrested.

"It's a good thing," he said. "We've been doing it for years, anyway. It makes our work a little harder, but when we make a case then we've got one."

Longest said he supports the elimination of capital punishment if prison sentences are altered to include a life term which is, in fact, a life term with no hope for parole.

All the deputies told the committee they will strive to work well with each other and were interested in remaining with the sheriff's office no matter who the Democratic selection was.

County Judge Woody Pond told the committee he's sure Longest was selected as interim sheriff by commissioners because "they felt he was the best qualified."

A South Amarillo committeeman raised the specter of controversy.

"In talking to people in Amarillo, I'm under the impression there's a fight to get the man for the area and not the best quali-

Hugging her stuffed dog close, this little football fan enjoys the ice cream during Tuesday night's initial Eagle Booster Club meeting at the high school field. She was just one of about 600 people—including players—who attended. Elton Cox, Booster Club president, said 77 persons joined the club during the evening.

Another Interstate Meet Set; Sooners Praise By-passes

County commissioners, city commissioners and members of the board of the Chamber of Commerce will attend another session Friday night in Hereford to continue discussions on possible redesignation of U.S. 60 as an interstate highway.

Representatives of the three entities were to have met Wednesday night in Canyon to coordinate plans for expressing Canyon's and the county's feelings about the proposal.

The men met in Hereford three weeks ago when plans for the redesignation were revealed by members of the Roswell, N.M., Chamber of Commerce. Several New Mexico towns had been working on the redesignation of U.S. 60 and other highways connecting Amarillo with Las Cruces for more than seven years.

U.S. 60 runs through the northern portion of Canyon between Hunsley Hills and the city proper.

In other developments this week, local Chamber Manager Roland Black said he has received three letters from Oklahoma cities in reply to his request several weeks ago for an impact statement concerning interstate by-passes of those cities.

Black sent out letters to eight cities on various Oklahoma interstate routes to determine the liabilities and assets involved in being by-passed by an interstate highway. Canyon is scheduled to be by-passed in the near future by Interstate 27, which will go around the city to the east.

Letters were returned to Black by the chambers of commerce of Sapulpa, El Reno and Muskogee.

The letters were fairly similar in respect to the effect of the interstate by-passes.

The Sapulpa chamber manager said his city is by-passed by the Turner Turnpike.

"I'm sure," he wrote, "that we would have had to build some kind of loop route around the downtown area" had it not been for the turnpike by-pass.

The Muskogee manager said the by-passing of that city by Interstate 40 "has not had a positive effect on Muskogee, but neither has it had a detrimental effect."

He said, though, the by-passing of the city by a turnpike between Tulsa and Interstate 40 "has helped us almost immeasurably.

"Traffic on the turnpike is rising rapidly," he said. "It has been a fine catalytic agency to the economic conditions in Muskogee."

The chamber manager at El Reno voiced similar opinions.

"There have been no businesses in the city, to my knowledge, that have closed as a result of Interstate 40," he wrote. "If anything, many of them are doing more business than they did before I-40.

"We definitely feel that the interstate highway, which is located just south of our city, has been a decided asset rather than a liability to us."

Gas Users Seek Help In Regulating Pioneer

Randall County commissioners tabled Monday a request from the Plains Irrigation Gas Users Association that the county petition the Federal Power Commission to control gas rate increases sought by Pioneer Natural Gas Co.

The request was made by letter to the commissioners, who said they needed more information before they could make any decision on the request.

A petition sent along with the letter to be signed by the county judge, states that Pioneer is not regulated by any agency and because of this "the company is free to raise the price of gas at any time and the farmers have no recourse and simply must pay the increased price or be cut off from natural gas."

The petition charged that Pioneer is "an unregulated monopoly" whose price increases are having "a devastating effect upon the agricultural economy of the area at a time when agriculture in general and particularly in this local area is already so depressed that many farmers have lost their farms and have been forced to earn a livelihood in some other way."

(Donald Olson, a member of the board of the gas users association, told The Canyon News this week that Pioneer has raised gas prices only recently. He said the association has made attempts before to convince the Federal Power Commission to regulate the company, but that such efforts have met with little result.)

In other business, commissioners heard several requests for funds.

Marshall Rockwell of the Palo Duro Soil Conservation District asked that the district be given $100 per month by the county to carry out educational and public information programs on conservation.

Rockwell said the district was formed in 1954 and given a one-time state appropriation of $14,000 for operations.

"That money will be depleted in a short time," he said, noting that he feels the district "has spent its money well."

Rockwell said the district works with local farmers and ranchers, with homeowners and school children to promote soil conservation.

District officer Ed Wieck told commissioners the district has become more involved in recent years in programs to teach school children good conservation practices and the importance of conservation.

"Our biggest need in the future will be public relations and getting people interested in what needs to be done," he said.

Commissioner John Fulgenzi asked the district representatives what they could do without funds.

"If you have no funds you're handicapped," Rockwell replied. "We've got to have funds. Without funds we can't do it."

The commissioners assured the district officials they will consider the funding request during the course of putting together the next fiscal year's budget.

Mrs. Grace Warwick represented the Randall County Historical Society in appearing before the commission to request $300 in funds for the next fiscal year.

Mrs. Warwick said the money would be used to restore the T-Anchor ranch house which is now on West Texas State University property just east of U.S. 87 north of Canyon.

She also called for a historical marker on the highway to note the site of what she termed the oldest ranch house standing in the Panhandle.

COVERING FUMBLES

by Dean Mitch Jones

An insult (or joke) wounds us to the degree of truth that it contains.

Fire Rages At Dump Grounds

The city dump grounds northwest of here continued to burn this week, sending white smoke into skies for the first time in about two years.

The fire, which has consumed much of the garbage dumped in the grounds by county residents, began about noon Saturday and by late that day the fire was visible for miles.

Passersby and even city residents not used to seeing the blaze which was so familiar several years ago sought out the fire only to find it was at the dump grounds.

Units from the Canyon Fire Department sped to the dump shortly after the fire was reported Saturday and functioned primarily as control for the wind-fed blaze.

It was the first fire at the dump grounds in two years. About four years ago, the state government outlawed a trash disposal system involving burning and the city installed a sanitary landfill system.

For City Manager George Loudder, the dump fire was a problem, as he answered calls from irate residents bothered by the smoke.

Loudder, who said the fire apparently started when someone brought smoldering garbage to the dump, pointed out that the fire was not in the city-run sanitary landfill which is used for Canyon residential and commercial solid waste.

"It was in the area where county residents dump," he said. "This type waste is not conducive to a land fill. Our landfill has never burned."

Loudder said there is no way of telling how long the fire will burn.

"As soon as it goes down we'll make every effort to put out the fire," he said. "But, right now, we can't afford to jeopardize our men and equipment as long as it's like it is."

Loudder said the state law

(See FIRE, Page 5)

New Mascot Named For Buffs This Fall

The West Texas State University Buffaloes will have a new mascot this year.

Buffalo Bill, atop a white steed, will rally support for the Buffs at all their home games and at special events throughout the Panhandle.

Buff Coach Jimmy Campbell said the Buffalo Bill idea was spawned after Dave Browder of Goodnight offered to lend a white Arabian horse to the school for use as a mascot.

The horse and rider idea is a new twist for a team which in the past has had live buffaloes for team mascots.

Campbell said the horse, which is named Cass and which is registered, was received Sunday. It is currently kept at the university farm horse barn.

Cass and his rider, Ben Garrett, a WTSU rodeo enthusiast, were introduced Wednesday afternoon during press day on the campus.

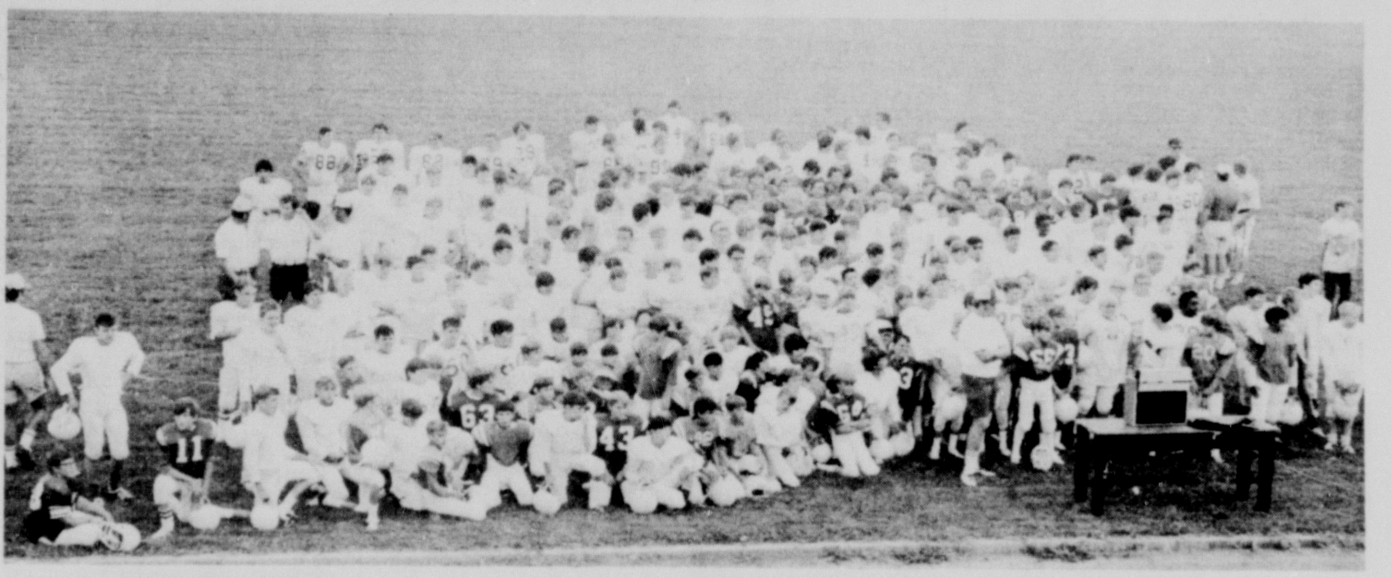
Garrett will pose as Buffalo Bill this fall.

Working with Boone McClure of the Panhandle-Plains Historical Museum, Campbell came up with an authentic Buffalo Bill outfit for Garrett.

The Buffalo Bill suit and all riding gear were donated to the university by John Trimble of Cowtown Western Wear in Amarillo.

Campbell said Buffalo Bill will be decked out in white and will sport a mustache and beard reminiscent of the old-time Western figure.

(See MASCOT, Page 5)



More than 350 boys are out this fall to play football in grades 7 through 12. The teams were presented Tuesday night at the first meeting of the Buffalo Booster Club.

Rains Elude Randall County

Sorghum Crop In Trouble

This year's dryland grain sorghum crop is facing severe trouble.

What started out as a bumper crop year could end up a disaster.

The problem is rain — or lack of it.

County Agent John Brazzil said this week that the 20,000 to 30,000 acres of dryland grain sorghum and additional acreage of forage feed needed adequate amounts of moisture earlier this month to bear to full potential.

"Our forage feeds and sorghum are all beginning to be severely restricted," Brazzil said, "by a long period of no rain."

The county agent said farmers preparing to plant wheat are also restricted by the lack of rain.

"Up to now, the crop looked beautiful," he said. "It grew well and reached a critical point around the first of August when it needed moisture."

Brazzil said the sorghum began maturing in the first part of this month and maximum water supplies are necessary during this portion of the plant's cycle.

The last rain recorded in the county with any appreciable moisture was about July 20, more than a month ago.

"We've reached the stage where a shortage of water really reduces the crop," he said.

Brazzil's spirits were not lifted Tuesday morning following a night of spectacular thunderstorms and lightning displays which produced little more than pyrotechnics.

For counties surrounding Randall, the moisture reported from Monday night's storm was beneficial. But, in the county itself, the rains were spotty and mainly light.

In Happy, for example, farmers recorded as much as .75 of an inch.

In the southeastern portion of Randall County, about .40 of an inch was measured.

Rains were sporadic around Umbarger with as much as a half inch reported to the north of Umbarger.

The sheriff's office in Canyon reported only a trace.

Even if the dryland sorghum outlook is bleak, Brazzil said the irrigated crop is "heading and blooming and looks like a real good crop."

The dryland sorghum acreage makes up about one-third of the total sorghum acreage in the county.

The weather outlook for the county area holds some hope of showers through Saturday evening.

The National Weather Service calls for partly cloudy skies with little change in temperatures. Scattered afternoon and evening thundershowers are expected.

Highs are expected to be in the 90s and lows in the 70s.

If It's Not One Thing, It's Always Another

If Randall County farmers aren't suffering because of rain, they're bothered by greenbugs. And, if greenbugs aren't bothering them, then there's always something else.

The latest threat to agriculture in the county is just another in the seemingly never-ending variety of varmints and vagaries which plague crops.

And, that threat is bindweed.

Ed Wieck, chairman of the Palo Duro Soil Conservation District terms the threat "serious."

"It's definitely enough of a threat to be alarming," he said. "Some areas south and east of Amarillo — particularly in the northeast part of the county — are in pretty bad shape."

For the county as a whole, Wieck said the threat is serious.

"They call it (bindweed) 'cancer of the soil' " he said, "and it sure is."

County agent John Brazzil agrees.

Brazzil said as many as 15 sections of land in the county are completely covered with the strangling, crawling weed.

And, he said, there's probably not a section of land in the county which doesn't have bindweed in some measure.

While driving through city streets in Canyon, Brazzil can point out vacant lots with patches of the weed and curbs

(See BINDWEED, Page 5)

WTSU Coach Jimmy Campbell takes Cass, the university's new mascot, for a walk this week. Cass was loaned the school by a Goodnight resident and will be ridden by a Buffalo Bill during football games.

FROM THE CANYON RIM

by Troy Martin

I am disappointed in Preston Smith.

Back in 1968 when he was running for governor the first time Preston sold himself to the people of Texas as a conservative. He wouldn't even appear on the same speaker's platform with Hubert Humphrey.

He surrounded himself with a staff who felt about the same way he did.

You can imagine my surprise when I opened the paper Tuesday and learned that Preston Smith had turned out at the airport to greet George McGovern and Sargent Shriver.

Smith made the statement that McGovern is gaining support in Texas.

Bob Bullock, Smith appointed secretary of state, has also been making pro-McGovern noises. Have these boys changed this much in political philosophy?

I don't think so.

They hate John Connally and John Connally is lining up Democrats for Nixon. This makes Nixon bad and McGovern good in the eyes of these two men for whom in the past I have had high regard.

I could indulge Preston his political hatreds when only small things were involved such as state and district appointments.

Where the future of this country is concerned I will do battle with Preston Smith or anyone else even to the point of straining personal friendship.

I think McGovern would spell disaster for the United States.

***

There seems to be some serious question as to whether Senator McGovern has violated the Logan act in sending representatives to negotiate with an enemy power.

A year ago last spring this column attacked a proposal by Ben Barnes to take 1,000 Texans to negotiate with the North Vietnamese and the Viet Cong. Barnes finally discarded the idea when it became apparent that it wasn't good politics.

In a way I'm a little sorry that Ben didn't take the 1,000 Texans to Paris, Stockholm and Moscow. That was about 18 months ago and I'll bet all of them wouldn't be back yet.

***

In a speech to the Republican national convention, Barry Goldwater referred tenderly to the late John F. Kennedy.

The warrior from Arizona looked forward with glee to running against Kennedy in 1964 because he was extremely fond of the young President.

When Kennedy was killed at Dallas Goldwater lost his zest for running. He knew he would be pitted against Lyndon Johnson whom he despised.

***

Goldwater has a keen sense of humor. He was about to tee off at Amarillo Country Club a few years back for 18 holes of golf when someone mentioned that the club was closed to Jews.

"Oh well," the senator commented, "I'll just play 9 holes instead of 18 because I'm just half Jewish."

***

Sammy Davis, Jr., was master of ceremonies at a young Republican gathering in Miami Tuesday night. Sammy once got off a great quip about golf.

About to play a round he was asked about his handicap.

"I am a one-eyed Negro of the Jewish faith," Sammy retorted, "Isn't that enough handicap for anyone?"

***

Sargent Shriver went on the Democratic ticket when McGovern failed to get Teddy Kennedy.

I guess McGovern thought half a Kennedy would have to do. The Kennedy clan has expressed concern about Ted going on a national ticket for fear that he might be victim of assassination.

Apparently they consider Shriver expendable.

Hospital District Board Approves Budget

With no one present for the public hearing, the South Randall County Hospital District board approved a $115,751 operating budget Monday night.

The budget will be mainly financed by the district's first tax levy with a rate of 25 cents per $100 on an assessed valuation of 51 per cent.

The largest share of the money will be $78,045 for payment of interest and principal on tax bonds sold earlier this summer to partially finance a new hospital.

Before the board meeting, Ray Grimes, administrator of the district and Neblett Clinic, said the site of the new hospital will probably be on a 10 acre site east of West Texas State University.

"This site has the most advantages of all those we have looked at," said Grimes, who added that cooperation between the new WTSU nursing program and the hospital would probably be possible in the future.

Grimes also said Neblett Clinic has no problem now finding registered nurses, unlike many small state hospitals, partially because of WTSU. While the national average of RN working hours for a small hospital is about 25 per cent and the state average is about 15, Neblett averages about 50 per cent.

"We are real fortunate to have such a high number of RN's for a hospital our size, and it's a statistic that impresses the accreditation people," Grimes said.

City Ups Charges

Canyon city commission Tuesday night upped the charges for water and sewer taps.

Charges f[illegible] a 3/4-inch water tap from $[illegible]35 to $160; 1½-inch water tap from $280 to $320; 2-inch water tap from $395 to $460; and 4-inch sewer tap from $60 to $85.

City manager George Loudder said the new rates are based on break even prices.

"We are not trying to make any money off these," he explained.

In other business the commission employed the firm of Brown & Glover, Inc., as city auditor for the coming fiscal year.

Loudder told the commission that no opposition has been encountered to a move for annexation of three acres just across Spur 48 north of the West Texas State University campus.

Several businesses are situated in the area proposed for annexation.

Next meeting of the city commission is scheduled for the evening of the first Tuesday in September as the first Monday falls on Labor Day.

Policy Changes Noted For AWOLs In County

Taking a swipe at the Army this week, Randall County Dist. Atty. George Dowlen announced policy changes in his office involving AWOL soldiers.

Dowlen revised his policy concerning the prosecution of AWOL soldiers who commit felony offenses in Randall County.

"Apparently over the state, including Randall County, it is a problem that young men in the service feel they can go AWOL, commit a felony offense, be assured they get probation and be discharged from the Army," he said.

Formerly, Dowlen's policy has been to recommend to district judges that probated sentences be meted out to offending AWOL soldiers.

The policy change was apparently given impetus last week by the arrest of three AWOL soldiers in Canyon and Amarillo, who are charged with felony offenses.

"It is also becoming apparent under these circumstances, that in most cases the Army will do exactly what the AWOLs want and discharge them from the Army," he said. "Therefore, we're taking the stand that we will not recommend probation on any felony crimes committed by AWOLs."

Dowlen said Randall County has not had a serious problem with AWOL crime.

"We've not had any cases where anyone has been seriously hurt financially or physically, but if that attitude we've run into before continues to prevail sooner or later somebody will be," he said. "We feel we must do what we can to create an unhealthy climate for AWOLs coming into Randall County and committing felonies with the ulterior motive of getting a discharge from the Army."

Jurisdiction Decision Due

Decision on jurisdiction by the US Justice Department in the Randall-Potter Metro Intelligence Unit case involving alleged metro record discrepancies may not come for another month, Amarillo Police Chief Paul Hulsey said Tuesday.

Alleged discrepancies in metro records resulted in the indefinite suspension of its coordinator, Joe Bowes.

Hulsey said the case will be turned over either to the Justice Department or the Potter County district attorney's office for further action as soon as a decision on jurisdiction has been reached.

Bowes was dismissed July 17 after an extensive probe by the Amarillo chief.

"This type of case is not an emergency," Hulsey explained this week. "Federal agents will be interviewing witnesses scattered over a wide area and it may take two months."

Hulsey said there has been no foot dragging in the investigation and that it would be handled "just like it was anyone else and not a cop involved."

"We're not going to put emphasis on it or cover it up," Chief Hulsey asserted.

He said that if the Justice Department declines jurisdiction the case will be taken to District Attorney Tom Curtis to handle as he sees fit.

Burton Wins City Tourney

Winner of the championship flight in the Canyon City Men's Golf Tournament last weekend was Randall Burton with a 142 in two rounds of 18 holes at Canyon Country Club and Hunsley Hills golf courses.

Burton, a member of the West Texas State University golf team, is the son of Mr. and Mrs. Robert Burton, 711 Taylor Lane.

Second in the championship flight was Frank Castleberry, WTSU Activities Center director, with a 147. Third was Jim Thurmond with a 149, after he won a play-off against Bruce Winn.

In the first flight, R.P. Muir was first with a 147, J.D. Chessir placed second with a 150, and Andy DeWees came in third with a 152.

The second flight winner was Charles McClure with a 154; Bill Bell came in second with a 160; Cordell Huddleston placed third with a 161; and Ural Ramsey was fourth with a 162.

Third flight winners included Bobby White, first with a 167; Dr. Burwell Southern, second with a 174; and Fenton King, third with a 177 after a play-off with Richard Pruett.

Buffs Begin Sessions Today For 1972 Tilts

West Texas State University's football team hit the field for the first time today and two-a-day practices are the order of business.

The Buffaloes of Coach Gene Mayfield reported in at 5 p.m. Tuesday for an evening meal and physical examinations followed that evening. The varsity players then went through press day activities Wednesday afternoon and ran the traditional opening day mile to test their summer conditioning.

Coach Mayfield and his staff will send the players through non-contact drills for the opening three days of practice through Saturday. The first three days will be used for conditioning and early teaching.

The Buffs will then put on pads for drills starting Monday. The two-a-day sessions will continue through next week, although the sessions will be scheduled around registration Thursday and Friday.

West Texas opens its season Sept. 16 in Des Moines, Iowa, against pass-minded Drake, so much of the defensive work during the practice periods will be directed at defending against the pass. Six of the 10 Buffalo opponents in 1972 (Drake, Southern Mississippi, New Mexico State, Wichita State, San Diego State and North Texas State) are strong passing teams.

The daily workout schedule for the Buffaloes opens with a varsity practice between 8 a.m. and 9:30 a.m. A freshman practice starts at 9:30 and continues untill 11 a.m. The varsity is back on the field at 2:30 p.m. for an hour and one-half practice period. Then the freshmen will be worked from 4 p.m. until 5:30 p.m. A specialty period is slated for one hour at 7:30 p.m.

Daryl Carr was one of the early arrivals on campus. The junior safety man from Orange arrived on campus Monday evening.

"From looking at the other early arrivals, the physical conditioning of the team appears good," said Carr, who started 11 games last fall. "I've been running a great deal myself, but I caught a chest cold this past weekend and that mile may eat me up."

The Buffalo coaches brought in all of their freshmen to start the two-a-day sessions because of the new NCAA rule which allows freshmen to play on the varsity. Coach Mayfield and his staff are not presently planning to use any of the freshmen on the varsity, but they want to check out the first year men in the early drills.

7th Season Is Ending

The seventh season for the musical-drama "TEXAS" will end with Saturday night's performance.

Raymond Raillard, general manager of the show, said this is a record year for the drama, which has played nightly except Sundays in Palo Duro Canyon State Park.

He said more than 74,000 persons have seen the show this year through Monday night.

"1970 was our biggest season and we're ahead of it now on comparable number of shows," he said.

Raillard termed this year's show "the best ever."

He complimented his young crew for "a terrific job."

Memorial Fund Established By Committee

The Democratic Executive Committee Monday night established a memorial fund in the memory of the late sheriff, L.S. "Slim" Johnston.

Proceeds from the fund will be used to purchase an oil painting of the late sheriff for display in the Randall County Courthouse.

Additional proceeds will go to Boys' Ranch.

U.G. Berry of Amarillo volunteered to head the memorial fund drive.

Mrs. Virginia Cotten of Canyon said donations may be sent to the two Canyon banks and to Amarillo banks which will be named later.

Canyon School Nurse Tells Emergency Steps

By LINDA LOCKETT

The second-grade boys are having a rough-and-tumble game in the school yard, and one suddenly falls on the cement, receives a bad head gash and blacks out.

Mrs. Eleanor Deckard, Canyon school nurse, said her first action would be to send one person to call the boy's parents and another to call for an ambulance, if the situation was serious enough.

Therefore, Mrs. Deckard emphasized, she needs to have the work and home location and phone numbers of school children's parents. Alternate numbers, perhaps of a grandparent, close relative or friend, may also be needed.

Mrs. Deckard said she also needs to know the parents' preference for a doctor, in case of emergency. This information should be on health sheets, which are filled out by new students and often become out-of-date.

"I also need to know at the first of the school year about any special health problems a child may have," said Mrs. Deckard.

While she has had children with broken bones or teeth, Mrs. Deckard said she has not had a really urgent emergency yet.

She was quick to add that a child in any type of discomfort will rightfully feel his problem is serious.

A school nurse is not allowed to give any medication, unless under very special conditions, Mrs. Deckard said. She is allowed to apply antiseptics.

"In our schools, we encourage the teachers to care for minor first aid, and I try to keep the teachers supplied and well-informed," Mrs. Deckard said.

When Mrs. Deckard started to work, one of her first jobs was to check students' immunization records.

As of this fall, all Texas public school children should have records of certain immunizations, as required by a recently-passed bill.

Elementary students must have had a series of three DPT or DT (diphtheria-tetanus) shots, one of which must have been given after the fourth birthday. Also, a series of three polio inoculations, one after the fourth birthday, is required.

Measles (rubeola) and rubella (German measles) vaccinations are required.

High school students must have had boosters for DPT and polio within the past ten years.

"Parents should not worry about the expense of vaccinations, because they are given free at the Amarillo Bi-County Health Department," said Mrs. Deckard.

The Amarillo immunization clinics are open at 1-5 p.m. on Tuesday and Thursday. For working parents, a clinic is open during the first Monday evening of each month.

Not a nurse who sits in an office and waits for sore throats, Mrs. Deckard has many duties to keep her busy. She makes routine visual checks for students in kindergarten through ninth grades and hearing checks for students in first, third, fifth, seventh and tenth grades.

Observing children in the classroom or health room, Mrs. Deckard sees students referred by teachers.

Helping supply teachers with reference materials, Mrs. Deckard may also teach herself at the request of a teacher.

She helps secure materials for curriculum, as requested by the administration or curriculum director, and she attends seminars to keep up with new developments in health practice and school curriculum.

Each October, Mrs. Deckard helps the Tuberculosis Association and health departments conduct TB tests for students in grades 1, 7 and 12. "Contrary to what many people may think, TB is not wiped out in Texas," said Mrs. Deckard.

Mrs. Deckard sometimes speaks to parent groups and visits homes for necessary follow-up work or on request of a principal.

The nurse is also assigned duties by principals, such as the blood samples taken last May when possible pollution from the Amarillo smelter was checked.

On the above 11 duties, Mrs. Deckard keeps records, which she calls her 12th duty.

"I like to think of the school nurse as another important link in the chain of persons involved in the care and development of the 'whole child' concept that we strive for in the Canyon schools," Mrs. Deckard concluded.

Canyon Movies Are Selected On Popular Appeal

A drive-in movie business in Borger recently banned the showing of "They Shoot Horses, Don't They," because of the star, Jan Fonda's recent trip to North Vietnam.

Called a traitor by some people, Miss Fonda recently won an Academy Award for her performance in "Klute."

Assistant manager of the Canyon Varsity Theater, Mike Tilger said the Varsity showed "They Shoot Horses, Don't They" and "Klute" before Miss Fonda went to North Vietnam.

Tilger said the Varsity manager, Charles Donnell, usually selects movies by ratings and reviews listed in a trade magazine, "Boxoffice," and by requests.

"Donnell tries to cooperate with the college, as sometimes a department may request a special film," said Tilger.

"He especially tries to select movies that everyone can enjoy," said Tilger, who added that he did not know what vacationing Donnell thinks about the Fonda movies.

Driven by Gerald Norton of Ft. Sam Houston near San Antonio, this car rolled over, possibly twice, before it came to rest east of the road about five miles south of Canyon on Highway 87 Monday afternoon. Norton, his wife and son were going to visit relatives in Borger. As of Tuesday afternoon, Norton was listed in serious condition at Northwest Texas Hospital, where his wife and child were treated and released.

Car Wrecks On Hwy. 87

A one car roll-over Monday afternoon about five miles south of Canyon on Highway 87 interrupted a vacation for a couple and their son from Ft. Sam Houston near San Antonio.

As of Tuesday afternoon, Gerald Norton was in serious condition in the intensive care unit at Northwest Texas Hospital, where his wife and child were treated and released.

Witnesses said Norton was north-bound when he drove off the road on the west side, jerked his car back too far, went off the east side and then rolled over possibly twice.

The Norton's were said to have been going to visit relatives in Borger before Norton was to have been shipped to Vietnam.

News Brief

Four members of the cast of "TEXAS" recently received scholarships to attend college.

They were Mike Raillard of Canyon, Vicki McCormick, Billy Black of El Paso and Trisha Faubian of Amarillo.

LEGAL

THE STATE OF TEXAS
To any Sheriff or any Constable within the State of Texas — GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Randall County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION
BY PUBLICATION
THE STATE OF TEXAS

TO: Mona Marcella Cretsinger Murphy, defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 25th day of September A.D. 1972, to Plaintiff's Petition filed in said court, on the 10th day of August A.D. 1972, in this cause, numbered, 12,114-A on the docket of said court and styled IN THE MATTER OF THE MARRIAGE OF HARVEY DENNIS KEYS MURPHY and MONA MARCELLA CRETSINGER MURPHY.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 10th day of August A.D. 1972.

Attest: LaQUITTA POLVADORE
Clerk, 47th District Court
Randall County, Texas.
By Kay J. Morton, Deputy.
4tc20

Gas. . .

(Continued from Page One)

Judge Woody Pond said he believes WTSU will help finance some restoration of the ranch house and that the state highway department had advised that in the not-too-distant future an overpass will span U.S. 87 at the Hunsley Hills Road intersection and part of the land surrounding the ranch house could be designated a park area.

Mrs. Warwick also requested that a picture or plaque concerning the historical marker on the Palo Duro Canyon highway be erected in the courthouse.

The marker states that Coronado and his followers held the first Thanksgiving in this country several years before the Pilgrims.

Commissioners agreed to pay for such a plaque.

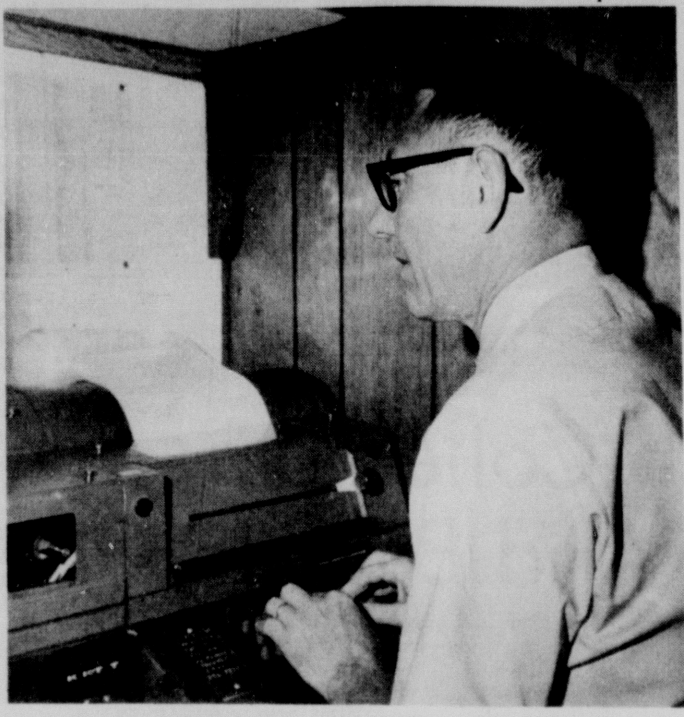
Mrs. Warwick also suggested that an old burial ground which contains four graves near the old T-Anchor ranch house be fenced off and marked.

Pond pledged his assistance in obtaining the fence and marker.

In other business, Commissioner Jim Fletcher suggested the county place identifying marks on the sheriff's cars for ease of recognition.

Pond said he will contact Sheriff Longest to determine feasibility.

Commissioners approved the advertising for bids for two new pickup trucks for use by the road maintenance department. Two old trucks with mileage totalling more than 300,000 miles will be traded.



Sheriff's Deputy Crosby Hammons types a message to the Department of Public Safety in Austin. In less than two minutes, he will receive an answer to his question about a particular driver's license.

Big Brother's Cousin Has Courthouse Space

Big Brother may not be watching you, but his cousin has a space in the Randall County Courthouse.

The sheriff's office has a machine with access to a computer which knows everything there is to know about your driving record, your car and your criminal record.

A teletype machine which sits unassumingly in the dispatcher's office at the sheriff's office can reach into the memory of at least two computerized systems which contain information about everything from your license number to your eye color.

Actually, the machine is not as ominous as it sounds and is, in fact, a tremendous aid to law enforcement, according to operator Crosby Hammons.

It's a great aid because in a matter of seconds, in most cases, the sheriff's office can get vital information on a suspect while the suspect is still on the highways.

"There was this fellow we wanted for forgery and we had no idea of ever getting him" Hammons said. "He was just driving around the country, changing his name and cashing checks. Reno picked him up for something, checked with the NCIC and turned him over to us."

The NCIC is the National Crime Information Center in Washington, D.C. It is operated for the use of law enforcement agencies.

In the case of the forger, for example, the Randall County sheriff's office, after receiving a warrant for the arrest of the man, teletyped a report on the warrant and description of the suspect to the NCIC where it was stored.

When Reno tapped the NCIC for information on their suspect, the computer memory was jogged and matched their suspect with the local suspect.

"If we have somebody wanted, we list all the information we have with them" Hammons said.

Likewise, if the Department of Public Safety stops a man on U.S. 87 and wants, for some reason, to check out his record, the sheriff's office can teletype the NCIC and receive an answer for the awaiting patrolman within seconds.

Hammons said information about people is not the only kind of input the NCIC can handle and locate.

"We list all stolen property—trailers or anything like that which has a serial number," he said.

Everything from shotguns to television sets can be listed on the NCIC computer.

The local sheriff's office hooked up with the NCIC system about six months ago.

But, for years, the office has had access to an information center here in Texas.

The Department of Public Safety operates a similar service for Texas residents only. At the DPS office, information on drivers' licenses, car license plates, driver records and criminal records can be obtained.

Meals On Wheels Seeks Volunteers

Meals on Wheels will hold their second planning and organizational meeting on Sunday afternoon, August 27, at the First United Methodist Church at 2 p.m.

At that time committees are expected to report information gathered to implement the program. Local churches, civic clubs, and other groups have been contacted about participation.

The Meals on Wheels project will be incorporated into a non-profit health agency. It will prepare and deliver well-balanced nourishing meals daily, five days a week, to those senior citizens who are unable to prepare one of their own.

Officers and committees will be elected at the Sunday meeting. A committee for selection of recipients will work with local doctors, ministers and others to screen applicants for the pilot operations.

The group is looking for volunteers and money to help make the program successful. They emphasize the Christian thrust of the program as being a total ministry to the elderly, thus helping break the solitary confinement of many of our senior citizens, and helping make their world a better place. Interested persons are urged to attend.

Baby Girl Born To Roanhauses

A new baby daughter, Carrie Michelle, was born to Mr. and Mrs. Eric Roanhaus, 1211½ Fourth Ave., at Neblett Memorial Hospital on August 14. The infant weighed 7 lbs. 7 ozs. and measured 20 inches at birth.

The maternal grandparents are Mr. and Mrs. Ralph Roanhaus of Port Hueneme, Calif.

The father is employed as a teacher of American history and assistant football and basketball coach at Canyon High School.

Fire. . .

(Continued from Page One)

which prohibits burning in dump grounds also contains a clause providing for accidental burnings.

Canyon firemen stayed on the scene several hours Saturday insuring the fire would not spread to surrounding grass, which is dry from little summer moisture.

Fireman Rice said thousands of gallons of water and the needless gambling of men and equipment would be required to extinguish the blaze at its early-week stage.

He noted that there is little the fire department could do to put out the fire except pour water on it.

Loudder said as soon as the fire has died down sufficiently, firemen will be called in to extinguish the remaining hot spots.

Bindweed. . .

(Continued from Page One)

covered with the plant."

"It's a deep-rooted plant which spreads by seeks and underground roots," he said.

Brazzil said bindweed is usually found in small patches and if eradicated at that time probably won't become much of a problem. Neglect, however, can reap a good crop of bindweed for farmers.

"It starts in small clumps and becomes established and the root systems sometimes are six to eight feet deep," he said. "it produces seed which stays viable more than 20 years."

Control measures, it is apparent, are difficult.

Brazzil said small patches of bindweed can be eradicated by use of chemical agents. Some chemicals, while they will get rid of the above-ground plant, will not kill the root systems.

"Researchers believe you can only fully eradicate bindweed in small areas," he said.

Unfortunately, the strong chemicals used to eradicate an area of bindweed will also be strong enough to kill anything else which might grow in the area, and, in fact, will probably contaminate the soil for several years.

"This is a pretty drastic measure," Brazzil said. "First, it's real expensive."

The weed can be fought effectively in small areas and this is where eradication action should come, he said.

If eradication becomes too much of a problem and the plant is scattered, Brazzil suggests that farmers "learn to live with it."

"There are several measures which can help control it," he said. "One is intensive plowing in the summertime to restrict the seeds. We can also use a hormone type weed chemical to kill the tops down. By using these we can prevent reseeding and can do some restriction of the growth."

Brazzil said particular problems in the county are road right-of-ways and railroad right-of-ways which harbor bindweed unbothered since the seed is easily moved from these areas into farmers fields.

And, even if farmers can kill the plant, the seeds are still around for years.

To alert farmers to the bindweed problem in the county, the Palo Duro Soil Conservation District is devoting its entire monthly newsletter to bindweed prevention, treatment and identification, according to Wieck.

Demos. . .

(Continued from Page One)

fied," he said.

He said he had talked with several persons who were interested in having the new sheriff come from their part of the county.

"I don't think it should be a factor whether he lives in Canyon or Amarillo," he said.

Canyon's A.W. Lair was outspoken in his criticism of the commissioner's court.

"Actually, we're in a trap," he said. "We don't have much choice because one man is already appointed and we'd do serious injury to the department to name another."

Lair criticized the commissioners for not coordinating their choice for sheriff with members of the executive committee.

"When we have Cliff as interim sheriff and we come up with someone else it could be a very damaging thing to the sheriff's department in this county," he said.

Just after Lair's remarks, Bruce suggested the committee meet in executive session to exclude the press from the meeting.

Lair opposed the executive session, but was voted down.

Mascot. . .

(Continued from Page One)

Cass will sport maroon riding gear.

Buffalo Bill and his horse will be scheduled for guest appearances in parades around the Panhandle, Campbell said. In fact, they've already been invited to head the Tri-State Fair Parade next month in Amarillo.

Browder is a WTSU ex-student who played football back in the late 40s.

Sherman Acres News

Vacationers Flock Home

By MARY JO GRIFFIN

THIS BEING THE first week of school, we've heard some real nice comments from several students. Also our community is well represented in each grade in public school plus several college students. Work hard and this can be the best year ever.

HAPPY BIRTHDAY MONDAY the 28th to Vivian Southard. Hope you have a pleasant year ahead.

GUESTS IN THE home of Mr. and Mrs. Herbert Hall and family Saturday were Mr. and Mrs. M.K. Howard of Houston. Randy Hall returned home Wednesday after a three weeks visit with friends in Phoenix, Arizona.

MR. AND MRS. Jack Nance and family spent last weekend in Ruidoso, New Mexico.

ANOTHER COUPLE IN our neighborhood have recently become grandparents. Congratulations to the Golden Curries on the birth of their granddaughter named Chrystal Leigh and born to Mr. and Mrs. Bruce Currie of Canyon, August 9.

CELEBRATING THEIR WEDDING Anniversary yesterday were Mr. and Mrs. C.K. Smiley. Monday will be the anniversary of Mr. and Mrs. Herman Wicker. Congratulations to both couples and may you have many more years of happiness.

SUNDAY DINNER GUESTS in the C.L. Morgan family home were two of C.L's sisters and his mother. Mr. and Mrs. Wallace Biter from Shamrock were among the guests.

CONGRATULATIONS TO THE Canyon News with two second place wins recently during the West Texas Press Association Competition at Brownwood, the two categories being general excellence and column writing. The association boundaries stretch from Perryton to Presidio.

OUR USUAL COOLING southern breezes sure brought a lot of smoke our way last weekend from the Canyon city dump. Thought for sure we'd all stifle before the wind came from the north. Back to our pleasant days again now.

Canyon's garbage collectors are (l to r) Neil James, Charlie Bishop, J.C. Woods, Denton Harriman, Larry Brummett, John Edminster and Tom Green.

City Trash Collectors Just Grin And Bear It

They call themselves "sanitary engineers" and laugh.

As they file into the city barn, one of them, his face streaked with dirt, eyes the reporter and cracks: "you're the cleanest guy I've ever seen around here."

It's a dirty job and a thankless one for Canyon's solid waste disposal experts (they even refer to themselves as garbage collectors), as they haul annually more than 5,000 tons of solid waste from residences and businesses in the city.

These eight men in a year fill at least 8,000 square yards of space in the city dump with tin cans, boxes, sacks and everything imaginable.

In our consumer-oriented society, they find that people throw away anything—even items which still work.

Most workable goods are found by the trashmen while collecting garbage at West Texas State University.

"You can find radios and clothes of every kind down at the university when school lets out at Christmas and in the summer," one said.

The men have found working stereos, tape decks, clocks, televisions, typewriters and numerous other items.

Even though some of their "finds" compensate for some of the drudgery of trash collecting, the men still have some complaints.

They complain, for example, about residents who dump grass and tree limbs and leaves beside their garbage cans without putting them in containers.

They gripe, too, about alleys which are littered with papers and debris and covered with weeds.

The trashmen are grateful, though, for residents who use the large plastic trash bags now on the market.

"All we have to do is throw them on the truck and go," said one collector.

The city's trashmen are J.C. Woods, Larry Brummett, John Edminster, Tom Green, Neil James, Charlie Bishop, Denton Harriman, Rick King and Bob L-ven.

WTSU Coach Enlightens Reporter During 'Football Widows' Clinic

By LINDA LOCKETT

Feeling very superior about my knowledge of the sport of football, I walked up the stairs of the West Texas State University Activities Center to the first Ladies Football Clinic (for football widows) Sunday.

After all, what could WTSU head football coach, Gene Mayfield, and crew teach me. I had a not too spectacular career as a defensive end for a girl's club team in high school.

Sure, we just played flag football, but it was still hard work. And after the first practice when I intercepted the football and did not run for my goal, I got thoroughly chewed out and began to pay attention to the finer points of the game.

To my surprise, I found Mayfield not only giving out elementary instructions about football, but also telling us football widows (about 120 with a sprinking of male spies) some of the pickier facts, with which we could trip up our know-it-all husbands or boyfriends.

For instance, the football field is 53 1/3 yards wide and divided into thirds by the hash (different from stew) marks, except in pro ball, in which the hashes have recently been moved inward.

Also, I bet very few hubbies realize that football coaches strive to have only two seconds elapse between the time the center snaps the ball to the punter and the time he kicks it. The center is only supposed to get 9/10th of a second to get it to the punter.

Mayfield began his instructions by saying that football was really not too technical, but husbands and boyfriends often try to make it more difficult than it really is.

But as he kept talking and saying, "Now I don't want to get too technical," I began to get a sinking feeling.

For instance, after the "plain old vanilla formation," with quarterbacks, fullback and halfback, we went into slot backs, tail backs, wing backs, flanker backs, and split ends (not like the "frizzies").

While some women began to understand I, T, Wing T, Wishbone, Pro Set and Split Backfield formations for the first time, I was wishing Mayfield had stayed on the part about why offensive tackles are called tackles when they aren't supposed to tackle.

Another thing women may be able to trip up their husbands on, said Mayfield, is when the clock starts. It does not officially begin at the start of a game until a member of the receiving team touches the football.

Speaking of the start of the game, I felt deceived when Mayfield said the little gathering for the flip before the games on television is usually a fake. Actually, the flip takes place 30-40 minutes before the game, and the visiting team calls it first, Mayfield said.

Instead of watching the quarterback on offense ("nothing to do with odor"), Mayfield said to pick out a guard or tackle to watch. By their action, one is supposed to be able to usually tell what kind of play it will be.

Another thing many men do not know about football is what the men in striped shirts are called—in "acceptable language." There is only one referee, and he lines up behind the offensive team always.

The head linesman stands at the sideline where the chain is, and he watches for infractions at the line of scrimmage. So does the field judge who stands across the field from the head linesman.

The umpire stands behind the defensive team and mainly looks for holding infractions.

For some games there will be a back judge who stands farther back than the umpire.

Mayfield passed out ditto handouts with information and helps for understanding football—or for pretending to understand.

For example, just because your husband says it's pass interference, do not necessarily agree with him, because it is usually difficult to call.

If your team is not moving the ball by running, you may impress your husband by matter-of-factly stating, "With the defense stacked, they are going to have to throw the ball more."

If the ball is intercepted, one may nonchalantly state, "A trap play up the middle would have gone a mile."

Another Mayfield help—if your team's defense is not able to contain the other team's passing, remark with disgust, "Don't they know it's legal to rush the passer."

Of all that I learned and the more things that I never did understand, the most important revelation of the clinic was that Mayfield agrees with me about what happens after the opening kickoff—"mayhem takes place." That's what I'd always thought, but it seemed like heresy to regard the All-American sport of football as chaos.

Anyway, the next night I turn on the television and only boxing, roller derby and football are on, I'm going to bravely say, "Oh good, let's watch football." And then I'll watch for monsters, red dogs, blitzes, offsides and screen passes. And then I'll exclaim, "Look at those pulling guards out in front of that runner."

And that's called a fake play, a la Gene Mayfield.

New Son Born To Thomasons

Dr. and Mrs. Ron Thomason 504 Holman Lane, became parents of a new baby boy, Mark Allen, born August 19 at Neblett Memorial Hospital. The infant weighed 8 lbs. 9 ozs. and measured 21 inches at birth.

Maternal grandparents of the child are Mr. and Mrs. Bill McCarver of Hereford.

The boy's paternal grandparents are Mr. and Mrs. D. C. Thomason of Wellington and Mrs. Lou Knowles of Canyon.

The father is associate professor in plant science at West Texas State University. The Thomasons also have an older son, David, 3.

Deltens Hold 62nd Reunion

The Delten family marked their 62nd annual reunion with a noon picnic reunion in Thompson Park Sunday, Aug. 13. The children and grandchildren are descendents of the late Henry and Anna Delten, who were Potter County pioneers, coming to Texas from Illinois in 1907.

Children present were John, Robert, Leo and Arthur, their children and grandchildren, and also grandchildren of the deceased children, numbering 140 in all. John Delten was the oldest member present, and Amy Jo Beth, 3-month-old daughter of Joe and Judy Delten, grandchild of the Robert Deltens, was the youngest. Art and Betty Crandall and five children of Missoula, Mon., and Dick and Mary Delten and five children of Ponca City, Okla., children of the Robert Deltens came the greatest distance.

Also during the past week the Robert Delten family of Amarillo, their six children and families were reunited for the first time in five years at the Delten home. In addition to the Art Crandalls and Dick Deltens, Bob and Mary Delten and six children of St. Louis, Mo., Tom and Annabell Delten and six children of Claude, Ray and Eileen Delten and two children, and Joe and Judy Delten and six children, all of Amarillo, were present.

All of the children and all but four of the 33 grandchildren enjoyed a barbeque turkey dinner and other events during the week. They also celebrated Dick and Mary Delten's 15th anniversary and Robert Crandall's 14th birthday.

Mrs. Woodfin Services Held

Funeral services for Mrs. Pearl C. Woodfin, 92, of 910 6th Ave. in Canyon were held Tuesday here at LaGrone Funeral Chapel. The Rev. Bill Foil, pastor of the First Baptist Church, officiated.

Graveside services were held later Tuesday in Snyder. Burial was in Snyder Cemetary.

Pallbearers were J.M. Daugherty, Jack Downing, Charles Harter, Joe Black, Roscoe Davis, Duane Guy, Joe Gibson and Dewey Foster.

Mrs. Woodfin died Sunday morning at LaCasa Nursing Home in Canyon. She had been a local resident 16 years, moving here from Snyder. She had lived in Snyder since 1907, and had been active in the Baptist Church there. Mrs. Woodfin had been a member of the women's study club and taught a Sunday school class for almost 20 years.

After moving to Canyon, she became involved in work at the First Baptist Church here. She was a member of the Mother-In-Law Club and the Social Pioneers.

Mrs. Woodfin was married to James Arthur Woodfin on Aug. 29, 1900 in Copperas Cove. He died in 1954.

She was born May 2, 1880 in Copperas Cove.

Survivors include daughters, Mrs. W.W. Coil of Gridley, Calif., and Mrs. Hud Prichard of 910 6th Ave.; a son, Joseph of El Paso, and six grandchildren and 13 great-grandchildren.

Tidbits here and there

By CAROL CRAIN

AAUW'S STATE PRESIDENT, Mrs. William Pool, will be honored at a reception Monday evening at the Frank Blackburn home, 413 Taylor Lane.

Mrs. Pool will visit with members of the Canyon Branch of the American Association of University Women and those interested in joining the group from 8 to 9:30 p.m.

Membership is limited to those women who hold degrees from accepted colleges and universities. You may check with Mrs. Fred Stoker, membership chairman, or Mrs. John Green, Canyon president, if you have questions.

This will be a delightful evening, I'm sure. AAUW offers stimulating and educational programs annually during the club year and provides its members with a number of different study groups—recent books, drama, arts and crafts, are among them.

*

THOSE OF YOU WHO would like to purchase some notes with a sketch of the Pioneer Amphitheatre, sponsored by the AAUW, may call Mrs. Jesse Moses. The supply is limited, however, so reserve some for gift giving soon. ($1.25 per box)

***

NEED A CLUB PROGRAM? Dr. Paula Latimer of Dallas, president of the Women's Equality Action League of Texas, will be in the area sometime in October.

She will probably be scheduled to address the Women's Division of the Canyon Chamber of Commerce at a time convenient to her schedule and other programs may be sandwiched around that time period.

Call Margo Fields, Public Affairs Chairman of the Women's Chamber for the scheduling.....Dr. Latimer is her little sis, by the way.

***

SORORITY RUSH IS NEXT WEEK at WTSU. Soon all the social sororities will have their new pledges—you'll first notice them wearing a ribbon in the sorority colors and later a small pledge pin.

Greek life is a most memorable part of college for those who participate. Coeds tackle problems together, participate in elections, intramurals, plan philanthropy projects, donate time and money to them, and have study programs—as well as socials.

It's where life-long friendships are formed with persons having similar interests and goals. It's a busy time in college, but one that's well worth the effort, I think.

***

THE CITY WILL CERTAINLY MISS a most charming Dean of Women in Mrs. Jean Moore Roberts as she leaves the university to move to Corpus Christi.

Mrs. Roberts was more than just efficient in her duties at WTSU. She is a fine public speaker and added a plus in the public relations department for the school. I know all the friends she developed here will miss her and wish her well.

MISS SAUNDRA MEEK will move into the Dean of Women spot from her position as assistant dean. Miss Meek has a long list of credentials which includes appointment to the membership and placement committee of the Texas Association of Women Deans and Counselors.

She has worked with the Association of Women Students on the campus as assistant dean and knows how to work with the students. Coeds may look forward to working with another personable and energetic Dean in Saundra Meeks.

***

STAN HANSEN, former Buffalo football star, has moved into the number two spot at the middle linebacker position for the pro San Diego Chargers—according to sportscaster, Woody Van Dyke.

***

IT'S FREE PUPPY TIME! Absolutely no red tape in the adoption of a darling small variety (and I do mean variety) puppy. Just drop over to 1004 8th Ave. and pick up a cute one....please!

***

COMMUNITY CONCERT BOARD will have some announcements soon, I understand—so prepare yourself for a new season of fine entertainment.

IF YOU MISSED "TIDBITS" & "REFLECTIONS" last week it was because I have been moving and did not have a phone for four days. Plus, all my material has been in boxes—some are still unpacked, I might add.

And, if you didn't miss "Tidbits" & "Reflections"—shame on you.

***

THE RECIPE FIND.....I haven't found it yet!!!

SO I'LL REMEMBER!

University Wives, Etc., gathered this week in the home of president, Mrs. Kenneth M. Laycock, 704 Taylor Lane, to plan their first meeting, a coffee Sept. 9, 10-12 a.m. in the WTSU Cafeteria with Mrs. James Cornette, hostess. Left to right are Mmes. Ray Malzahn, William Ritchie, standing, T.D. Freidell, David LaBrie, Robert Sawvell, Bill R. Lee, Charles E. Wright, Kenneth M. Laycock, Robert A. Wright, and Douglas Bingham.

News Brief

Mrs. Ada Echols, 2423 7th Ave., attended the recent wedding of her granddaughter, the former Martha Echols, and Mike Watson in Lovington. She was accompanied by Mr. and Mrs. John Richard Echols and son John, Jr., of Amarillo, and Mr. and Mrs. Thomas Echols and sons Thomas, Jr. and James of Taylor, Texas.

Surprise Party Given - At 6 A.M.!

By TROYCE MULHERIN

GREETINGS:

IN OUR EAGER anticipation of school starting, some of us have been abruptly reminded of a few hitches connected with getting the little darlings off to school. One of which is the "time to get to bed" announcement—invariable greeted with moans and groans by the school set. The other hitch, and the worse of these two, is the "time to get up" announcement—inevitably met with moans and groans by moms and sons. The cheerful faces of little girls and first graders are rather difficult to match so early in the morning. Here's hoping the adjustment period will be brief and merciful.

HOLLYWOOD BAPTIST CHURCH will observe its tenth anniversary this coming Sunday, August 27th. All members, exmembers, neighbors and friends of the church are invited to gather for a bring your own" dinner on the grounds, wpth a sing-a-long to follow. Of course, everyone is invited to attend the services, too. Sunday School starts at 9:45 a.m. and church services commence at 11:00 a.m. Immediately thereafter everyone will eat whatever it is they have brought to eat on the church grounds, weather permitting. The church will furnish the drinks, the plates and the eating utensils. (No dishes to wash, mom!) As an early fall is forecast, opportunities for outdoor fun like this are dwindling fast, so why not take advantage of a pleasant Sunday afternoon of fellowship. Seriously, now, make plans to join in on this tenth anniversary celebration.

A HAPPY BIRTHDAY to David Tate, son of Mr. and Mrs. Eugene Tate, who aged some as of the 24th.

MRS. BILL (ERNESTINE) Harp has finally got to "be company" rather than entertain it. She has returned from Dallas and a week's visit with her sister, Mrs. V.A. (Helen) Shelton. Ernestine's sister-in-law, Gwen Harp, drove down with her. Gwen visited with her daughter and had the pleasure of watching her son, Jeff, receive his masters degree at T.C.U. The main purpose of the trip was to retrieve Ernestine's youngest, Dena, who had been visiting in the Shelton home; but, Ernestine and Helen managed to sneak in some big-girl type fun, such as golfing and shopping and shopping and shopping. Lucky Bill.

MELVENA AND ELSON Brown moved their place of residence during the summer months. They and Larry and Donny are really enjoying their new home at Siesta Park. The Browns acquired a new "baby", too, namely, Pax, a four month old German Sheppard, weighing in, upon this writing, at thirty-two pounds. Taking a last-minute vacation before school, the Browns pulled their camper to Arlington, parked it, and headed out for some fun. They rode every ride and saw every show at Six Flags before taking in Seven Seas and the Wax Museum. What the Browns really enjoyed most was taking the Lion Country Safari. This tour is taken with the car windows rolled up and the doors locked, as lions, rinos, elephants and other African-type beasties roam as free as the breeze. Melvena said they felt as though they were actually driving through Africa, as the native habitat of these animals is convincingly duplicated.

MR. AND MRS. Larry Pike bought the Browns home on Farmers Lane, and are the new neighbors of the Brown's old neighbors. The Pikes have two sons, Jeff, who is in the fourth grade at Gene Howe; and, Daryl, who is in the seventh grade at Canyon Junior High. Mr. Pike is a juvenile officer with the Amarillo Police Department, and Gwen is employed by Family Service, working with welfare families. A hearty welcome is extended to the Pike family from the rest of us in Gene Howe territory — glad to have you aboard.

HAPPY BIRTHDAY TO to you, Sherry Ford. Sherry is the daughter of Mr. and Mrs. Doug Ford and celebrated on the 20th.

ONLY THE YOUNG at heart would react with smiles and giggles when invited to "come out and play" at six o'clock in the morning. This early bird happening was actually a surprise birthday party for Valerie Freeman, daughter of Mr. and Mrs. Raymond Freeman. Host and hostesses for this come-as-you-are birthday celebration were Mr. and Mrs. Herb McGregor and daughter Sherri. Denise and Dian Bonifield, Kim Wallace, Brenda Tucker and Clair Davis gleefully accepted the invite party in their 'jamas. Vondean and Sherri undertook the rather risky business of knocking on doors and picking up the young ladies at that hour in the morning, while Herb prepared a birthday breakfast. Fun fun fun had by all.

A HAPPY BIRTHDAY to Nobie Cates. Nobie managed to spend some time with his mommie and daddy the last few weeks, but will observe his birthday with Uncle Sam while at his actual duty station.

MR. AND MRS. Roy Cates and youngest sons, Greg and Kenneth, have returned from a camping trip to Bandelier National Monument, somewhere in the vicinity of Santa Fe. Bill and Pat Seth, and youngsters, Bill Dee, Chris and Tim, joined the Cates for a week of relaxing and camping fun. The families were particularly intrigued with the Pueblo Indian ruins and spent a good deal of their time touring same. Climbing in and out of the caves, built and designed by Indians averaging five feet in heighth, presented a challenge to Sherrie, who is somewhat taller, but determination pays off and she visited their caves, anyway. The men folk and Bill Dee and guest, Hank Cannon, were given the privilege of touring the ceremonial caves by themselves. These caves can only be reached by way of ladders stretching 150 feet up the side of a cliff, so the women folk and the younger boys decided that wading in the stream would be more fun. The group also toured the Science Museum located in Los Alamos. On the way home, the Cates spent some time visiting the art galleries and shops in Santa Fe. Kenneth's artistic nature came to light in his obvious fascination with, and attraction to, the paintings and pottery.

A HAPPY ANNIVERSARY to Betty and Dan True on the 21st. Betty is sporting a cast and a crutch since her release from the hospital. These accouterments have not hindered her mobility nor her enthusiasm for eagle sitting, which she plans to take under study as soon as she graduates from her crutch.

WORD FROM MRS. George (Darlyne) Bell, Membership Chairman for the Gene Howe PTA is that the membership drive is well underway—good show on registration day. She and her committee, composed of Margaret Ingram, Tootie Bybee and Beth Balke, have made plans for banana split parties for the rooms with the highest percentage of PTA members. A party will be given to the room with the mostest in the kindergarten through third grades and to the room with the mostest in the fourth through sixth grades. For the last two years, the Gene Howe PTA has been honored with Certificates of Achievement, so let's keep up the good work—join—come—enjoy!

SEPTEMBER4 WILL be a Labor Day holiday for the school set, so go ahead and make plans for one last fling.

THANKS FOR THE use of the hall and for September 4—it's lonesome around here already. Troyce 352-6053

Fire Damages County Home

A vacant one-story house seven miles north of Canyon was damaged by fire Sunday evening.

Canyon Fire Capt. Joe Rice said the home, owned by B.B. Latham of Amarillo, was damaged when wiring caught fire in the house attic.

Seven units from the local fire department extinguished the blaze in short order.

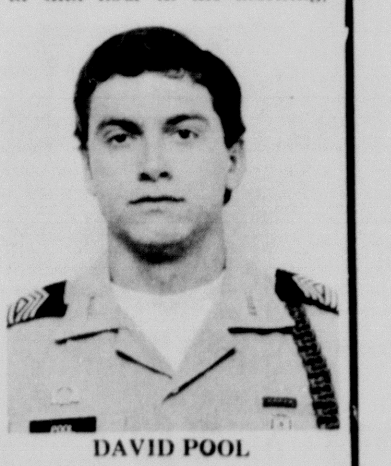
Rice estimated damage at about $400.

Ryders Have New Baby Son

Mr. and Mrs. Peter H. Ryder of 1209 W. 48th St. in Amarillo, have become parents of their first son, Thomas Philip Ryder, born Aug. 4 at Neblett Memorial Hospital. The baby weighed 7 lbs. 13 ozs. and measured 19½ inches at birth.

The maternal grandparents are Mr. and Mrs. William A. Miller of Amarillo, and the paternal grandparents are Mr. and Mrs. Thomas H. Ryder, also of Amarillo.

Thomas Philip's father is a student at West Texas State University.



DAVID POOL

WTSU Senior To Command ROTC Unit

A West Texas State University senior has been named to head the ROTC corps of cadets next year, it was announced this week.

Lt. Col. John Childs, professor of military science, said David S. Pool of San Antonio will be cadet colonel for the fall and spring terms.

Pool, a biology major, was the top student from WTSU at ROTC summer camp this year. He is a member of the university tennis team.

"I think David will do an outstanding job," Childs said. "He's a good leader and a fine young man."

Kids, Inc., Meet Tonight At WTSU

Canyon boys interested in playing Kids, Inc., football this fall can hear all about the program at a meeting at 7:30 p.m. today in the West Texas State University fieldhouse.

Kids, Inc., coordinator Sturdy Wanamaker said parents are also urged to attend the meeting.

Registration fee for the season is $5.

Wanamaker said a new flag football league will be added to the regular contact football program this year for 8, 9 and 10 year olds.

Workers Re-Lay Rails

In a few months trains traveling between Canyon and Finney, about eight miles north of Plainview, will no longer make the "clickety-clack" sound, according to Herman Hills, public relations officer for Santa Fe Railroads in Amarillo.

The typical sound will no longer be heard because workmen are going to start re-laying rail over the 49 mile stretch to make a continuous rail.

The new rails, re-conditioned from old rails into a "ribbon" type at a rail-welding plant, are each 1440 feet.

The joints of these longer rails will then be welded into one continuous rail.

Hill said the long rails are made from old used rails, which are still in good shape and are no longer needed—often from side tracks.

Probably arriving in Canyon next weekend will be the gang crew for the job, a group of about 90 Gallup, N.M., Indians.

"We've found them to be very efficient. They'll lay about a mile a day and stay in Canyon in outfit cars for a couple of weeks probably," said Hill.

In addition to 86 trackmen, there will be 1 foreman, 5 assistant foremen, 20 miscellaneous machine operators, 3 burro crane (picks up rails) operators and 1 time-keeper, Hill said.

In preparation for the gang crew, a section crew of about 10 men, have been replacing rail frames during the last few weeks.

In a few months, that old "clickety-clack" noise will probably not be heard between Canyon and Finney, as Santa Fe modernizes.

News Brief

Two college students from San Francisco visited with an old friend last weekend in Canyon. Nora Gan and Lynette Chin, students at San Francisco City College, visited with Gregory Tung of 503 11th Ave. While here, they toured Palo Duro Canyon, Amarillo, West Texas State University and spent some time in New Mexico. Tung is a native of San Francisco.

4-H Club Organizes

By SUSAN DOLLE

THIRTY INTERESTED PERSONS appeared at the first planning meeting for a 4-H club in Umbarger last Wednesday night. County agent John Brazzil and Home Demonstration Agent Becky Hall outlined a possible program for the young people and adults who attended. Mr. Brazzil told the group that 4-H club members work on projects at home with the aid of adult leaders; meetings would be held monthly where the members would learn how to conduct their business and have recreation as a club.

MR. AND MRS. Darroll Adams, who have been instrumental in forming the organization, say that anyone who is interested and is between the ages can join 4-H. Interested parties are invited to the next meeting in September where officers will be elected from the membership and club work will begin.

TEENAGERS OF ST. Mary's Church will be hostesses to new friends from Nazareth Sunday when the two youth groups come together to watch the motorcycle races at Panhandle Downs and enjoy games and refreshments at the youth center afterwards. Young ladies in charge of the occasion include Patricia Batenhorst, Elaine Ramaekers, and Linda Thompson.

MISSES SUSAN LINDEMANN and Patricia Grabber represented St. Mary's Church at a liturgy workshop in Amarillo last Sunday at St. Francis Convent. The two heard Father James Comiskey and Deacon Ron Krisman explain ways to plan and produce better worship services.

CONFRATERNITY OF CHRISTIAN Doctrine teachers of St. Mary's Church have attended workshops the past two weeks planned by Mrs. Vincent Ramaekers in preparation for this school year. Elementary teachers met on three consecutive evenings last week to prepare classrooms and materials and high school teachers are holding two planning sessions this week. CCD classes will be held during the year on Sunday mornings between church services.

GLEN STOCKER, ANDY Wilhelm, Howard Koch and J.T. Dolle were among the candidates who were initiated in the second and third degree of the Knights of Columbus in Plainview last Sunday from the Umbarger council. Participating in the ritual were Siegfried Bolte, Ed Wieck, Ben Koch, Bernard Hartman, and Leonard Batenhorst, all of Umbarger. Twenty-eight members from over the Panhandle area were included.

FOR THE MOTHERS with lost pre-schoolers at home, here is a recipe for Salt Ceramic, a clay-like substance that can keep them creatively happy a few mornings:

1 cup table salt
½ cup corn starch
¾ cup cold water
food coloring

Mix over double boiler—stir constantly until mixture reaches a consistency of bread dough. Place on a piece of wax paper or foil to cool. When cool enough to handle, knead for several minutes. Store in wax paper or plastic bag.

Ag Work-Study Program To Be Aired Monday

All parents and employers of Cooperative Part-Time Training students in Agriculture are urged to attend a meeting Monday night at 8:00 p.m. in the High School Vocational Agriculture Building. The purpose of this meeting is to acquaint the parents and employers with the purpose and objectives of the part-time training program and to discuss new requirements for the program.

Any employer that may be interested in hiring one of these junior or senior students on a part-time basis for an agriculturally related job is invited to either contact the instructor, Ronald Davis, at the high school agriculture department or call 655-3921 or come to the meeting Monday night. Refreshments will be served.

Dr. Ronald Thomason will be teaching one of the first two graduate courses offered by the School of Agriculture at West Texas State University this fall. The course, advanced plant breeding, will be offered on Thursdays at 7 p.m. (WTSU Photo)

Two New Grad Courses In Offing In Ag School

The first two graduate level courses in the West Texas State University School of Agriculture will be offered this fall in advanced animal and plant breeding.

Advanced Animal Breeding 537 will be offered at 7 p.m. Tuesdays under Donald R. Beerwinkle, acting head of the animal science department who has been working toward a doctorate in animal breeding at Ohio State University.

Advanced Plant Breeding 510 will be offered at 7 p.m. Thursdays under Dr. Ronald C. Thomason, associate professor of agriculture.

Registration for graduate students at WTSU will be Sept. 1. Evening-only students will register Sept. 2.

The animal breeding course will include study into the areas of heritability and heterosis, genetic environmental interactions and genetic bases for performance testing programs.

The plant breeding course will undertake genetic principles and apply them to plants.

A study of the breeding of small grains, cotton and grain sorghum will be conducted as well as the methods used to produce hybrids. Also to be studied will be the methods that are used to produce new varieties and hybrids, such as triticale, the cross between wheat and rye.

This summer Thomason put some of the practical aspects of his course to use by working with Dr. Kenneth Porter at the Texas Agricultural Experiment Station at Bushland.

Both advanced courses are part of WTSU's cooperative degree program with Texas Tech University in animal science and with Texas A&M in plant science. Graduate students may take up to 12 hours at WTSU and with approval may initiate cooperative research while enrolled at WTSU.

Dr. Charles Smallwood, dean of the School of Agriculture, says the offering of these courses is the first step toward an agricultural master's degree, allowing a student to continue in his profession while pursuing his graduate studies.

Sewing Fair In Hereford

Tailoring tricks. Recycled ward-robes. Designer hints. Pant suits that fit.

The parade of home sewing tips marches to Hereford Sept. 12.

"Sew Fair, a panorama of exhibits and presentations, will be sponsored by the Texas Agricultural Extension Service in cooperation with home sewing industries," Mrs. Becky Hall, County Home Demonstration Agent, announced.

Located at Hereford Bull Barn, Sew Fair will feature representatives from six major home sewing industries.

"These representatives will demonstrate a host of sewing topics, from installing a zipper to the latest pressing techniques," Mrs. Hall said. "They will present continuous 30-minute talks from 9:30 a.m. to 12:30 p.m. and repeat them from 2 to 5 p.m., open to all and free of charge."

Representatives will also be available to answer individual consumers' questions.

Mrs. Hall added that Extension clothing specialists and Deaf Smith County home demonstration agents will assist at the fair to register interested consumers and assist participants.

Program topics featured will be the designer's twist by Susan Borinski of Belding Corticelli; your wardrobe recycled by Claretta Bostic of American Thread; and pants: fit and fashion by Janet Nolan of Butterick Fashion Marketing Co.

Also featured is sewing modern fabrics by Bonnie Friday of Coats and Clark; the importance of pressing as you sew by Layneigha Chapman of General Electric; and fashion tailoring with polyester pellon by Eileen Foley of Pellon.

The fair will be open to the public and no admission will be charged.

Crossland Is Doing Time In Jail Practicing Dentistry

Kenneth Crossland is in prison and he hasn't even committed a crime.

Crossland, son of Mr. and Mrs. A.L. Crossland of 1400 Creekmere, is a dentist and he's doing some time with the Texas Department of Corrections to gain some experience.

A 1972 graduate of the University of Texas Dental School in Houston, Crossland is serving as dentist for three prison farms. Mainly he works with young first-offenders.

Last January, Crossland, then a senior in dental school, was selected from the school to serve as an externist for one week at the Huntsville prison.

"I felt like I learned a lot and enjoyed it the first time," he said. "I enjoyed the people I worked on and the freedom I didn't have at school."

Crossland enjoyed it so much that he volunteered to return to the prison system following his graduation for an indefinite period of time.

Primarily Crossland works with young offenders at Ferguson Farm, 20 miles north of Huntsville. But, he also works with older inmates at another farm one day a week.

The youths Crossland works with are between the ages of 17 and 21 or 22.

"They're the biggest problem to work with because the young ones have not found out how to get along with the system," he said. "They still think they're the toughest things out of Dallas."

Crossland said when he reported for work he found 2,000 inmates, most of whom had never brushed their teeth in their lives and cared little about dental hygiene.

"Many of them are not interested in their teeth, but are interested only in using the appointment time to get out of work," he said. "They'd actually rather have a tooth extracted rather than go work in the fields.

With the older prisoners, the young dentist finds fewer problems. They have learned they cannot buck the system and that if they stay out of trouble, their chances for parole are much better, he said.

Crossland is one of only a few full-time dentists employed by the state to care for inmate's teeth. He said several dentists work half days at the prison farms.

"Right now, I've got a back log of 250 patients," he said, "and they all require full mouth work."

For Crossland, it's a challenge.

"I have a great deal of freedom to become involved with some of the dental specialties," he said.

Crossland lives in the guard dormitory at the main Huntsville prison and eats with the guards.

As an outsider and a relatively young man, Crossland has encountered relatively few problems with prisoners' attitudes toward him.

KENNETH CROSSLAND

"Some are interested in their teeth and their health," he said, "and some view me as a way to get out of doing their work."

Almost none, though, view him as a threat or an enemy.

"I've never been nervous," Crossland said. "You'd think you would be.

"The prisoners are in a very rigid discipline system. They get up at 5:30 and have definite hours they work and a definite routine.

"They have no material possessions to fight for. They're put in a mechanical situation and they've got no motivation."

On the contrary, the prisoners are motivated not to cause trouble, since they are eligible for parole much sooner if they stay out of trouble.

On the whole, Crossland sees the state's prison system as "doing a good job," despite bad publicity accruing to all prison systems as a result of events such as the Attica riots recently.

"It's my opinion that Texas has an excellent penal system," he said. "When people criticize it, they don't realize the complexity of running the system. That's not to say there aren't some things wrong with it. But, I think under the circumstances, the administrators are doing a fine job."

Crossland plans to leave his prison job sometime in mid-winter and will return to Canyon to establish a private practice here.

Tennis Coach In Tournament

West Texas State University Tennis Coach David Kent has been invited to participate this weekend in a championship tournament in Austin.

Kent will team with Fort Worth pro Don Fuller in the men's doubles tournament.

Eight teams are entered in the matches which will be played Friday through Sunday.

Free Plates For Veterans

Veterans disabled as much as 70 percent are entitled to free license plates, according to Roland Black, local veterans service officer.

Those qualified should contact Black at the Canyon Chamber of Commerce office. Only one set of plates is available free per disabled veteran.

Once obtained the plates are renewable automatically.

Reception Opens Year Agenda

A personal greeting from Mrs. Jeannette Poole, Texas Division president of the American Association of University Women, is in store for new and continuing members of the Canyon chapter who attend the opening event on their calendar next Monday evening.

The event will be a reception in honor of the state AAUW president in the home of Mrs. Frank Blackburn, 413 Taylor Lane, from 8-9:30 p.m. Prospective members of the organization will be special guests for the evening.

The reception will be preceded by a salad supper for Mrs. Poole in the home of Mrs. John Green, 3300 Conner Dr., attended by officers and committee chairmen.

The visit of Mrs. Poole, a mathematics teacher by profession and one who has devoted her energies to special studies in education for the AAUW, coincides with launching the year's program here in Canyon on "The Many Faces of Education."

Beginning her second year as Texas Division president, Jeannette Poole has been active in AAUW, church, civic and professional work for many years.

Most recently Mrs. Poole has served as a member of the national topic committee for "Crisis in Public Education," and helped prepare much of the material used for study by local chapters. She was an observer of the Legislative Seminar and Fall Steering Committee Meeting of the Education Commission of the States in December 1971.

Mrs. Poole comes from San Marcos, where she has twice been elected to head her local chapter as well as serve in other capacities. The wife of Dr. William Poole, professor of history at Southwest Texas State University at San Marcos, she has assisted him in writing several books and has also published many short articles of her own.

In 1971, Mrs. Poole was Editor for Texas Project Re-Entry, 1971, responsible for surveying programs for continuing education in Texas colleges and universities and publishing and distributing the results of the survey to the branches of AAUW.

MRS. POOLE

Canyon branch of AAUW this week announced a program of eight general meetings planned for the coming year on the central topic of "The Many Faces of Education." Mrs. Audrey Rider, program chairman, gave the dates, programs, and places of the AAUW meetings as follows:

Oct. 7, 8:45 a.m., breakfast meeting, book review by Mrs. Holladay in the Green Room of the WTSU Cafeteria;

Nov. 4, 2 p.m., desert meeting, "Education of the Indian" by Mrs. Cale, in the home of Mrs. Kenneth Laycock, 704 Taylor Lane;

Dec. 2, 12:30 p.m., film, "Up Tight, Black White," at the Canyon Community Center with Dr. Ruth Lowes, hostess.

Feb. 3, 10 a.m., coffee, "Foreign Students and Education," by Mrs. Margaret Harper, in the home of Mrs. Lucy LaBrie, 2505 12th Ave;

March 3, 2 p.m., dessert, "Teacher Center Project," by Dr. Kidd, in the home of Mrs. Linnie Harter, 1404 Creekmere Dr.;

April 5, 7:30 p.m., desert meeting, "Education and Culture" by Tom Matthews, Director of the Amarillo College Art Center, in the home of Mrs. Donna Umberson, 409 Thompson Ln.;

May 5, 12:30, salad luncheon, "Evaluation of Year's Work and Plans for 1973-75," in the home of Mrs. Margaret Harper, 2523 Fifth Ave.

Bride-Elect Is Honored

Miss Jan Henson was hostess at a luncheon Sunday, August 20, honoring Miss Lou Ann Beghtel, brideelect of Kenneth Allan Angel.

The party of young ladies drove to Tulia following morning church services. They enjoyed a delicious Mexican lunch and much reminiscing at the El Camino.

The honoree was presented with a corsage and a recipe lectern with index cards. Each one present presented a favorite recipe for the file.

Attending the luncheon, besides the hostess and honoree, were Mlles. Janne Malone, Becky Blewett, Julie Whisler, Pat Frieidell, Janet Oppe, Karen Pegg, Brenda Counseller, and Jane Taylor.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 2 ON THE BALLOT (HJR 31)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6 of Article IX of the Constitution of the State of Texas be, and the same is hereby, amended so as to read as follows:

"Section 6. On the effective date of this Amendment, the Lamar County Hospital District is abolished. The Commissioners Court of Lamar County may provide for the transfer or for the disposition of the assets of the Lamar County Hospital District."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held the first Tuesday after the first Monday in November, 1972, at which election all ballots shall have printed thereon the provision for voting for or against the proposition:

"The Constitutional Amendment abolishing the Lamar County Hospital District."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 7 ON THE BALLOT (SJR 16)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Texas Constitution be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. Equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin. This amendment is self-operative."

Sec. 2. The foregoing amendment to the constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide that equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 9 ON THE BALLOT (SJR 20)

General Election, November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps, nor to Directors of Soil and Water Conservation Districts. A member of the Legislature shall not be eligible to serve as a Director of a Soil and Water Conservation District. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a nonelective State officer or employee may hold other nonelective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this State, or the United States."

Sec. 2. That Section 40, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 40. No person shall hold or exercise, at the same time, more than one Civil Office of emolument, except that of Director of a Soil and Water Conservation District, Justice of Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, and retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit a Director of a Soil and Water Conservation District, an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States, or retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States, or from voting at any Election, General, Special or Primary, in this State when otherwise qualified."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide that directors of soil and water conservation districts are not disqualified from holding or being compensated for more than one office."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 10 ON THE BALLOT (HJR 68)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Section 1, Constitution of the State of Texas, be amended to read as follows:

"Section 1. The Legislature, at any regular session, or at any special session when the matter is included within the purposes for which the session is convened, may propose amendments revising the Constitution, to be voted upon by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State. The date of the elections shall be specified by the Legislature. The proposal for submission must be approved by a vote of two-thirds of all the members elected to each House, entered by yeas and nays on the journals.

"A brief explanatory statement of the nature of a proposed amendment, together with the date of the election and the wording of the proposition as it is to appear on the ballot, shall be published twice in each newspaper in the State which meets requirements set by the Legislature for the publication of official notices of officers and departments of the state government. The explanatory statement shall be prepared by the Secretary of State and shall be approved by the Attorney General. The Secretary of State shall send a full and complete copy of the proposed amendment or amendments to each county clerk who shall post the same in a public place in the courthouse at least 30 days prior to the election on said amendment. The first notice shall be published not more than 60 days nor less than 50 days before the date of the election, and the second notice shall be published on the same day in the succeeding week. The Legislature shall fix the standards for the rate of charge for the publication, which may not be higher than the newspaper's published national rate for advertising per column inch.

"The election shall be held in accordance with procedures prescribed by the Legislature, and the returning officer in each county shall make returns to the Secretary of State of the number of legal votes cast at the election for and against each amendment. If it appears from the returns that a majority of the votes cast have been cast in favor of an amendment, it shall become a part of this Constitution, and proclamation thereof shall be made by the Governor."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment revising provisions on the time and method of proposing amendments to the state constitution and the time and method of publishing notice of proposed amendments."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER [illegible] ON THE BALLOT [illegible]

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Section 1-b, of the Texas Constitution, be amended to read as follows:

"Section 1-b. (a) Three Thousand Dollars ($3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes.

"(b) From and after January 1, 1973, the governing body of any county, city, town, school district, or other political subdivision of the State may exempt by its own action not less than Three Thousand Dollars ($3,000) of the assessed value of residence homesteads of persons sixty-five (65) years of age or older from all ad valorem taxes thereafter levied by the political subdivision. As an alternative, upon receipt of a petition signed by twenty percent (20%) of the voters who voted in the last preceding election held by the political subdivision, the governing body of the subdivision shall call an election to determine by majority vote whether an amount not less than Three Thousand Dollars ($3,000) as provided in the petition, of the assessed value of residence homesteads of persons sixty-five (65) years of age or over shall be exempt from ad valorem taxes thereafter levied by the political subdivision. Where any ad valorem tax has theretofore been pledged for the payment of any debt, the taxing officers of the political subdivision shall have authority to continue to levy and collect the tax against the homestead property at the same rate as the tax so pledged until the debt is discharged, if the cessation of the levy would impair the obligation of the contract by which the debt was created."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars ($3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions."

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 3 ON THE BALLOT (HJR 41)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 61, of the Texas Constitution, be amended to read as follows:

"Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis. In all counties in this State, the Commissioners Courts shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts, to compensate all justices of the peace, constables, deputy constables and precinct law enforcement officers on a salary basis beginning January 1, 1973; and in counties having a population of less than twenty thousand (20,000), according to the then last preceding Federal Census, the Commissioners Courts shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to compensate all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949.

"All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to require the commissioners court in all counties of the state to compensate all justices of the peace on a salary basis."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 11 ON THE BALLOT (HJR 95)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV, Section 17 of the Texas Constitution, be amended to read as follows:

"Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. During the time the Lieutenant Governor administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

Sec. 2. That Article III of the Texas Constitution, be amended to add a new Section 24a to read as follows:

"Section 24a. The Lieutenant Governor, while he acts as President of the Senate, and the Speaker of the House of Representatives shall each receive from the public treasury an annual salary of $22,500."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 7, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide a salary of $22,500 for the Lieutenant Governor and the Speaker of the House of Representatives."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 1 ON THE BALLOT (HJR 58)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars ($8,400). Senators shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars ($8,400). All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twelve Dollars ($12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This amendment shall be self-enacting and appropriations heretofore made in the general appropriations bill for the biennium ending August 31, 1973, for the salaries of the Members of the Senate and House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents ($2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide annual salaries of $8,400 for members of the Senate and House of Representatives."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 5 ON THE BALLOT (HJR 35)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, that such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void.

"(b) The Legislature may, by general law, exempt property owned by a disabled veteran or by the surviving spouse and surviving minor children of a disabled veteran. A disabled veteran is a veteran of the armed services of the United States who is classified as disabled by the Veterans' Administration or by a successor to that agency; or the military service in which he served. A veteran who is certified as having a disability of less than 10 percent is not entitled to an exemption. A veteran having a disability rating of not less than 10 percent nor more than 30 percent may be granted an exemption from taxation for property valued at up to $1,500. A veteran having a disability rating of more than 30 percent but not more than 50 percent may be granted an exemption from taxation for property valued at up to $2,000. A veteran having a disability rating of more than 50 percent but not more than 70 percent may be granted an exemption from taxation for property valued at up to $2,500. A veteran who has a disability rating of more than 70 percent, or a veteran who has a disability rating of not less than 10 percent and has attained the age of 65, or a disabled veteran whose disability consists of the loss or loss of use of one or more limbs, total blindness in one or both eyes, or paraplegia, may be granted an exemption from taxation for property valued at up to $3,000. The spouse and children of any member of the United States Armed Forces who loses his life while on active duty will be granted an exemption from taxation for property valued at up to $2,500. A deceased disabled veteran's surviving spouse and children may be granted an exemption which in the aggregate is equal to the exemption to which the decedent was entitled at the time he died."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment allowing certain tax exemptions to disabled veterans, their surviving spouses and surviving minor children, and the surviving spouses and surviving minor children of members of the armed forces who lose their life while on active duty."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 8 ON THE BALLOT (SJR 1)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV, Section 4, Constitution of the State of Texas, be amended to read as follows:

"Section 4. The Governor elected at the general election in 1974, and thereafter, shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this State at least five years immediately preceding his election."

Sec. 2. That Article IV, Section 22, Constitution of the State of Texas, be amended to read as follows:

"Section 22. The Attorney General elected at the general election in 1974, and thereafter, shall hold office for four years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Article IV, Section 23, Constitution of the State of Texas, be amended to read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified. The four-year term applies to these officers who are elected at the general election in 1974 or thereafter. Each shall receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the State during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this section or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory State officers."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 13 ON THE BALLOT (HJR 59)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Constitution of the State of Texas, be amended by adding a new Section 65 to read as follows:

"Section 65. Wherever the Constitution authorizes an agency, instrumentality, or subdivision of the State to issue bonds and specifies the maximum rate of interest which may be paid on such bonds issued pursuant to such constitutional authority, such bonds may bear interest at rates not to exceed a weighted average annual interest rate of 6%. All Constitutional provisions specifically setting rates in conflict with this provision are hereby repealed." This amendment shall become effective upon its adoption.

Sec. 2. The foregoing constitutional amendment shall be submitted to vote of the qualified electors of this State at the general election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "To set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 4 ON THE BALLOT (HJR 61)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Constitution of the State of Texas, be amended by adding a Section 2 to read as follows:

"Section 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission.

"(b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973.

"(c) The members of the 63rd Legislature shall be convened as a constitutional convention at noon on the second Tuesday in January, 1974. The lieutenant governor shall preside until a chairman of the convention is elected. The convention shall elect other officers it deems necessary, adopt temporary and permanent rules, and publish a journal of its proceedings. A person elected to fill a vacancy in the 63rd Legislature before dissolution of the convention becomes a member of the convention on taking office as a member of the legislature.

"(d) Members of the convention shall receive compensation, mileage, per diem as determined by a five member committee, to be composed of the Governor, Lieutenant Governor, Speaker of the House, Chief Justice of the Supreme Court, and Chief Justice of the Court of Criminal Appeals. This shall not be held in conflict with Article XVI, Section 33 of the Texas Constitution. The convention may provide for the expenses of its members and for the employment of a staff for the convention, and for these purposes may by resolution appropriate money from the general revenue fund of the state treasury. Warrants shall be drawn pursuant to vouchers signed by the chairman or by a person authorized by him in writing to sign them.

"(e) The convention, by resolution adopted on the vote of at least two-thirds of its members, may submit for a vote of the qualified electors of this state a new constitution which may contain alternative articles or sections, or may submit revisions of the existing constitution which may contain alternative articles or sections. Each resolution shall specify the date of the election, the form of the ballots, and the method of publicizing the proposals to be voted on. To be adopted, each proposal must receive the favorable vote of the majority of those voting on the proposal. The conduct of the election, the canvassing of the votes, and the reporting of the returns shall be as provided for elections under Section 1 of this article.

"(f) The convention may be dissolved by resolution adopted on the vote of at least two-thirds of its members; but it is automatically dissolved at 11:59 p.m. on May 31, 1974, unless its duration is extended for a period not to exceed 60 days by resolution adopted on the vote of at least two-thirds of its members.

"(g) The Bill of Rights of the present Texas Constitution shall be retained in full."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing for a constitutional revision commission which precedes the convening of the members of the 63rd Legislature as a constitutional convention in January, 1974, for the purpose of submitting to the voters a new constitution or revisions of the existing state constitution."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 14 ON THE BALLOT [illegible]

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VII, Constitution of the State of Texas, be amended by adding a Section 6b, to read as follows:

"Section 6b. Notwithstanding the provisions of Section 6, Article VII, Constitution of the State of Texas, any county, acting through the commissioners court, may reduce the county permanent school fund of that county and may distribute the amount of the reduction to the independent and common school districts of the county on a per scholastic basis to be used solely for the purpose of reducing bonded indebtedness of those districts or for making permanent improvements. The commissioners court shall, however, retain a sufficient amount of the corpus of the county permanent school fund to pay ad valorem taxes on school lands or royalty interests owned at the time of the distribution. Nothing in this Section affects financial aid to any school district by the state."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to allow a county to reduce its county permanent school fund and distribute the money to independent and common school districts on a per scholastic basis."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT

NUMBER 12 ON THE BALLOT (SJR 9)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 33, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The accounting officers in this State shall neither draw nor pay a warrant or check on funds of the State of Texas, whether in the treasury or otherwise, to any person for salary or compensation who holds at the same time more than one civil office of emolument, in violation of Section 40."

Sec. 2. That Article XVI, Section 40, Constitution of the State of Texas, be amended to read as follows:

"Section 40. No person shall hold or exercise at the same time, more than one civil office of emolument, except that of Justice of the Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, and retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and the officers and directors of soil and water conservation districts, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States, or retired officers of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and retired warrant officers, and retired enlisted men of the United States Army, Air Force, Navy, Marine Corps, and Coast Guard, and officers of the State soil and water conservation districts, from holding at the same time any other office or position of honor, trust or profit, under this State or the United States, or from voting at any election, general, special or primary in this State when otherwise qualified. State employees or other individuals who receive all or part of their compensation either directly or indirectly from funds of the State of Texas and who are not State officers, shall not be barred from serving as members of the governing bodies of school districts, cities, towns, or other local governmental districts; provided, however, that such State employees or other individuals shall receive no salary for serving as members of such governing bodies. It is further provided that a nonelective State officer may hold other nonelective offices under the State or the United States, if the other office is of benefit to the State of Texas or is required by the State or Federal law, and there is no conflict with the original office for which he receives salary or compensation. No member of the Legislature of this State may hold any other office or position of profit under this State, or the United States, except as a notary public if qualified by law."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment permitting State employees, who are not State officers, to serve as members of the governing bodies of school districts, cities, towns, or other local governmental districts, without forfeiting their State salary, and specifying exceptions to the constitutional prohibition against payment of State funds for compensation to any person who holds more than one civil office of emolument."

Happy News

Happy Days Winners Named For Rodeo, Contests

FIFTEEN HUNDRED WERE served bar-b-que at Happy Saturday. Among these were 150 "Old Timers" and several riding clubs who were served free of charge. We had "Clown Down" and "Clown Happy", with us too, and appreciated their coming down.

OLD TIMER'S PLAQUES were plaques of walnut wood with a horse and rider embedded in them. W.E. Guest won the plaque for being the oldest. Mr. Guest is 92 years young.

MRS. J. W. Wesley won the plaque for having come to this area on the earliest date, March, 1890.

GUESSLER BONDS WON the plaque for having traveled the farthest to come to the Happy Days Celebration. Guessler is from Arkansas.

HAPPY ARTISTS STUDIO won first in Parade floats. Their theme was "America." A turn-table of paintings portrayed each stanza of "America." Mike Fellers hid under the turn-table and turned it as the parade progressed down Main Street. Mary Womack, an artist and member of the club, rode the float and painted Tisha Selvidge. Of course, the colors used were red, white and blue. Sylvia Burch of Six Gun City was chairman of the float.

METHODIST YOUTH FELLOWSHIP won second in the parade floats. Theirs was Mother, Daddy and seven "kids" in "The Good Ol' Days?" and that is the way the sign read. The young people were dressed old fashioned and living as the times depicted. Kim and Christi McCaslin, Diane Johnson, Carri and Darren Johnson, Ernie Wilson, Knoxie LeBeau, and Kathy Hamblen, and Eric Wallace.

HAPPY JAYCEE-ETTES WON third with their float, a gazebo or summer house, surrounded by a white picket fence and flower garden. Mary Ann Sims, "Miss Happy" and Melissa Null, "Little Miss Happy" were seated in white iron chairs in the gazebo. Runners-up to Little Miss Happy, Sharla Miller and Lisa Johnson also rode the float. I should tell you what happened on the way to the parade. We were concerned about the top staying on the gazebo, but we shouldn't have been. The top stayed on, but the whole thing blew off the float on the way to the parade right between George Rahlfs and R.T. Moudy's homes. President Sara Tirey, Judy Shipman, Dot Foster and Joy Freeman recruited Eugene and Ray Jackson and came to the rescue and "rebuilt" the float in nothing flat and we finally made it to the point of origin. All the riding clubs lined up and ready had to get off the pavement and let me through. All the girls were seated on the float and that is why Sara Tirey and Judy Shipman walked along and held the gazebo, folks, so that it wouldn't blow off again with the girls on there. Betty Stockett was chairman.

ROBERT LEE WAS the "hippie" of the parade and he made a startling discovery. You can ask him what it was. He was a bit unpopular that morning. He wore Mary Lou Hancock's wig and rode Clyde's motorcycle. Jody and Mary Lou helped make him up. He even had a bedroll. Authentic as I've ever seen. Battered jeans and a shirt that said, "Property of Galveston City Jail." Robert Lee said very little to the crowd. He knew his voice would give him away. But he said he had a lot of fun that morning.

THE MOST UNIQUE Award was presented the Longhorn Antique Car Club.

MANDI SHIPMAN WON the bicycle competition. The sign on her bike read, "Grandma's Little Angel" and the picture was an opposite. (A devilish character for those of you who missed it). Kay Stubblefield won second and Vicki Todd won third in bicycles.

SWISHER COUNTY 4-H won first in the riding club trophies; Canyon Sheriff Posse, second and Kress, third.

NANCY PURCELL, WIFE of Congressman Purcell was a special guest of the parade and during the day. I had the honor of introducing her to many people during the day. Congressman Bob Price was a special guest of the rodeo on Saturday evening. He was introduced during the Grand Entry and his son, Carl, roped in the tie down calf roping. A daughter, Janis, had planned to enter the barrel race, but was unable to because of a broken arm and Congressman Price was good enough to call us and let us know about it.

THE HAPPY RODEO and Steer roping presented over $8500 in prize money in the four days of activities. Will Heron of Lamar, Colorado, won the bareback bronc riding, Frank Hunter of Amarillo won second, Larry Christensen won third, and Pat Kirby and Ronald Wiseman split fourth. J.M. Bradley, of Dumas and nephew, Price Bradley, won the saddle bronc riding and Darrell Jones of Electra won second. Only two moneys were paid because of the small number of entries. Bob Wilfong (who is Birch Wilfong's son and many of you cattlemen know Birch because he has pastured cattle in this country) of Palo Pinto won the bull riding; Tom Stout of Amarillo won second; Scott Raferty of Phoenix, Arizona, won third; and Tom Mackechnie of Grady, New Mexico, won fourth.

BOB JOHNSON OF El Durado, Texas won the tie down calf roping; Bob Lewis of San Jon, New Mexico, and Craig Barton of Earth tied for second and third places and Eddie Stanfield of Clovis, New Mexico, won fourth.

DWIGHT HATHAWAY OF Canyon won the bull doggin' with a time of 18 seconds flat. These steers were scored seven feet. Made a difference in bull doggin' times and that long-g-g-g jump. Albert Flinn of Santa Rosa, New Mexico, won second in the bull doggin'.

CHRIS HELKER OF Forrest, New Mexico, won first in the barrel race with a time of 23.1; Kathy Geier of Larned, Kansas won second; and Marie Voss of Snyder and Linda Sultemeier of Melrose, New Mexico, tied for third.

BOOB KELTON AND A.R. Northcott won first in the team roping with 7.6; Duane Ridley and Benny Fulgham of Clovis, New Mexico, won second; Cowboy Johnson, Dimmitt, and Tommy Blasingame of Hereford, and Duane Ridley and A.J. Killough of Clovis tied for third and fourth places; Bill Teague and J.L. Keeney won fifth; and Bill Teague and Bob Johnson won sixth.

WE HAD A wild horse race Saturday night. Leon Schulte and Clyde Schulte of Nazareth each had a team and provided us with excitement. Neither won, but the decision of the judges was in favor of Leon Schulte's team.

TUFFY THOMPSON WON the steer roping on Sunday afternoon. He also won the first go. Tuffy roped, tripped, and tied four steers in 96 seconds. Doug Miller of Pecos won second; Martin Cribbs of Channing won third and S.E. Mayo of Panhandle won fourth. Tuffy won the first go; Marvin Cantrell won second; and Doug Miller, third; John Barfield won the second go; Shi Hurst won the second; and Ab Deakin won the third; Billy Frank Good won the third go; Lee Sifford of Adrian (Yea! Lee) won second; and Doug Miller won third; Buddy Spicer won the fourth go; Adren Cunningham, second; and Martin Cribbs won third.

JIM MARSHALL OF Amarillo and Tom Henry won the team roping which followed.

PING CRAWFORD ANNOUNCED for the rodeo performances and the Steer roping on Sunday. (And he got to sit on the cushion again. We need some more of those theatre cushions). Ping is very entertaining and easy to work with. I have worked with announcers that I let guess what was going to happen in a show and let them get through it the best way they could. Ping, you didn't know that, did you? And, I found out that Ping has another talent. He can auctioneer! Tommy Taylor was one of our clowns.

DEBRA MAGNESS WAS chosen Happy Rodeo Association's new queen on Thursday evening before the rodeo performance. Debra is the daughter of Mary Ann and Don Magness. Debra was chosen from seven entries. These included first runner-up Collette McCarley, second runner-up, Sherri Starkey, Connie Hand, Valerie Tipps, Susie Reynolds and Nancy Reynolds. The decision of the judges was announced after the grand entry and introduction of all seven candidates. We let the slip of paper blow away three times before Ping got it announced and Rocky Gidden rescued it for us each time. Rocky looked a little more disgusted each time! The complete surprise that registered on Debra's face was worth waiting for. Becky Via, retiring queen, crowned Debra and pinned the banner on her. Debra received a gift certificate for $50.

FLOYDADA SANDHILLS RIDING Club won the Pony Express races each night during the rodeo performance. They were exciting!

THE LITTLE BRITCHES Rodeo on Saturday afternoon was free to all spectators but cost the participants twenty-five cents an event. You received a belt buckle if you won an event. There were two separate boot scrambles but only the first who came up with his own boot won a buckle. That was Max Middleton. Second in the boot scramble was Bill Cunningham. Billy belongs to Susanne and Adren Cunningham who live south of Amarillo on the Claude highway (but now too far east on that road).

TOM HENRY ANNOUNCED the Little Britches Rodeo and J.T. Henry "clowned" for it. James Stockett led the grand entry. J. Horace McCarley was the flag bearer for the grand entry. J. Horace, that is quite an honor to get to carry the colors.

MAX MIDDLETON ALSO won the stick horse race. Duane Simons won second and Angela Hollis won third.

ROY D. THOMPSON won the "Goat with a Ribbon" event. They ran and grabbed the ribbon off the goat's tail and ran to the judge. Some of those little ones weren't sure they wanted to get close enough to that goat to grab the ribbon. Max Middleton won second and Renee Vermeire won third.

ROY D. THOMPSON, and he belongs to Judy and Tuffy Thompson and grandson of Acie Del and Copus Boyd, also won the flag race. Jacinda Stockett won second and Vince Bonner, Ed and Karen Wright's son, won third. Jacinda and Gena Stockett belong to Betty and James Stockett and believe me, they'll give plenty of competition every year.

JODY JOHNSON, SON of Mary and Bill Johnson, won the potato race, Max Middleton won second, and Melissa Null, third.

J. HORACE MCCARLEY won the goat tying in the 7 through 12 year old category. Luther Vandergriff won second and Neal Odom won third.

VICKY RUNYON WON the potato race; J. Horace McCarley won second and Fara Moore, granddaughter of the Roland Moores won third.

FARA MOORE WON the flag race; Ronnie McDonald, son of Linda and Bob McDonald won second and J. Horace McCarley won third. By the way, J. Horace belongs to Opal and A.J.

MIKE WEAVERS WON the calf riding; Kathy Tucker of Tulia won second and Bobby Keeter, Tulia, and Emily Simpson, also Tulia, tied for third.

BOBBY STROMEYER WON one division of the needle in the haystack at the park.

LEE DONNELL IS the champion of the singles in horse shoe pitching.

HAPPY ARTISTS HELD four categories at the art show—oils, water colors, miced media, and acrylics. Geraldine Hipp of Tulia won the best of show as well as first place with water color. Trig Smith won second in water color and second in best of show. Sharon Nichols of Tulia and formerly of Happy (Mark and Ollie's) won first place in mixed media, Gay Fellers won second and Bob Hargrave won third.

CURLEY SELVIDGE WON first in oil paintings and Carolyn Kimbrell of out Arney way won third.

DOTTIE FOSTER WON the trash masher that the Jaycees gave away. Later Saturday Jaycee-Ettes were cleaning up at the Jaycee Hall and the kids were carrying out trash. All of them began asking everyone for an extension cord. Finally someone asked why. The kids were going to plug up that trash masher in the pickup and see if it worked.

JERRY SHIPMAN OF Hereford won one quilt and Mrs. Joy Cox of Canyon won the other quilt that the Jaycee-Ettes gave away. Mrs. Jack Foster was the donor of these two beautiful quilts.

VOLUNTEER FIREMEN BICYCLES went to Danny White and Johnny Bowman.

COLONEL DICK RATJEN auctioned off the painting donated to the Happy Artist Club by Mary Womack, Gay Fellers, and Eddie Wilson. Nancy Purcell purchased the "Western Sunset", an oil painted by Mary Womack.

GAY FELLERS WAS the only member of the Happy Artist Club to have a booth in the Flea Market this year. They had many beautiful things with prices up to $1700 for one of the items.

CURLEY SELVIDGE, PRESIDENT of the Happy Art Club, said the art show was a big success!

I ESPECIALLY ENJOYED the piano playing in the park by the blind man, Rick Blanchard. The young man who accompanied him on the banjo was a Gazaway.

ROWDY QUINN BRYAN celebrated his birthday at Thompson Park. Jeff and Nell Sims, Wade and Linda Elliott, Tammy Bonner, Genie Jackson, Angelique Henry, Joanna Hurst, Sabre, LaVonna and Carolyn Boston, Mandi Shipman, Arnold, Sherren, Teddy and Sherry and Edna Bassett, Todd, Dennis and Kent and Joy Bryan, and LaQuitta and Helen Beardon rode the rides and toured the zoo at Wonderland Park and then ate ice cream, cake and cokes. Angelique, Joanna, Genie and Tammy spent the night with Helen.

HUGH COOPER ALBERT Flinn, and Hugh's two nephews ate dinner with Helen and Carl Bryan on Friday. Hugh Cooper then visited during the afternoon with Dick Ratjen and with Copus boys.

MRS. HUGH COOPER of Santa Rosa attended the rodeo in Happy on Saturday night.

RAY JACKSON AND Frank Lynn of Wichita Falls spent the weekend with the Eugene Jackson family. Ray is Eugene's brother. Betty Jackson and sons, Rod and Roger, of Phillipsburg, Kansas, also spent the weekend. Other guests were Mr. and Mrs. Jess Grantham of Dalhart and Duane Grantham of Corpus Christi.

JUDY SHIPMAN ASSISTED by Deanne Morrison took Den II of the Cub Scouts to Wonderland Park for a social on Wednesday of last week. Scott and Vance Morrison, James Nation, Dan Pusipner, Wade Bell, Chuck Walker, Bobby Strohmeyer, Tommy Patilla, Raphe Shipman, enjoyed the evening.

VALERIE TIPPS, SHERRI Starkey, Eddie Jo Pearson, Betty and Floyd Tipps and LaVelle and Jess Starkey attended a 4-H Playday in Vega on August 12th. Valerie Tipps won second place in the flag race, second place in the barrel race, second place in the potato race and third place in the pole bending. Sherri Starkey won first place in the flag race, first place in the barrel race and first place in the pole bending. Eddie Joe Pearson won seven first places which included the above events and a keyhole race.

MAUREEN AND D. L. Addison were entertaining Jim and Rinda and Wesley Allison and Linda and Jim Scrib of Plainview and Carry Williams of Grand Prairie and Mrs. Sibyl Prewitt.

MARCUS AND BILLY Ed Conway were in the Flea Market and I was able to visit with them a minute.

I HAD NOT seen Mary Jo (Huckabee) Wornsand in years. She didn't think I'd know her.

BUSTER RECORD OF Dumas was injured at the Tri-State High Rodeo in Perryton on Friday night by a brahma bull. Buster spent Friday night in the Perryton Hospital, but went home Saturday, bruised and sore, but unbroken. His dad, Tommy, gave us a good report on Buster Sunday afternoon.

OMA LEE LOWRY is in Neblett Hospital because of a kidney stone.

C.V. BROWN, Ceta Canyon Camp, is in Northwest Texas Hospital after surgery on Monday. Hope you are much better, C.V.

HAPPY BOOSTER CLUB held its first meeting on Monday night. Larry Tackitt called the meeting to order in the absence of John Butler. New officers elected for the coming year are president, Bob Hargrave; vice president, Bill Looney; and secretary-treasurer, Jo Hand. Meetings are scheduled every Tuesday night at 8 p.m. during football season and films will be shown. Ervin Wilson is membership chairman. Dr. Miller of Canyon will be the attending physician for the team and will be present at most games. The first will be a scrimmage with Vega here this Friday at 8 p.m.

HAPPY JAYCEE-ETTES met Tuesday evening and I led the creed. (I can still say it). Skip Simons reported on the ice cream sale; Betty Stockett reported on the float; Joy Freeman reported on the concession and Judy Shipman, the senior citizen luncheon. There will be a "Sit-In-Hen" at Hereford on September 8. Jaycee-Ettes voted to buy new serving pieces for the kitchen and to donate to the cancer fund in memory of Sheriff L.S. "Slim" Johnston.

PLANS ARE STILL rolling for the Lay Witness Mission on September 1, 2, and 3 at the Baptist Church.

See ya,
Mary Neal

Palisades Palaver

Kids React To First Day

By VICKI HOOKER

LAST WEEK'S HEADLINES read "Bridge Nears Completion." Well, this week folks, it IS completed! And we who use that bridge every day cannot show enough gratitude to those who gave time, money, and mucho elbow grease to the cause. Everyone concerned is certainly proud of the job our men did, and it seems very inappropriate, but the best we can do is say "Thanks." (It really looks great, fellas!)

FOR ALL PRACTICAL purposes, summer vacation is over, but memories of trips, new friends made, and visits from long, lost relatives will linger in the minds of many for months to come. And I'm very pleased to report that with the thousands of miles put on American highways by Palisades residents, and with the dangers faced by those creek swimmers and those dauntless motorcyclists, everyone survived the summer pretty well!

ONE OF THOSE memorable trips was recently made by Buster and Marcella Carlile and family, who traveled 2500 miles in one week. First stop was a visit with Marcella's aunt and uncle in St. Louis. While there they visited the 630 foot high Arch, which is a memorial to Thomas Jefferson and the Louisiana Purchase, and visited the zoo.

THE HIGHLIGHT OF the trip was the Micromidget races at Logansport, Indiana. Buster raced someone else's car and placed in two heats. But his luck ran out in the main and he did not place. Better luck next time, Buster!

ON THEIR WAY home they made another trip to St. Louis to see Six Flags Over Mid-America, which, according to Marcella, is similar to Six Flags over Texas. But this was only after they recovered Marcella's purse in the restroom of a service station in Champagne, Ill. The purse contained credit cards, travelers checks and most important, Jerry and Cindy's wedding pictures! And, it wasn't even missed until the family was 15 miles out of town! But when they returned to pick it up, everything was in place — nothing missing! (The first and last time Marcella ever leaves her purse anywhere!)

SO GLAD YOU all are home and had a safe trip and congratulations to you on your son Jerry making the Air Force track team! Jerry, who is in boot camp in San Antonio, recently outran 19 other boys in his combat boots and got on the team!

BOB AND VALERIE McClendon recently returned from a week-long trip in the Rockies, where they saw "oodles" of beautiful country and caught "gobs of trout!" On the trip they took along the four children, Bob's dad, a car, a pickup, and a motorcycle. (Guess they were traveling light!)

THE CHILDREN HAD a ball staying in the cabin on Twin Lakes, and they especially liked reeling in those fish one right after the other! Valerie didn't say if they won or lost, but they did make it to the dog races in Pueblo and horse races in Raton. However, she did say that the McClendon's may be the proud owners of two greyhounds! It seems as though one of the dog owners has some dogs which have served their purpose as far as racing them goes, and that he needs a place to "put them out to pasture!" And, where could he find a more perfect home that at the McClendon's?

HAPPY TO HAVE you all back home again, and I know everyone is looking forward to the club meeting at the McClendon's on the 7th.

IT'S ONE THING to have unexpected afternoon company, but it's quite another to have unexpected overnight guests! And, that's just what Bob and Jo Delle Walker had last Sunday night. One of Jo Delle's closest and oldest friends, Meda Usury, her two sons and their girlfriends from Jackson, Miss., just "popped in" on their way to California. Everything went really smooth aside from the fact that Monday was the first day of school and Jo had three children to get ready! But everyone enjoyed the visit and the surprise!

(PLEASE DON'T READ this: Roberta Carthel is back at work after five days in the hospital and is doing well, but she didn't want me to tell you.)

CONGRATULATIONS TO CHARLIE Hooker who recently won a Midland sideband 2-way radio on a $2.00 raffle ticket. The radio is valued at nearly $400!

WE ARE VERY fortunate to have as our bus driver this year a very conscientious young man by the name of Denny Buck. He is 25 and a student at WTSU; originally from Childress. This is his first time to drive a bus, but he has driven trucks. When asked about his first day on the Palisades run, he commented, "It was different!" (I'll ask him again next week and see what he says!)

DENNY'S SISTER DRIVES a bus on the Palo Duro Highway route and his brother drives on the route south of Canyon.

THE ROAD SITUATION really needs improving, especially the hills, according to Denny. And that, friends, doesn't leave much area that doesn't need improvement! Hopefully we will get some good ole rain soon so the roads can be graded. Not much can be done till then!

HERE ARE SOME comments from Palisades youngsters concerning their first day back in school:

"YUK!" WAS RHONDA Webb's comment. She's an eighth-grader and is dissatisfied with everything except choir and crafts!

CHRISTY FLEMING, A fifth-grader, on the other hand, stated her first day was really quite fun. She was really excited about a recent trip to Colorado (Monument Lake) with Onnie and Estelle Atkerson on which she caught two fish! (Onnie caught only one.)

AT FIRST, FIFTH-grader Michael McGahey thought it was okay. But when he found out why I was asking him, he said, "Really it was kinda lousy."

SEVENTH-GRADER DENNIS Mitchell wasn't very excited about starting junior high. As far as the bus driver was concerned, Dennis said it didn't make any difference to him about bus drivers, just as long as they got him there! All in all, he said his first day was "O.K."

HIS BROTHER TONY, who's in the ninth grade, was very disgruntled with the whole mess. "It was terrible," he said. "I'd just soon stayed home."

KENNY SEITZ, WHO is new to the Canyon Schools, just said, "It was all right."

SHARI BOOTHE IN the seventh grade was really impressed by her new surroundings. She said it was "more exciting," and that "You really have to hurry to get everywhere." But probably the best thing about going to junior high in Shari's books is that she no longer has to switch buses!

DOUG MOORE, A second grader, gave the impression that he was totally uninterested in it all. When asked what he thought about his first day back, he merely said, "I didn't think nothin'!" And, when asked what he did that first day, "Aw nothin'. We just sat around and listened to her." I suppose that means the teacher!

KEEP THOSE CHINS up, kids. If the first day wasn't so good maybe all the rest will be much better. See you next week!

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.
